"TO BUILD AND NOT DESTROY" M. Bach

NOV. 17, 1961

## REPORT ON THE STUDENT BOARD MEETING ( 11-14-61 )

One of the first things on the agenda was the letter from Fritz Feltman, notifying the Board of his resignation. The President took this opportunity to remind the members of the Board that they are in positions which require a circum-spect degree of legality in all they do.

As the Student Board meets every 2 weeks, this was the first opportunity the members had to discuss the Halloween Party. Most of the meeting was taken up with this discussion. The majority opinion, as far as this editor could gather, was that the Board could not have taken any effective part in the repercussions of the party. As far as the planning or execution of the party went, the Board members fell into a somewhat heated and redundant discussion of their responsibility in this matter. Their failure to take any action beforehand was due, in part, to the precedent set in the years before.

It was brought out that the Student Board holds authority over any function organized by and attended by Marian College Students. This is clearly stated in the Student Association Charter.

The Clare Hall Board Representative clarified the somewhat exaggerated role that any dorm student played in any connection with the party. The Clare Hall Board had met and taken such disciplinary actions as was consistent with their jurisdiction.

Before the meeting closed, money was allocated for the purchase of 2 ping-pong tables and ash trays for the Mixed Lounge.

AMH

## TO THE EDITOR:

Apropos the touching poetic endeavor in the recent issue of the CARBON, I am reminded of the words of another great author--Augustine of Hippo--who said, in another connection but fitting to this one: "...good form, rapid pace, but off the course..."

Cordially,

Rev. Paul A. Dooley  
Office of the Inquisition

## ADDED INCENTIVE GIVEN TO SADIE HAWKINS DANCERS

People attending the Sadie Hawkins Dance tonight from 8:30 till 11:30 will be eligible for prizes! The evening's festivities will induce the judging of corsages with 3 prizes awarded for the three best. Guys, tell your gal to get on the ball, and maybe you'll carry home some of the loot. The prizes are \$5, \$4, and \$2.

## VACANCY FILLED

John Chapman moved from Vice-President to President yesterday at the Junior Class meeting in order to fill the recent vacancy. The office of Vice-President will not be filled, according to parliamentary law. When necessary a committee will be nominated to function in lieu of the Vice-President.

Hurry get your Hungarian partridges now, the hunting season closes soon.

TO THE EDITOR

For a college to be prominent it must have some particular sport or scholastic speciality. Therefore I propose that Marian College become specialized in some department.

Our History Department is taking a lead in Non-Western studies; the Chemistry Dept. has received government grants and an enlargement in research facilities is taking place. In these and other departments Marian could, with time and labor, be the leader in the field.

Sportswise we must face the fact that Marian has a deficiency in its number of male students. Marian must field a team in sports that do not require many men. But Marian needs something eye catching and unusual too --something like a rowing team. All it would take is a boat, eight oars and a megaphone. The team could practice on White River.

Of course, there aren't any other rowing teams in Indiana or even in the Mid-West so Marian could claim the Mid-Western Rowing Title. We could then take on the ivy-league schools of the East as well as Army and Navy. After all, Notre Dame was an unknown backwoods college until they defeated Army! Picture this ---- the entire student body lining the banks and the 30th street bridge as the Marian Knights, with a scize of oars, flashes past the finish line well ahead of a highly touted Navy.

Sharon Sweeney.

Why did Karen Doyle, outstanding Junior on Campus, buy a gross of safty pins ?

THE MOST horrible words the CARBON  
editors can hear, "I have no  
asterisk on my typewriter."

Kathy Simmons

# ATTEMPTED BRIBE

Jerry Zore tried to bribe the CARBON editors into advertizing the Peninsula Program. He paid off, so--  
---- BACK THE PENINSULA PROGRAM !

MAIDS TROUNCE I.C.C.

Superior organization and teamwork was the key factor in the impressive victory scored by the Marian Maids last Monday night over the women of Indian Central College. The scores were so one sided that they don't even merit space in this hallowed news sheet. Congratulations to the Maids and Mrs. Clark, their coach. As we said once before --- It looks like a MARIAN year !

The annual alumni game will be played Sunday, Nov. 19, in the Marian Gym. Admission 25¢. Come for good time, and to see all the old familiar faces.

## MID-TERM PASTIME

A distinguished graduate and friend of the CARBON has offered the following, just in case any of our readers have nothing to do this Mid-Term season. Given the one number it is possible to fill in all the rest.

$$\frac{1}{x^2} = x^{-2}$$

$$\frac{d}{dx} x^{-2} = -2x^{-3}$$

$$= -\frac{2}{x^3}$$

BUY SOME OF THE WORLDS BEST  
CHOCOLATE FROM ANY CSMS MEMBER  
50¢ each, 12 for \$4.50.
