## NEWS

Nobel Prize For Literature - The 1980 Nobel Prize for literature was awarded Thursday to Czeslaw Milosz, an exile poet, novelist and anti-Soviet dissident from Poland who became an American citizen. The Academy cited Milosz as a writer "who with uncompromising clear-sightedness voices man's exposed condition in a world of severe conflicts."

The death of a man is like the fall of a mighty nation  
That had valiant armies, captains and prophets,  
And wealthy ports and ships over all the seas,  
But now it will not relieve any besieged city,  
It will not enter into any alliance,  
Because its cities are empty, its population dispersed,  
Its land once bringing harvest is overgrown with thistles,  
Its mission forgotten, its language lost,  
The dialect of a village high upon inaccessible mountains.

—Czeslaw Milosz

an ironic commentary  
upon your claims to ownership.

## NEWS

Iraq/Iran - As the Iraqi/Iranian war continues, there has been little independent verification of the conflicting claims of damage inflicted and battles fought.

Both countries report the destruction of oil ports, depots, refineries, storage tanks and railway stations. Iran acknowledges that about 50% of the Abadan oil refinery has been destroyed and will take extensive repairs before can be resumed. Oil shipments from both Iran and Iraq have been suspended.

Jordan, after a pledge of support for Iraq, has gathered its troops along the border the two countries share. The U.S. was joined by the Soviet Union, Britain and India in cautioning Jordan against intervening in the conflict.

The Soviet Union, though insistant of its neutrality in the Persian Gulf war, signed a treaty this week of friendship and cooperation with Syria.

Iran, after accusing the U.S. of provoking the war, is looking for spare parts and other equipment needed for Iran's military which are presently unavailable on the world market.

It is feared that the longer the war continues, the more likely other Arab nations will become involved.

The Gang of Four - The Chinese government has announced that the "Gang of Four" will be tried within the next month for "conspiracy to overthrow the proletarian dictatorship, persecution of cadres, the practice of a fascist dictatorship," and for trying to "engineer a counterrevolutionary armed rebellion."

The "Gang of Four," led by Mao's mistress Jing Qing, initiated the Cultural Revolution in which thousands of scientists, writers and artists were persecuted for "counterrevolutionary" attitudes. The "Gang," sanctioned by Mao, was able to undermine the social and cultural establishment of the country through its "reign of terror."

Arrested after the death of Mao, "The Gang of Four" became the scapegoat of China's internal woes. Fearful that it could have adverse effects on the integrity of both China and its past and present leaders, the trial has been closed on the grounds that the case involves "state secrets."

Toxic Shock - Tampons may lead to toxic shock syndrome by blocking off menstrual flow so effectively they cause toxin-containing blood to be absorbed in the lower abdomen. The disease is marked by abdominal cramps, nausea, diarrhea, fever and rash, though it occurs rarely - about 3 women in 100,000 are effected. It is suggested to avoid use of super-absorbent tampons, and replace tampon frequently.

## ON SEEING ELGIN MARBLES FOR THE FIRST TIME

My spirit is too weak; mortality  
Weighs heavily on me like unwilling sleep,  
And each imagined pinnacle and steep  
Of godlike hardships tells me I must die  
Like a sick eagle looking at the sky.  
Yet 'tis a gentle luxury to weep,  
That I have not the cloudy winds to keep  
Fresh for the opening of morning's eye.  
Such dim-conceived glories of the brain  
Bring round the heart an indescribable feud;  
So do these wonders a most dizzy pain,  
That mingles Grecian grandeur with the rude  
Wasting of old Time — with a billowy main,  
A sun, a shadow of magnitude.

—John Keats

FRESHMEN (cont'd)

How is the commuter students' relationship with the dorm students? They feel that at the moment it is very poor. Jackie Bagosy, the day student rep feels that they should work together soon to build up acquaintances. She wants the day students to contact her at 241-7049 if they have any ideas about how they could go about doing this. She also said that she is willing to help them if they have any complaints. What do you think about the Marian Clinic? "It looks as though we should feel sick at a particular time of day or evening--something has to be done about it." Do you really think the food is that bad in the cafe? "Most of the time, and when it's bad, it is really bad. They should give us a better service. We know of schools that are providing better service with less money than we are paying here."

Friends, it was indeed nice meeting you all and talking to you. Whenever you have a complaint or a praise, please do not hesitate to use the facilities provided by the Carbon. We wish you luck in your endeavours.

---Neel

CYGNET COMMITTEE (cont'd)

And I open my eyes to look around  
And I see a child slain on the ground,  
As a love machine slumbers through desolation rows,  
Ploughing down man, woman, listening to its command.  
But not hearing any more--not hearing any more  
Just the shrieks from the old rich.

And I want to believe  
In the madness that calls 'Now,'  
And I want to believe  
That a light's shining through  
Somehow.

## TAG NOTES

Last Friday night TAG sponsored a coffeehouse in the Perc and the results were very successful. The entertainment was enjoyable, the candlelight atmosphere was relaxed, and the food, thanks to ARA, was delicious.

We wish to thank the members of TAG who worked setting up tables, behind the scenes in the kitchen, and the all-around support in this affair, especially our sponsors Elizabeth and David Edgecombe. We also wish to thank Christy Wesselman, Anne Rody, Gina Langferman, John Hahn, and our special surprise artist Kenneth Mayora for their wonderful entertainment. A very special thanks to Diane and Daryl of ARA for their sincerity and cooperativeness during this project.

We hope all of you who were there enjoyed yourselves and those of you who didn't make it, we hope to see you at the next one, and there will be a next one.

Unfortunately, the rest of the weekend wasn't as successful as the coffeehouse and we had to cancel the Canoe trip. But don't be disheartened, TAG has another plan up its sleeve. A possible skating trip is in the making. Details will be discussed at the special TAG meeting, Monday, October 13th at 4pm in the Marian Hall Auditorium.

Hope to see you there,

CYGNET COMMITTEE

So much is gone and little is new and as the sparrow sings  
Dawn chorus for someone else to hear,  
The thinker sits alone growing older and so bitter.

"I gave Them life, I gave them all. They drained my  
very soul...dry. I crushed my heart to ease Their pains  
No thought for me remains there. Nothing can They spare.  
What of me? Who praised their efforts to be free?  
Words of strength and care and sympathy.  
I opened doors that would have blocked Their way.  
I braved Their cause to guide, for little pay.  
I ravaged at my finance just for Those,  
Those whose claims were steeped in peace, tranquility.  
Those who said a new world, new ways ever free.  
Those whose promises stretched in hope and grace for me."

So much is gone and little is new and as the sunrise stream  
Flickers on me, My friends talk  
Of glory, untold dream, where all is God and God is just a word.

"We had a friend, a talking man who spoke of many powers  
that he had. Not of the best of men, but Ours, we used  
him. We let him use his powers. We let him fill our needs.  
Now we are strong. And the road is coming to an end.  
Now the damned have no time to make amends.  
No purse of token fortune stands in our way.  
The silent guns of love will blast the sky.

We broke the ruptured structures built of age.  
Our weapons were the tongues of crying rage.  
Where money stood we planted seeds of rebirth  
And stabbed the backs of fathers, sons of dirt.

Infiltrated business cesspools, hating through our sleeves,  
Yea, we slit the Catholic throat, stoned the poor on slogans  
such as:

"Wish you Could Hear," "Love Is All We Need",  
'Kick Out The Jams,' 'Kick Out Your Mother,'  
'Cut Up Your Friend,'  
'Screw Up Your Brother Or He'll Get You In the End'.

And we know the flag of Love is from Above.  
And We Can Force You to be Free,  
And We Can Force You to Believe"

And I close my eyes and tighten up my brain,  
For I once read a book in which the lovers were slain,  
For they knew not the words of the Free States' refrain,  
It said:

"I Believe in the Power of Good.  
I believe in the State of Love.  
I will Fight for the Right to be Right.  
I will Kill for the Good of the Fight for the Right to be Right."

PLANNING TO GET MARRIED IN THE NOT - TOO - DISTANT FUTURE?

Then plan to attend a Tobit Weekend for couples. It is a time for you to think seriously about the many aspects of marriage. It is a very different program from the Pre-Cana Conferences for engaged couples. The weekends are held at Alverna Retreat House, Indianapolis, and are open to persons regardless of their religious denomination. The weekend dates are: November 28-30, 1980, January 16-18, 1981, February 13 - 15, 1981, March 13-15, 1981, April 3-5, 1981, May 8-10, 1981, June 12-14, 1981. For information, pick up a flyer from the chapel, or Campus Ministry bulletin boards, or from Fr. Bryan or from Sr. Sue.

BOOSTER OR MARIAN?

While appreciating the toil of the Booster Club members in getting a big event of the nature of Homecoming under way, we would also like to point out the fact the help of the Marian Community should be sought when making some important decisions. We are, of course, pointing to the theme of Homecoming - "Look What You've Done to Me." We find the theme inappropriate and would have favored the idea of nominating two or three songs and put out in the open for selection by the Marian Community through votes. We think there is still enough time to change the theme democratically.

Thank You,  
Neel Emanuel, Pat McIntire, Paul Butz,  
Tuan Kim Phung, Tom Linkmeyer,  
Tim Miller and other concerned students

AN OPEN LETTER TO THE STAFF AND STUDENTS

All of us here at the Blood Center want to congratulate you on the fantastic Blood Drive you had at Marian.  
When I saw the total donations(79) come through I was thrilled, and so appreciative on behalf of patients who will need the blood this month. All of you who participated played a part in setting a record for the number of blood donations at Marian College.  
A special thanks to Lisa Mailoux, the 1980-81 Chairman, for all of her time and effort spent in organizing the Blood Drive. Also to the volunteers who helped Lisa type, and serve in the refreshment area, and in all other phases that are so important in having a successful Blood Drive.  
And to each donor, thank you. Thank you for caring enough to donate one pint of blood so that others may live. Blood Donors are very special people...  
I will look forward to working with you in the Spring.

Most Sincerely,  
Janet Spears  
Field Representative  
Central Indiana Regional Blood Center

## TAKE TIME TO CONSIDER FULL-TIME MINISTRY

Are you still searching for that something more which a dollar sign, success-oriented society can't give? Still looking for a community of people who share your concern for others? Still looking for a career that's more than a job? Then take time to seriously consider whether you are being called by God to a full-time ministry as a sister, brother or priest. Stop in this week to look at the materials in the Ministry Center available on this subject. Ask God to show you the vocation in which you can best serve Him and find your own happiness.

Perhaps you might want to take a closer look at "what it is like to be an Oldenburg Franciscan today." If so, then plan to make a vocation-retreat weekend at Oldenburg, October 31st-November 2nd. Flyers available on Ministry Center bulletin board, or from Sister Sue.

## SCIENCE CAREERS '80

The Purdue School of Science of Indiana University-Purdue University at Indianapolis is sponsoring a Science Careers '80 at the Krannert Science Building, 1125 E. 38th Street on October 16th, from 1:30pm - 4:30pm and 6pm-9pm.

Approximately 60 persons employed in the sciences and related fields will be present to talk with students on an individual basis. Some of the occupations to be represented are: chemist, dentist, physician, field geologist, greenhouse operator, technical writer, teacher, banker, personnel manager, and museum manager.

Marian College students are encouraged to participate in this Science Career Day program. Additional information can be obtained by contacting Mrs. Marian Franckhauser, 923-1321, ext. 311.

\*\*\*\*\*

## ATTENTION RN AND BSN STUDENTS

We are having a meeting which should be of interest to you as a nursing student. The meeting will take place on Tuesday, October 14th, at 5pm in Rm. 207.

We will be passing the by-laws of our association and discussing other areas of interest to you.

The meeting is open to all who are interested.

\*\*\*\*\*

## PACE EXAMINATION DATE SET

Seniors interested in working for the Federal government upon graduation may pick up their PACE test applications at the Placement Office, Rm. 108 in Marian Hall. Applications must be post-marked by October 17th in order to qualify students for the exam to be given some time in November. Over 50% of all government agencies use this examination as one of the criteria for hiring new personnel.

## HOT SHOT CONTEST

Coach Lynn Morrell's "Conducting Intramural Programs" class is sponsoring a Hot Shot Contest. This contest is open to all faculty and staff and any student enrolled in the fall semester at Marian College except the Men's JV and Varsity basketball team.

A "Hot Shot" is a certain place on the basketball court that all contestants must shoot from. Each mark is worth a certain number of points if made. An example is shown below:

All of the X's are Hot Shots. The ones that are of further distance are worth more points than those in close range. Everyone that signs up for the contest will shoot from every Hot Spot on the court. There is no set time limit. All the entrants will be pulled randomly from a hat to pair off contestants. The winner will advance into the next division of brackets, the loser is out of the contest. There is a contest for men and one for women. This is a class project and we need many to sign up to help make it successful. The sign-up sheet is posted on the Intramural bulletin board (across from the cafeteria). The deadline to sign up is Monday, October 22nd. The tourney brackets will also be posted on the Intramural bulletin board. The pair may compete at a convenient time for both of them. The finals will be held at the Naval Armory during half-time at the Nov. 9th (Wednesday) Men's basketball game. There will be a first and second place trophy given to the men's finalists and to the women's finalists.

If you have any questions, you can ask:  
Bob Freese, ext. 319, Margy Sweeney, ext. 470, Bob Osterling, ext. 365, Greg Hortemiller, ext. 359.

Please sign up!!! We need alot of participants!!!

## TOWHOM IT MAY CONCERN...

I would also like to comment on the quality of the food service. I, along with many other fellow students appreciate not only the quality of the food served, but also the quantity and variety.

Sure, we would enjoy steak and lobster daily as evidently some of our student population is used to at home, but I think for a college this is unrealistic.

I eat salad and every time I have gone to the salad bar I have found much more to put on my salad except croutons and spoiled cheese.

I would be the first to admit there are inadequacies with the food service. The food service unfortunately isn't perfect, like us, I guess.

I've found Human hair once in my food too, but this is without a doubt an exception not a rule. Maybe that's because humans, (including students) work in the kitchen.

I believe we ought to commend the food service for their efforts and accomplishments and encourage them to improve (like some of our grades), rather than paint a completely negative, distorted picture of our food service.

Remember--some of the biggest complainers have never missed a meal.

A Full Student

P.S. Just for informational purposes, I do not work with the food service.

## TO THE MASSES:

There has been some previous controversy concerning parking cars and receiving parking tickets. This article depicts another aspect.

For the past three days, there has been a car parked in the drive between Marian Hall and Clare Hall. Now, as I understand it, noone is allowed to park except where yellow lines are present. There are no lines in that drive. My argument is this: Why has't this car been ticketed or towed away? It is not there just one hour, but the full day. I know maintenance passes the car because I have seen them. It is not fair to ticket other abusers of this rule and not one that is present daily. The rules are for everyone.

A non-abuser

DEAR NON-ABUSER,

I apologize if my car has offended you. I personally am quite fond of it, and don't relish the thought of it being ticketed or towed away!

For this reason, I asked both maintenance and security if it was o.k. to park there. Maintenance said it didn't interfere, and security said there was no reason not to!

I have a parking sticker on my car, and it is one of the safest places to park, considering I am a day student who has night classes most of the week.

## THE FRESHMEN OFFICERS...

In an interview for the Carbon, the Freshmen Class officers were eager to share their impressions of Marian College. The officers are: Pres. Jennifer Small, Vice Pres. Janet Padgett, Secretary: Lisa Casteel, Treasurer: Melinda Martin, Student Board Rep: Vickie Dietering, Day Student Rep: Jackie Bagosy.

In discussing the general atmosphere, on campus and the freshmen reaction to it--they feel that the campus is friendly, beautiful, and is its own little world by itself. When asked if they found most of the things they hoped to find in a college, the answers were--"no, not quite". [ They felt that courses were condensed and Marian is pretty much settled on what one should take during each semester. "There is no room to choose freely", and some of them felt that the courses are harder. However, they liked the small class atmosphere and are glad that there is an individual relationship with their professors. How do they like their professors? There were mixed feelings. Some departments they felt had excellent professors who are keen and hard-working. The others, they say, do a poor job. The question whether they all planned on graduating from Marian again brought out different reactions--mainly it depended on their majors. Ed majors felt they were indeed going to graduate from Marian as there is almost 100% placement. Business majors felt somewhat the same. But there were some others who said they are transferring.

How do you feel about the Sophomores? "From the very first day they were nice and helpful to us and we have a very good relationship with them." When asked about the other upperclassmen, they said that they don't even know who they are. How do you like your R.D.'s and R.A.'s? "They are very nice to us and we like them a lot." Do you know who the college administrators are, e.g. the President, the Deans etc.? "No, not very much." Do you think that there should be something organized to meet them? "Well, not necessarily. When we need them we think we can find out from others on campus where and to whom to go."
