

The CARBON

No. 7

November 20, 1964

And when he fell in whirlwind, he went
down
As when a lordly cedar, green with
boughs,
Goes down with a great shout upon the
hills,
And leaves a lonesome place against the
sky.

Edwin Markham

One year ago Sunday, November 22nd, we endured an experience that each and every one of us thought to be of another era. Where we had an entergetic leader we now have a memory. Where we were complacent in our belief in the infinite flawlessness of our institutions, we are now aware of the possibility of violence and disaster. We should take care to cherish the memory of what this man believed and preserve the lesson of his assassination to guard the American way of life. As likened and subject to fault as it may be it is one of the best systems we can hope to construct. We hope that John F. Kennedy's tragic death will serve to illustrate to us and constantly remind us that government cannot survive without an active and aware citizenry.

M.B.

C.S.M.C.

Three lay volunteers from Extension Volunteers, which staff home missions in the United States, and PAVLA, which staff missions in South America, will be at Marian on Monday, November 23rd.

They will answer questions in front of the auditorium all day and give a lecture at 3:30 in Room 251.

Marian has in the past sent two lay members to their groups. Dorothy Basinski, class of 1962, taught for two years in Chile, South America and Mary Anne Stapleton, class of 1962, taught for one year at Rock Springs, Wyoming. Both of these groups draw the majority of their volunteers from college students and graduates.

PARKING REGULATIONS

Now that the winter air is about us with possibilities of snow, the Parking Committee will enforce two parking rules which have been frequently violated.

- (1) Parking at the Library is allowed only in the lot behind the building. No parking is allowed along the front drive.
- (2) Parking on the South Campus is allowed only in the lot behind the swimming pool.

BUS STOP

There will be a bus to the Wabash game, Dec. 4. The charge is 75¢ and tickets will be sold on a first come first served basis.

Anyone interested may purchase tickets in front of the auditorium Monday November 23, or contact:

Chuck Federle
Jeanne Durrant
Peggy Mader
Pat Harper

COMING EVENTS

- Nov. 20 - Booster Club Mixer
- Nov. 21 - Rose Poly Game; Free Booster Club Mixer
- Nov. 23 - Y.C.S. Coffee Hour
- Nov. 24 - Franklin Game (Here)
- Nov. 25 - Thanksgiving Vacation begins at noon.
- Nov. 27-28 - Earlham Tourney
- Dec. 2 - Hanover Game (there)

CARBON'S SUGGESTIONS TO BE THANKFUL FOR:

- 1) The CARBON
- 2) Peanut Butter on Rye Bread
- 3) Ed Arszman's articles to answer
- 4) Super-Schnelker
- 5) The All-knowing Beard
- 6) The democracy of the Men's Dorm
- 7) Having the Lounge to make love in. (Jim and Janet)

FACULTY SALUTE

The CARBON salutes that cool professor who can send the Freshman girls (and a lot of the others, too) into the throes of ecstatic delight with a single pull of his ear lobe, who appears to be more suave than James Bond, and who talks faster than a speeding teletype—it's Super Teacher. Neat and dapper in his herringbone jackets, no one would suspect that beneath that reserved exterior beats the heart of the best blackboard outliner in collegiate history. "In any case," the CARBON feels that it is its responsibility to reveal the true identity of this bestower of voluminous notes, that admirer of Chiefs Dragging Canoe and Corn Stalk, that debonair man about Billington, We now expose the Man of Steel...he is that personable lover of black spectacles, that agile pounder of the B-ball...William Misenderfretow, or Igots Railroadedintotoodammanycommittee-chairmanships, or Tanks Ahellavalotwalt. (Name available upon request)

PUBLICATION BOARD

The first meeting of the Publication Board was held Nov. 9. Mr. Doherty, the faculty representative was chosen chairman.

It was decided that press cards will be under the control of the faculty advisors and editors of the publications and that they will be given to the members of the working press.

A committee was appointed to draw up a set of regulations or statement of purpose to aid future boards.

Future meetings will be held at the discretion of the chairman.

It was decided that it would be a great service to the editors if they could have a key to the publications building. The recommendation was approved and the keys are now available.

Joan Fitzpatrick-Sec.

STUDENT BOARD HIGHLIGHTS

The date for the annual Student Board sponsored Christmas party has been set for Monday night, Dec. 14. The senior class will be in charge of refreshments, the juniors—decorations, the sophomores—entertainment, and the freshmen—clean up

NSA—Andy Wagner presents the board members with mimeographed copies of an outline of the National Student Association whose points the board will discuss at the next meeting and prepare steps for affiliation with this organization.

A new television set will be purchased by the board for the mixed lounge. A 23" Zenith has been decided upon and should appear in the lounge next week.

John Sweary appealed to the board for funds for the recently organized Drum & Bugle Corps. As this group will serve to spread Marian's name and should be a valuable asset to our growth, the board allotted to them \$500 and a provision for a loan for any amount above this sum.

The Board decided that it would be worthwhile to retain a Day Student Representative. To alleviate the presently confused situation the Board will deal with the matter of the nominations and election of a Day Student Representative in a closed meeting next Monday. Anyone wishing to be considered for this position should contact a Board member. The slate will be presented in an all school election in the near future. Candidates must have been a day student and a full-time Marian student for at least one semester.

Nancy Carrier
Student Board Sec.

A BIG BAD BILLIOUS BULBOUS BOMBASTIC
BARBARIC BANNER-BEARING BOLD BOYANT
BOISTROUS BELL-BONGING BOUNCING
BOPPING BEATLE BOOSTER BLAST.

Marian College will be the focal point of local entertainment "hot spots" Friday night when the Crests, along with Britain's own Jeremy and Dave, will provide the music for a Booster Club mixer. 50¢ will get you past the guard at the door for 3 hours of entertainment from 8 to 11. Come and join the fun—get in the spirit for Saturday night when the B-ball boys rout the "fellas" from Rose Poly.

BASKETBALL 65-66

The possibility of "Hoosah" Hysteria taking over the Marian campus is evermore evident with the coming of the intermural basketball season. The Director of Intermural Athletics has set the deadline for handing in team rosters at Monday November 23. A team captain must be indicated at that time. Alas, the Jockeys reign of terror has come to an end.

C.W.

We have nothing to type in this space; therefore, we will leave it blank.

Personalize your CARBON: sign your name here:

DEMOCRACY?

With the election of new dorm representatives a new era of democratic action has taken over the South Campus edifice. At the first meeting this new example of taxation without representation passed a statute stating that a scholarly dorm resident who received two warnings for a untidy room got an automatic weekend campus or in other words, lives in hell for two nights straight. All this was passed without knowledge or consent of the residents.

Ironic as it may seem, a student receiving two disciplinary warnings receives only a one night campus. This is obviously out of proportion. The CARBON asks, how long will the men of the dorm stand for this democratic dictatorship?

BUM AND DRUGLE CORPS

Saturday, Dec. 5, will be tryout day for the Drum and Bugle Corps Color Guard. Sixteen tantalizing, vivacious cuties will be selected from the girls who are interested in marching, dancing, or baton twirling. Whether you signed up or not is of no great concern—just be there ready to work.

NOTICE:

This Drum and Bugle Corps which was merely a good suggestion a few months ago is now an established organization. As such, the Corps will provide terrific publicity for Marian. But the Corps needs funds for uniforms and supplies.

The CARBON suggests that every class and club donate what they can to help this pioneer group reach their \$1500 goal. The Student Board has allotted them a starting allowance, but more funds are necessary for the proper equipment.

Let's get behind the gang. They've been working hard for the college. Let's let them know that we appreciate it.

CLOTHING DRIVE

The C.S.M.C. is conducting a Thanksgiving Clothing Drive for a needy family in Kentucky through Wednesday, November 25. This drive provides a perfect opportunity for those successful dieters who have been unable to convince parents of their utter lack of a wardrobe. Then, too, look ahead. The styles you're wearing today will be on the way out tomorrow.

Any size of clothing—men's, women's, and children's—may be deposited in the Italian plaid boxes found in the Women's and Mixed Lounges, and the Clare Hall stairwells. Skirts, sweaters, dresses, trousers, shirts, mink coats, towels, blankets, jackets—you have it, the people can use it.

YCS COFFEE HOUR

The Conservative Curia said "Wait," but the liberal-minded Council said, "NOW" Sunday, Nov. 29 we will see the effects of liturgical revisions which have come from Vatican III.

In order to familiarize Marian students with these changes, the Y.C.S. is sponsoring a Coffee Hour and Hymn-enanny Monday evening at 7:30 in the Men's lounge. Father Bernard Head will present a popular explanation of the "new look", and the Marian Minstrels will introduce some of the updated liturgical hymns.

Coffee—Education—Music: all three are free! Y'all come!!!!!!

JOCKEYS POLISH NEW PLAYS FOR SUNDAY'S ALL STAR-GAME!!

Congratulations to the Jockey's for winning the intramural football league. for the second year running. They have concented to take on an All-Star team composed of players from the seven other teams in the league.

Last year the All-Star team won in the final two seconds of play by a score of 20 to 19. This year's fame proves to be just as thrilling. Don't miss the 2nd annual All-Star Game.

F.C.

CHEAT HELPS

The CARBON announces a Sample-Test Question Survey. In the next few weeks we will publish sample questions from typical tests that have been given on campus so that the students will know what to expect on finals:

STATISTICS:

If x is a plum salesman who sells apples on Tuesday what is the probability that there is an egg salesman in Moscow who is a full blooded Navajo? Given that there is a kangaroo trainer in Ireland who is a direct desendent of Queen Nefertite if the historical records about said queen are correct to the twelfth decimal place and if the probability that it will rain on the third Wednesday in April in 1968 is .0062.

(Show your work.)

If anyone is having a hardtime earning tnough money to pay their tuition or buy beer, the CARBON has the answer. After extensive research we have compiled 5 foolproof, guaranteed ways to make money.

1. Wash cars.
2. Set pins in a bowling alley.
3. Become pool sharks in the men's dorm.
4. Numbers racket—write to Tuffy Mitchel for information.
5. Print copies of "john wall" and sell them in the Perc.
