carbon

From the Editors:

The Handbook politely defines the Carbon as "the informal, student news sheet of the College. Its weekly calendar, letters to the editor, editorial comment and sports news keep ~~Marionettes~~ Marianites (or whatever) informed about campus happenings."

We would like to add that the Carbon can be an effective vehicle for the expression of student views. The most important part of the paper should be your comments, articles, questions and concerns. Therefore, we welcome all written materials--letters, poems, even cartoons--by any student. Material may be given to Pam Murray (White Hall, ext. 380) or Ed McCord (Doyle, rm. 130, ext. 316), or put in the Carbon mailbox in the S.S. office. We also hope to have collection boxes in the Perc and at Clare Hall desk later on.

All material should be in by 6:00 pm Thursday. Material may also be brought up to the Carbon office (2nd floor SAC Building) from 6:00-9:00 pm Thursday night.

We would appreciate help from any (or all) student(s) interested in working on the Carbon
(cont. page 2)

From the Editors (Cont.):

bon any (or all) Thursday night(s). Any (or all) skill(s)--humorist, cartoonist, typist, artist, Perc-runner, good company, etc.--needed. No skill required.

Ed McCord (E.Mc.)
Pam Murray (P.A.M.)

What the Freshmen think - when they do
(from the galloping poll - a bunch of
horse manuever)

What do you like about MC so far ?

- showers
- the guys
- the food
- the golf course
- doing cart wheels on the golf course
- having a gay ol' time
- friendly people

Dislike ?

- johns
- water
- sophmores

What is your impression of MC ?

- not much, sexy, farout, etc.
- its better than H.S.
- something better happen
- I'm scared to death.
- it's that footprint outside the Perc

What do think of our orientation ?

- real joke, exciting, busy, etc.
- nothing else to do
- didn't go
- kept us from getting homesick
- " " out of trouble

(what kind of trouble were you looking for ?)

- wait a minute I have to answer my phone

Dislike ?

- Soph.
- vaseline on the toilet seats (and sliding off)
- no toilet paper
- Jello - unslurpable
- \$2 Beanies
- midnight meetings
- Soph. poor sports

What does MC need ?

- escalators
- air conditioning
- more guys

The question most guys asked was -

- what's studying?

The question most girls asked was -

- where are the guys?

Any general comment to the general community?

- Peace, Love, give it up

Feature Article

We asked a member of the Freshmen Orientation Committee, Miss Faye C. Shuss, to write an article on some aspect of the orientation program. Faye, a semi-regular Carbon contributor, is a Sophmore here at Marian on the pre-Constructive Orthopedic program. The following is her most recent contribution:

Since President Nixon's trip to China., everyone has come to greater understanding of the need for a good Orientation. As an American citizen I am proud to help my class with this undertaking.

Being on the Orientation Committee I was honored to give one of the facilities tours, realizing the importance of knowing where the co-camous bathrooms are. Why, last year I ran to the gas station across the street every morning before I realized there were bathrooms on campus.

I was most impressed, I must say, with the Freshmen guys who were such good sports during the initiation tour of my room. (Incidentally Howie, I found your one sock in my pillowcase--come up and get it anytime.)

As Orientation drew to a close I tried to get some idea of the Freshmen's impression of Marian. I asked how they found Marian--and discovered that the gas station up the street got The usual amount of business this year. Others are still lost.

Faye C. Shuss

**for your info,
Marian has a :**

Union for Black Identity

The Union for Black Identity is an organization especially designed to meet the needs, socially and culturally, of the black students on Marian's campus. It enables the black students to express his identity - that part of his identity which is apart from the Marian Community. U.B.I gives black students the opportunity to discuss their various social and cultural hang-ups and work them out among themselves. Events sponsored by U.B.I. are open to both the Marian and Indianapolis communities. Some of the proposed events of this year are:

- U.B.I. Dance October 14
- Black Homecoming Ball November 18
- Black Culture Week February 4 - 10
- Black Caucus April 14 - 15

The advisor and officers of U.B.I. for this year are:

- Advisor - Sister Francesca
- President - Calvin Mitchell
- Vice-President - Zilpha Pinkney
- Corresponding Secretary - Joyce Brooks
- Recording Secretary - Teresa Ash
- Treasurer - Maxine Ray

Pub Board meeting
Monday, 5:00pm Student Board Rm. anyone interested come

for your information, marian has also:

Marian College
Biology and Conservation Club

Music Club

The Biology and Conservation Club is designed to foster biological interests in students outside the classroom. With a deep concern in our environment, the club also undertakes activities which help maintain our own campus environment. Activities last year included a field trip to Eagle Creek Reservoir, a Paper Recycling Day, and Lake Clean-up projects.

The Music Club was organized and is maintained for those who have an interest in any aspect of music. This may range from performing to merely enjoying, so you need not be a music major to join. The club sponsors and in some instances provides transportation to a variety of activities throughout the school year. Some of these are: coffee houses in the Perc, Clowes Hall concerts and plays at Butler University, and a spring recital which is a part of the Fine Arts Festival. Information concerning an organizational meetings will be posted in Marian Hall and the Music Building within the next few days.

Booster Club

Booster Club promotes school spirit and interest at all Marian College athletic events and gives support and encouragement to worthwhile projects of the College community. It is composed of eight members from each class. Elections are held once a year, in the fall, to elect new freshman members. Students remain active members for four years or until they graduate.

Psych. Club

The purpose of the Psychology Club is to foster an informative and educational atmosphere. The club does not only concern itself with the campus, but also with community as well. The activities to be presented in the coming year will include various panels and discussions, movies, and other educational endeavors. The club would like to extend an invitation to all interested students to take part in the club and its activities. If interested call Pam Murray Ext.380 or Tim Ellinger Ext.537.

Besides organizing bus trips to athletic contests and informing students of the team's schedule, Booster Club also handles organization of Homecoming Week and Field Day. Homecoming will be from November 12th to the 18th and Field Day will be on Wednesday, May 2nd

This year's President is Junior, Jay Farrell.

Home Ec. Club

S.A.C. Facilities Club

The Marian College Home Economic Association provides opportunities for personal development of the members, for services to the school and community, and desire for improving home and family. It also creates interest in the knowledge of careers in the fields of home economics while building professional ties between students and home economists. Club activities include bake sales, local tours, the Indiana Home Economic's Association convention, a spring style show, and various other events. The association meets once a month and any student interested in home economics is eligible for membership. We urge all interested students to attend our first meeting of the fall which will soon be announced.

The purpose of this club is to improve and maintain the condition of the student relaxation areas of the S.A.C. Building and to improve the social atmosphere by sponsoring social activities and programs. Any student of Marian College is eligible for membership. Any new ideas are welcomed. For any further information contact Linda Kolb SAC Ext.259, Linda Kreutzer 291-1169, or Peggy Lauer Ext. 409.

Manasa

Do you want to work with others who are emotionally or mentally unbalanced? Familiarize yourself with the techniques and methods used in this career area? Well, contact or join Manasa, the organization on campus which does this and other volunteer work. All are wanted, welcomed, and needed. Come to a meeting, the next being Wednesday 7:30 p.m. Clare Hall Board Room or contact Merle Tebbe Ext.349 or Jane Bruns Ext.410. Become involved and put some sunshine in another's life.

Rhubarb

13th green by Hamm

Yes, sports fans, the old master returns for another year of adventure in the world of Marian's Intramural sports. We have settled our contract dispute with Ed and Pam and now hope to get down to business. It was obvious that the sports had begun when some knowledgeable freshmen advised me of the whereabouts of the 13th Green. The Sports staff welcomes feature writers and the sound reporting of people like Ed Jerin.

From time to time mention will be made of the Chess match in Washington between those two funsters, Nixon and McGovern. It won't be easy siphoning the facts because McGovern has an uncanny talent for saying the right things the wrong way and Nixon says nothing. So expect just about anything in this column...as you can expect just about anything in this paper...as you can expect just about anything in this school.

Intramural Football

All team lists (10 to 12 members) must be turned in to Kenny Tyrell by Sept. 13.

Hamm

"those who have had a chance for four years and could not produce peace, should not be given another chance."

Richard M. Nixon
Oct. 9, 1968

TURN

Sometime next week, Marian College will initiate its intramural program with the start of the 1972 football season. The male students will don their sports attire to demonstrate their athletic prowess and virility by bumping their heads and breaking bones on the field of honor.

Actually I.M. (intramural) football is composed of several small, personal games-- like trying to slip an illegal blow by the watchful eye of the game official, or trying to avoid somebody's fist which has just slipped by the watchful eye of the game official.

The season may be delayed by action of the Women's Lib, who threaten to take competition organizer Ken Tyrell to court for discrimination against three female defensive ends. But all in all, it looks like a good season. Last year's champs, the Vice Lords, will be without the services of quarterback Dan Brannigan. This has cut into the Lord's chances for a repeat performance. The Wild Bunch, as always, will be competing for the coveted prize. The mammoth freshmen might be able to assemble a team which will surprise the older teams.

What will happen? Who knows? Who cares?

Jed

Carbon

APPLAUDS:

- renovation of Perc
- Orientation Program (especially John VanHoose)
- New Catalogue
- Possibility of a Special Ed. Program
- Senior editors of high school yearbooks (that means you, Mary Elmlinger)
- Having my own bathroom--PB
- No Clare Hall R.D.
- Ron Morgan's moustache
- New salad bowls in Cafeteria
- Seeing everybody again

HISSES:

- Dead flies in smoking room of Caf
- Live flies everywhere
- The bee takeover of the White House bathroom
- Shaving cream
- Mosquitoes in the Carbon office
