

# THE CARBON

Back-To-School  
Issue

August 28, 1981  
Number 1

School is back in session and the Carbon is preparing for its 81-82 season. The year promises some new activities and some new features. Since we are a young staff, Please be patient while we get into action. The following is an explanation of what the Carbon is, what we expect to accomplish, and our policies.

First, the Carbon is an informal weekly newsletter. It is not to be confused with the official school publication, The Marian Magnet. It is the voice of the students and its main objective is to promote better communication on the Marian campus.

All students are encouraged to contribute to the Carbon. Contributions can take the form of ideas, articles, typing, artistic endeavors, etc.

Second, office hours will be Monday 6-7:30 p.m. and Thursday 3:30-5:00 p.m. However feel free to speak with us anytime during the week.

Third, we have compiled some tentative Carbon policies:

1. All items submitted for publication must include the author's name and telephone No.

The name will either be printed or held confidential only upon specified request.

2. All items are subject to editing unless requested.

A. Editing is meant to include shortening, correcting, grammar, spelling, punctuation, etc.

B. The Carbon editors also will reserve the right to include Editor's notes.

C. Deadlines for submission of articles will be midnight Wednesday!!!!

- 1) Late items will be included pending available space.

- 2) Publication can only be guaranteed when items are submitted directly to the Carbon office or staff.

- 3) Every possible effort will be made to allow space for coverage of important events which take place after the set deadline.

3. Weekly staff meetings will be held in the office Wednesday's at 11:45 a.m.

A. The purpose of the meetings will be to discuss items and ideas for the week's publication.

B. Meetings will be generally open to the student body, but they will only be allowed to make suggestions or voice legitimate complaints.

\*\*\*\*\*"CAMPUS MINISTRY IS FOR YOU AND BY YOU"\*\*\*\*\*

Campus Ministry is NOT a club; it is a service for the TOTAL college community, performed by people like you. It witnesses to the Gospel of Jesus in a variety of ways: promotes a reflection on the religious nature of humankind; provides opportunities for group and private prayer; invites the college community to serve the needs of the wider community. An important aspect of this service is participation in the Saturday night and weekly liturgies by being a reader, Eucharistic Minister, sacristan, singer or musician. You can indicate your willingness to serve the college through Campus Ministry by signing the yellow volunteer paper that will be provided at the All-College Mass on Tuesday, Sept. 1, 11:15, at the Student Activities Fair, or on the radiators in Marian Hall. If you have any questions or suggestions, please bring them to Campus Ministry on the first floor of Clare Hall. -----Sr. Sue, Campus Ministry

.....Yeah!!! BILLY AND BOB!!!.....

I love the changes that have been made in the cafeteria. The cafe has a new atmosphere that is pleasant to eat in; the new meal cards seem very efficient. The food itself LOOKS and TASTES good. The sandwich bar is also a nice addition. I hope to see a food committee formed to further the needs of the students and faculty. If anyone would be interested in being on such a committee, contact me at Ext. 525. -----Jenny Kaiser

..... WHAT'S HAPPENING IN M.A.T.???????.\*\*\*\*\*

The Marian College community, although small in number represents a wide range of personal interests. We, the writers and editors, believe that the CARBON should; therefore, strive to meet these varied interests. Hence, we would like to welcome a new column to be entitled, "What's Happening in M.A.T.?"

The function of M.A.T. is designed in order to inform the Marian student of the cultural aspects fo the Marian College community: Music, Art, and Theatre. M.A.T. will also include cultural information pertaining to the Indianapolis area that may be of interest to the Marian Community. M.A.T, for example, will include information about: who, what, where, and when an event is occuring. We hope this column will satisfy your interest in the fine arts; If any improvements and suggestions can be made to occasionally upgrade this column, let us know! Thank you.
