Friday has finally rolled around and I am still recovering from King's Island. Susie Lewis brought back a stuffed animal, Tom Knox brought back lots of souvenirs, and all I brought back was an intense stomach ache from cotton candy, french fries, ice cream, pizza, and numerous other sinfully delicious goodies.

After my day of gluttony, once again I have sworn off food. My goal is to be an anorexic case by fall break. Aerobic Dance Class has started and all of us girls at Clare ARE going to get in shape!

Did you ever wonder what MC Students eat? No, I don't mean in the caf, I am talking about real food. This week I walked around the dorms trying to find out just how much junk we really do stuff ourselves with.

My first stop was Doyle Hall and what can I say? Although most of the guys are strictly on liquid diets, I did find a mass of food that Gloria Marshall would turn over in her grave at the sight of.

Walking down 3 East I noticed a strange smell outside of Mike Collins' room. What I observed was $\frac{1}{2}$ jar of Jiff Peanut Butter stuck to the carpeting. Right next to it was a can of jelly. Mike calls it his "Jelly Bar"!! Also in Doyle, I stopped by Bill Federspiel's room. I thought at first that he was a true health food nut because he seemed to be chewing on a pine cone. I was nauseated to discover that it was an ice cream cone left over from freshman year.

Still having hopes in the diets of MC students I scanned around Clare to find out exactly how malnourished the girls are. Jenny Kaiser would not even let me in her refrigerator because she swore things have moved in it and thinks it might be the dusty remains of a 1938 freshman.

Up on the 3rd floor the freshmen each had 48 bags of Oreos, three dozen Hostess Twinkies, and two pounds of M & M's because they haven't learned yet that on their first vacation, not only will they bring home dirty laundry, but also ten extra pounds they didn't know they had.

Suddenly it dawned on me that I didn't know what was in my refrigerator either so I darted to my room to open it and all that I found was a note from my suitemates saying, "Hurry up and finish your column because it's your turn to buy the groceries!!"

I closed the door depressed thinking, "Do we really need to choke ourselves with all of this food?--Should we break our diets?--Is that all we ever think about is FOOD, FOOD, FOOD?????" After thinking a few moments I shook my head in agreement and drove off to Preston-Safeway uttering these words over and over again, "Seriously, tomorrow I'm starting a diet!"

The 1981 Woman's Volleyball season is just around the corner according to Coach Kathy Hennigan. Coach Hennigan is in her 3rd year at the helm and is looking forward to a successful season. The squad is returning four players this season. Included are Julie Vogelwede (team captain), Darlene Moser, Debbie Fischer and Lori McFarland. New faces to look for this season include freshmen:

Jodi Merrill
Janis Blume
Lisa Eglan
Trish Johnson

Stacy Glora
Liz Gilmore
Paula Wessel
Denise Dowler

These eight freshmen round out the twelve member squad who will try to better last year's record of 16-13 and an NAIA playoff berth.

According to Coach Hennigan the women started conditioning the first day of school, and presently are practicing strategies in the gym at 4:00 every evening.

Although the knights, with eight freshmen, seem young and inexperienced the head mentor feels she has better spikers and more depth this season.

You can support the knights Thursday night, September 24th at 6:00 p.m. as they open the season in the Clare Hall Gym versus the talents of Earlham and IUPUI. Admission is free for all M.C. students with an I.D.

QUOTE OF THE WEEK.....

Ashley Montague, the noted author and anthropologist, had the following to say about the continuing debate between those who support the scientific theory of evolution and those who believe in the theologically inspired theory of creationism:

"Science has proof without certainty.

Creationists have certainty without any proof."

MARIAN HOSTS STATEWIDE CONFERENCE.....

On Friday, Sept. 25 and 26 Marian College will host the statewide conference "How to Become a Catholic Even if You Already Are One". It is open to all, and includes a variety of workshops, discussions, activities, and a dance with music by Spectrum-Taylor Band. It is free to Marian students, but all are asked to preregister by signing the green flyers (on the radiators in Marian Hall), and return them to Campus Ministry office. We are still in need of people in both dorms who will host a conference attendee Fri. night, Sept. 25. They will be brought to your room about midnight by an R.A., and leave in the morning so as not to be an inconvenience. If you can be a host, please notify Dan Remley, Deb Bhagwandin or Sr. Sue. We hope to see many of you at the conference, for all or part!

The new Christian Leadership Center is offering a series of 10 video tape discussions sessions on the Gospel of Luke, Tues. Sept. 22- Nov. 14, 9:30 am and repeated 7:30 pm in the Lib. Aud. The presentation is by Rev. Rick Rohr, OFM, well-known teacher and dynamic speaker and head of the New Jerusalem community in Cinti. The sessions, although \$20.00 per person, are free to persons with Marian College I.D.'s.

"OPEN LETTER TO MARIAN COLLEGE COMMUNITY".....

Last year, as I glanced over the CARBON Newsletter, I saw a request for Marian students who would help a foreign student. Since I had no idea what to expect from myself or them, I struggled with the risk and decision of whether to respond or let it pass as I have had to in the past. I am overjoyed to tell you I didn't let this wonderful opportunity go unexperienced.

Since I do not have enough room to share all my experiences with you that I have had with the few foreign students I've come to know, I'd like to say, at least, that they are as warm, sensitive, appreciative, and as interesting as anyone I have ever known. I would also like to thank them for the growth they have allowed me to experience while I believe I was helping them.

I want to share this with everyone because I know there are many foreign students who need and are hoping for the opportunity to share whatever experiences possible with an American student to help them learn to speak English better, and to learn about our culture and people themselves. Their desire to grow has already been expressed by coming here, but they still need others to help them to continue this process.

If you find yourself questioning the risk as I did, I want you to know the extreme value I feel it has been for me after having experienced the pleasure of their friendship. Please respond if you see this request in the CARBON again this year. It's worth the risk.

MANY THANKS TO ALL CAMPUS MINISTRY VOLUNTEERS.....

At the opening of school Mass many of you signed the yellow volunteer sheets indicating the ways in which you were willing to assist the college community. Eighty-five students offered in one way or another to help with the weekend and daily liturgies. This response is great, and we have been arranging the schedules so as to involve all who volunteered. In some areas there were more volunteers than spaces, so we tried to include everyone in at least one area of service, and have a list of "subs", who will be the first to be assigned in the second semester, particularly as readers. Again, thank you for such a great response! We look forward to your involvement in a variety of services at Marian!
