

# Marian College

(Saluting The Four Art Seniors)

Volume 37 Number 22 Marian College, Indianapolis, Indiana

April 17, 1973

# Phoenix

Catherine Pendley

Mary Spragg

Gardenia Rush

Mark O'Connor

The 1973 Marian College Students Exhibit will be held from April 29 thru May 13 in the Allison Mansion. The art exhibit is a requirement for graduating seniors in the field of art. The four students whose work will be shown at the exhibit are Catherine Pendley, Mary Spragg, Gardenia Rush, and Mark O'Connor.

The show will begin with a reception on Sunday, April 29 from 2:00 to 5:00 p.m. It will be open for public viewing at this time on Sunday and on each successive day through May 13. The Students Exhibit will include art work done by the students during their four year stay here at Marian. It will include works in such media as water color, oil painting, sculpture, ceramics, pastels, drawings, print making and also the crafts.

## Summer job vacancies

### TOUR ASSISTANT

Pay: \$185 per tour (average length 8 days) plus: free food, free lodging, free jet fare and travel fare. Place: Hawaiian Islands and Grand Canyon. Students will be hired as Tour Assistants. They will perform a number of functions in administration, planning, passenger assistance, and leisure activities.

Qualifications: Must be at least 16 years of age by July 30, 1973, good health, average intelligence, pleasant personality, parent permission for 16 and 17 year olds.

For both young men and young women, hair can be any

### Indian Concert dated April 28th

The Indian Association of Indianapolis is sponsoring an Indian Music Concert here on April 28th. The program will feature classical Indian music.

There will be at least two Indian musicians who will play the traditional Indian instruments, the sitar and Indian drums.

Mrs. A. R. Toalt is organizing the concert. Although the program is basically for the members of the Indian Association, all interested persons are cordially invited to attend. It will be held in the Library auditorium at 7:00 p.m. Admission is \$2.00 for members and \$2.50 for non-members.

length. Emergency medical care will be provided if needed while in their employ. Application should be made as soon as possible. If two or more students desire to spend the summer working together, they will do their best to schedule this when informed. IT IS NOT NECESSARY THAT YOU WORK THE ENTIRE SUMMER, i.e., it is

perfectly alright to work part of the summer and then fulfill other personal plans such as summer school, traveling, etc.

### LIVE-IN COLLEGE STUDENT

A family is interested in either a young lady to help with household duties, or a young man who would be interested in yard work. They would provide room and

board in exchange for their services.

There are four children ranging in age from seven years to twelve years. They are, of course, beyond the point of needing constant care; but do need some supervision during the day. They can be flexible in their requirements.

The room that they have available is private with its own bath and there is space in the garage for another car. They would be happy to provide a number of references if needed.

For further information on the above positions, contact John Van Hoose in the Placement Office (Office of Student Services) or call Ext. 262.

## Sr. Marie receives award

At the state convention of the Indiana Federation of Students of German on March 31 at IU, Bloomington, Sister Marie Pierre was honored by the President of the Federal Republic of Germany. Dr. Gustave Heinemann awarded her a citation and the Cross of Merit, First Class, for her work with students of German language and literature.

The citation was made possible through the West German ambassador in Washington, D.C. It was presented by the Consul General of West Germany, Dr. Werner Montag, from Detroit, Michigan.

Sr. Marie Pierre

## Tea ceremony scheduled

An exhibit of the traditional Japanese tea ceremony is scheduled for Sunday, April 29. The ceremony will be held twice, once at 2:30 and again at 3:15 in the afternoon in the Tea House in the Japanese gardens.

There will be five Japanese women presenting the ceremony. The hostess will be Mrs. Etsuko Oba. Her assistant Miss Chieko Tshii will give a background of the ceremony and will explain

the significance of the different parts of the ceremony as they take place.

There will be three guests present at the ceremony. Mrs. Hideko Dale is to make the flower arrangement which will be used at the ceremony. The others are Mrs. Fusako Penner and Mrs. Keiko Sugawa.

The ceremony is in part a demonstration for the Asian Civilization class who is studying the era in Japan in which the ceremony originated. It is open to all students who are interested.

## Picnic set

The Student Food Service Committee met on Tuesday, April 10 to discuss various items concerning the Saga Food Service.

Upcoming events were the major item of discussion with the April 17 picnic dinner being the first item. Weather permitting there will be an outdoors dinner on the "Drum and Bugle Parade Grounds" in front of the sisters' convent. If the weather does not permit a picnic, Tuesday night's dinner will be converted into a "shakeless" Drive-In night, and

con't. to page 2

## IHEA met

The Indiana Home Economics Association held its annual convention this past weekend at Indiana State University in Terre Haute. Sr. Miriam Clare, Cathy Curran, Pat Shrum, and Colette Stark were the delegates from Marian.

Friday's activities included a breakfast, state officers meeting, luncheon and initiation of new state officers.

Saturday was a day filled with speakers. Cathy Curran, president of the Marian College Home Economics Club, is presently an officer of IHEA.

## Chemical Society attend meeting

by Tom McIlwee

This past weekend several members of the Chemistry Club attended a regional meeting of the American Chemical Society-Student Affiliates at Wayne State University in Detroit, Michigan.

The weekend festivities included a tour of Standard Rubber Products, Inc. on Friday afternoon. Dr. Paul Paulus, who lead the tour, explained and showed how new automotive ideas in rubber and plastic move from design tables to fabrication. Saturday was spent in a series of lectures given by undergraduate students of neighboring universities who spoke on chemistry-related topics. The meeting closed with a banquet at the Detroit Hilton.

The following members represented Marian at the regional meeting: Sr. Mary Rose, Dr. Louis Sharp, Tom McIlwee, Linda Kreutzer, Vicki Jarret, Charles Peters and Joseph Rea.

Expenses of the trip were greatly reduced through the hospitality of the Lee Walker family in Detroit. Mr. Walker is a 1963 Chemistry graduate of Marian.

# Celebrate life

The new look in college scheduling of classes all but eliminates the annual spring pilgrimage to Fort Lauderdale--or wherever it is now that students go to celebrate the sun and life. But the urge to celebrate is deeply imbedded in our being, so it won't be surprising if students further modify class schedules--unofficially, as it were--so that Easter or Passover can be celebrated. Spring is a time to celebrate.

Anthropologists tell us that from time unknown there have been the rites of spring. All of nature cries out for celebration and joy. Winter--yes, even in Indiana--reminds us of death and stagnation, the tedium of classes and quizzes and term papers.

Then the magnolias burst into life, tiny spring flowers timidly push their blossoms through the earth and smile at us, and suddenly most of us find it difficult to concentrate with enthusiasm on conjugations or Hindu gods or logarithms or Napoleonic wars.

So, why fight it!!

We have a lot to celebrate--Jesus rose from the dead. Maybe too much of our life has

expressed the winter chill of sin and selfishness and egoism. Perhaps, we have even succumbed to the temptation of thinking and feeling that dull, tedious, secure routine is what life is all about. Hiding out in the womb does have a strange and compelling fascination.

But then, Easter denies all this. Jesus came back to life--thus giving the lie to believing that dullness or routine or security is the meaning of life.

So, we have been selfish--there is another option, you know. So, our hopes and aspirations and longings have been smashed--but hope rose again with Jesus. So, we've played it cool, refused to get involved, been emotionally anti-septic in our relations with others, avoided getting hurt, been a real neat playboy (or Play-girl)--Jesus's death and resurrection tell us there is a better way to become a whole, loving, caring, involved human being. But it will entail risk and hurt--yes, and even happiness.

So celebrate! Choose life and love and risk and hurt. Jesus did, and look where it got him!

Father Paul Dooley  
Theology Staff

## POLLUTION THREATENS PARTHENON

Air pollution, an ailment of modern environment, is eating away at the 2,400-year-old Parthenon, the most revered monument on the Acropolis.

Today's traffic and factory fumes are pitting yesterday's marble. Iron bars--used in restoration, but which themselves damaged the structure--are rusting. In short, the Parthenon, a monument to the gods of ancient Greece, is falling apart.

"When I was director of the Acropolis, I used to collect three large buckets of fragments a year which had fallen, mostly from the Parthenon. Now it is far worse," archaeologist Yannis Miliadis said. The 77-year-old director of the Acropolis said the problem has reached the proportions of a "catastrophe." The marble is suffering from sulphurism, caused by the sulphur in the air from industrial plants near the sacred rock, and from traffic exhaust fumes, as well as the corrosion of iron bars used by past restorers to connect columns and other marble parts.

Professor Spyros Marinatos, the 70-year-old head of the Greek Archaeological Service and responsible for the preservation of ancient monuments, said the rescue of the Acropolis required "contributions from all who have ideas for solution of the problems it is facing. I search for a solution even with the eyes of my heart. Without love and responsibility, the problems will lead to disaster," Marinatos said.

The Acropolis as a whole is not threatened. But the surface of the monuments is wearing off. The Parthenon is suffering more than other monuments because of the poor quality of its marble.

Marinatos said the peeling surface of the Parthenon had already caused the destruction of priceless masterpieces. "Part of the frieze which had been effaced through peeling portrayed a man leading a wild horse. Many archaeologists believe that sculptor Pheidias, who decorated the temple, portrayed himself in that man. But the face now is gone," Miliadis said.

## the calendar

TUESDAY, April 17

## Clare & Tom assume top post

by Agnes Bacala

If you've been following the *Phoenix's* masthead you may have noticed that the new editors—Clare Stickman and Tom Kasper—quietly took over last week.

Selected by the Publications Board several weeks ago, Clare and Tom will be co-editing the *Phoenix* for the rest of this year and all next year.

Clare, presently a sophomore, is a native of Indianapolis, where she attended Our Lady of Grace Academy in Beech Grove. She is a Home Ec major working on a Business Administration minor and plans to go into retail.

The fourth in a family of five girls and one boy, Clare was, believe it or not, named after Clare Hall—the women's residence on campus—by her mother who graduated from Marian.

Her interest in journalism goes back to her high school days when she co-edited the school

paper "the Mantle." She was a writer for the *Phoenix* as a freshman and worked with composition all year. She has also served as vice-president of the Marian College Home Ec Association and was a member of Booster Club. Clare is looking forward to a 3-week European vacation in late summer before resuming her post as co-editor.

Serving on the same co-ed volleyball team "The Ballers" with Clare is co-editor, Tom Kasper. Tom attended Horace Mann High School in Gary, Indiana. A Freshman, Tom is considering psychology for his major.

After high school Tom was an apprentice carpenter for a year. During his lunch hours, Tom perfected the process of wooden-sandal making.

A mainstay in the *Phoenix's* composition all year, Tom has

become a headline expert. Interested in photography, Tom has also "helped" Jon Randall in the dark room.

Aside from his work with the *Phoenix* Tom sits in on the Conduct Review Board.

## Class officers elected

Class officer elections were held last week for next year's senior and junior classes.

The senior class officers are Tom McIlwee, president; Barb Moll, vice-president; Agnes Bacala, secretary; Dave Jongleux, treasurer; Terriann Schiering, Student Board representative; Jon Randall, day student representative.

The junior class officers are: Rita Kirchgassner, president; Kathy Harbor, vice-president; Margie Bauer, secretary; Jerry Herbe, treasurer; Mark Mauer, Student Board representative; and Dana Howard, day student representative.

The freshman class will be electing sophomore class officers all day tomorrow in front of the Marian Hall auditorium.

The candidates are: for president: Jon Driscoll and Lynn Shewmaker; vice-president: Chris McCormick, Sue Sheridan, Janice Dwire, secretary: Becky Kohrman and Donna Bruns; treasurer: Collette Starks and Lucy Pritz; day student representative: Elaine Watson; Student Board representative: Patti Pacquin and Bill Platt.

## Prom draws near

This year's prom, "Pieces of April," will be held on Saturday, April 28.

The formal affair will be at the grand ballroom of the Columbia Club from 9:00 p.m. to 12 midnight. "Whiskey Train" will provide the music. The bar will be open to those 21 and older. Proper identification is necessary.

The prom queen candidates are: Ruth Mauer, Mary Sears, Susie Schnepf, Barb Forman,

## Linksmen win

On Tuesday, April 3, the Marian College Linksmen, under veteran head coach, Roy Pille, went to the links with their linksticks and pounded sister school Marion, 386-407.

Despite the chilly and wet afternoon, Junior Tom "Mouse" Ewald, claimed medalist honors firing a two over par 73.

## - lose later

On Thursday, April 12, the Marian College golf team, under veteran head coach, Roy Pille, lost its first golf match of the current campaign bowing to Fort Benjamin Harrison, 392-397.

Both Joe "Kuz" Kuznitz and Steve "Hamm" Hammerle, claimed medalist honors for Marian by firing identical 77's on the par 70 layout.

Marigrace Platt, and Terriann Schiering. The queen will be selected by voting which will be done as the couples arrive.

Tickets are \$5.00 a couple. Seniors received their free tickets in the invitations which were sent last week.

con't. from page 1

the picnic will be rescheduled for Monday, April 23. A picnic is also scheduled for the Doyle Hall pool party on May 4.

Concerning Easter break: resident students remaining at Marian College must contact Ron as of Thursday, April 19, lunch. The last meal included in room and board fees is Thursday lunch; from Thursday dinner until the following Sunday lunch, cash is required. Ron has established cut-rate prices, which will allow the students to eat cheaply, but at the same time to meet their daily nutritional requirements. Special low-cut rates are:

Breakfast: \$.50.  
Lunch: \$.80.  
Dinner: \$1.00.

Please see Ron and sign a list if you intend to stay. There are possibilities that Ron will provide a meal if time is given in the area of jobs.

During exam week the "cafe" will be open again from 9:00-11:00 p.m. beginning on Sunday the sixth through Wednesday, May 8.

In the complaint department, English muffins were promised for Tuesday and cantaloupes are coming soon. Ron has also promised, Schroth, that the pizza will have more sauce.

This is part of Thursday nights entertainment which helped to raise six-hundred and twenty dollars for the Kenny Rogers Memorial Scholarship Fund.

## For Sale-CHEAP

The Darkroom is presently upgrading its equipment. The following is to be sold, the profits going towards the purchase of new equipment:

**Honeywell Pentax Spotmatic**, w/50 mm f/1.4 Super Takumar lens. This camera has been knocked around, the lens is bent, BUT it still takes pictures—and very good ones. (Just proves the quality of a Pentax) A leather case is included. Total price—\$25.00.

**Honeywell Strobolar Model 800** w/AC adapter. This unit is in need of repair work. A leather battery case is included. Total price—\$15.00.

**Rolliecord**. An excellent camera, though the shutter needs to be repaired. Total price(no case)—\$15.00.

For information concerning any of the above mentioned equipment, contact Jon Randall (293-0622). If not at home, please leave name and number.

# Co - Ed Intermural Volleyball enters 2nd week

Steve Hammerle of Hamm's Six Pack smashes one over the net as they defeat the Six Pack.

Mixed Volleyball competition is well underway for another season of exciting encounters between the ten teams in each league.

In League A action last Monday night, Subject to Change displayed their undefeated skills and defeated Ba-Mo-Fu, and the Hard Luck Gimps found luck in

## BB now 5-4

After splitting a pair of week-doubleheaders and finding their record standing at a deceptive 5-4, Marian's baseball playing Knights will burst into action this week by playing every day.

Due to circumstances beyond our control, it was impossible to receive a full rundown on the events in last weeks games. They will be covered in detail in next week's Phoenix.

defeated Ebony, and Subject to Change kept rolling along, this time over the Ballers. Pudge forfeited to Net Result, the Hard Luck Gimps made it a perfect week, winning over the Moppet Squad, and Ba-Mo-Fu won over Play on Time.

The Faculty saddened the Jolly Volley Ballers, Meep Meep and the Road Runners had the stuff to defeat the Six Pack, and the Good, the Bad, and the Hobbit surpassed the Utopians. In the final games, the Jocks and the Jockettes drained Hamm's Six Pack, while the Spikers used their power to overcome Better Than Nothing.

overturning Net Results. The Moppet Squad outlasted the Ballers, the Net Profits gained a win through Pudge's forfeit, and Ebony were the victors over Play on Time.

In League B, Meep Meep and the Road Runners proved more stable than Hamm's Six Pack, Better Than Nothing trounced the Six Pack, and the Good, the Bad, and the Hobbit outmanned the Jocks and Jockettes. In the final bouts, the Jolly Volley Ballers netted the Utopians, and the Faculty outslammed the Spikers.

Wednesday night's meetings saw the Net Profits surprisingly

## Racqueteers split pair

After taking their first victory in 2 years, the Blue and Gold Knights were shot down by the Grizzlies of Franklin 9-0. It was an all around bad day for the Cold Spring Road Based Club.

After our number one man got beat, the rest of the team fell like dominos to the Franklin Raketeers. Fine play was displayed from the co-captains Mike

Bazely and Dan Kernan, but victory was never to be. Cheerleading by Mark "Scrud" Fischer and Brent Inman just couldn't lift the netmen to victories. The Knights feel this was the one block in their road for an undefeated season. Late breaking news: Mark Fisher has sold his racket to Kyle Donavon for \$5.00 and hopes this will lead to a starting position as water boy.

Leon Enneking gives his best effort in Sundays game; but failed to connect.

## HOW ARE THINGS AT HOME?

Long distance still is the next best thing to being there. And you can save money by calling nights or weekends.
