Baseball Season Is Here!

FROM THE EDITOR'S DESK-----

Along with the other CARBON changes being made this year, we are also having a return of the famed APPLAUDS and hisses. For you naive readers... these are short one-liners to applaud and hiss Marian happenings. Any Marian person can submit them by slipping a note under the door of the CARBON office. We will print as many as space will allow, but please keep them clean and harmless. Also...your name must be signed (name will not be printed). This can be a fun thing if it doesn't go to extremes. So... start slipping them in, folks!

SPORTS HUDDLE WITH JEFF HOOD-----

...And this will be the headline all of you diehards will look for to keep up on collegiate sports on campus. This particular area was given to me by the CARBON staff and I pledged to write sporting news. The column, in addition to supplying results of basketball and baseball action, will from time to time carry an interview or two, an outlook on the present intramural program and maybe some box scores at other colleges and at the professional level. Things to look for next week: An interview with Mr. Henderson concerning our intramural program this fall and a "race for the pennant" review.

HEALTH CLINIC HOURS AND SERVICES-----

A completed Marian College Health Record form is required of all students for treatment in the Health Clinic. Health Record forms are available at the Student Services Office, 1st floor, Marian Hall.

The Health Clinic is located on the ground floor, west wing of Clare Hall. The services of a registered nurse are available without cost to all students, faculty, and staff, Monday through Friday (except vacations) at the time indicated below. The nurse cares for minor ailments, dispenses non-prescription medication and refers students for further care.

Students may use any physician of their choice. In the event a student does not have a physician, the student may consult with the College Physician. His services are available on a "fee for service" basis, usually at a reduced rate. His office and telephone number are: Dr. Ronald L. Gemma, 3843 N. Moller Rd., 298-3040.

Hours: Monday - Friday, 1:00 PM - 3:00 PM, Joanna Elmore, RN.

If an emergency occurs during clinic hours, call the College Nurse, Ext. 552. The nurse will assume responsibility for notifying a physician, if necessary.

If an emergency occurs during the normal work day (8:00 AM - 4:30 PM), but during non-clinic hours, call the Student Services Office, Ext. 250.

If a medical emergency occurs beyond normal work hours and before 12:00 midnight contact the Marian College Switchboard Operator (Dial "0" from on campus) describe the nature of problem and the type of assistance you need.

Don't forget that discount tickets to any General Theater cinema can be purchased from members of the Student Board. The tickets cost \$2.50 each, and you may purchase any number for the use of Marian students.

PLANNING TO GET MARRIED IN THE NOT-TOO-DISTANT FUTURE?

Then plan to attend a Tobit Weekend for couples. It is a time to think seriously about the many aspects of marriage. It is very different from the Pre-Cana Conferences. The weekends are held at Alverna Retreat House, Indy, and are open to persons regardless of their religious denomination. There is limited space, so make your reservations now 257-7338, or get a flyer from the chapel or campus ministry boards. Dates are Sept. 18-20, Oct. 16-18, Nov. 27-29.

We would like to thank the SPECTRUM TAYLOR BAND for an excellent night of music last Friday. Super job! We also want to thank those who attended the dance. You who didn't come do not know what you missed. -----Doyle Hall Council

CAPSTONE FUND DRIVE KICKOFF-----

Did you wonder about the big tents over at Allison Mansion last night? Well, the CARBON scoop reporters got right on it so we could get the fresh facts to your doorstep today.

It was a social to kick off the fund drive for Marian's new Student Activities Center. Over 300 Marian alumni, faculty, staff, and students were in attendance. They ~~were~~ shown a filmstrip and slides about the college and the new facility. They expect to ~~break~~ ground for the center sometime in Spring of '82.

ARA Food Service catered the affair serving various meats, fruits, and vegetable trays. They provided the food at their cost, as a donation to the college.

All in all, a fun and prosperous evening for the college and guests.

Some people's idea of keeping a secret is lowering their voices when they tell it.

DAYS OF OUR KNIGHT LIFE-----

It's great to be back at Marian College. One of the nicest surprises were the new ARA managers, Bob and Bill. They are doing a great job with the food and even had the ID's computerized. At first I thought ARA had a computer dating service, but when my card came out FAIL, I realized that it was a preview of my grades!!

As I scanned around the campus this week I walked past the new residence, the White House. I expected to see Ronny and Nancy Reagan, but when I peeped into the windows, I saw a live-in man named Toby--tell me Nancy, Geez, Pam, Kim, Bates and Saam--do you share???

I think Kash and Shadow and the gang enjoy the annex because Kash celebrated her legal Birthday so much that she will probably have a 21 year hangover!!

Personally, I like living in the dorm because Carol and I suite with Brenda and Bobbie and it's always interesting to see four girls crowd into one bathroom fighting for mirror space, as well as the most important facility in the bathroom!! The guys at Doyle never have to fight over the bathroom--they just don't take showers! However, the new crop of guys is gorgeous according to some of the senior girls who "looked into" Doyle late one night.

Meanwhile, back at 3-West, Darlene, DeeAnn, Susan, Patty, and the hoggies have been trying to adjust to Humanities by thinking about EARLY TIMES of the world.--I really shouldn't talk about liquor because some of my good friends are RAs and most of all because I live next door to Bonnie and I don't want her to think we have anything but Tab in our fridge--we really don't!! (DARN)

Speaking of girls--(Were we???), all of you guys should check out the volleyball team who jogs every day. It's about time for basketball training too, so I will have to dust my binoculars!!

This weekend is Labor Day, so everyone will have three days to rest for class. Have a good break, and let me know what exciting things you do on your too-short vacation! See you right here next week on "DAYS OF OUR KNIGHT LIFE."
