## JUDICIAL COMMITTEE EXAMINES POLICY CHANGES

During a recent organizational meeting of the Judicial Panel Committee, it was emphasized that Judicial Panel hearings are open hearings and suggested that decisions of the panel be made public.

The suggestion was made by Father Leopold, who feels that many of Marian students are intimidated by the panel and that by posting the findings students would see "acquittal is legally as possible a conclusion as conviction."

"If our judicial proceedings are to be an educational process rather than punitive, then they should be out in the open; because educational processes should be open," stated Fr. Leopold.

Lawyers consulted by the chairman of the Judicial Panel recommended against official publication of the committee's decision's. Therefore, the suggestion will not be implemented.

Fr. Leopold's reaction: "It makes me angry that we live in fear of legal repercussions."

Judicial Panel Hearings are held on Tuesdays at 3:30 p.m. if there is a case to be heard. The meetings are open to the public unless the defendant requests that they be closed.

The function of the panel is to see that justice is accomplished on campus. Therefore, the question as to whether the college has the moral and/or legal right to publish findings has arisen.

According to the Buckley Amendment (the Privacy Act) an institution such as Marian College can not legally publish private information about individuals.

# MARTIAN GET PHYSICAL

by, Jac & Mac

Hello sports fans! It's been a quiet week in Intramurals, but the excitement will flow once again Sunday, when Men's Flag Football kicks-off it's season and celebrates the death of summer, (all in fun of course). Yes, everyone is BPEAKING into the action! Oh, and girls, sign-up now for Powder Puff Football while you still can. (ed. note- Myself and my co-editor sadly have been forced to hang-up our cleats this year due to our overwhelming athletic ability and all of the law suits from years past.) Nevertheless, get out, get dirty, and breathe the fresh fall air!

The Annual Alumni Phonathon is underway! This is the biggest, single fundraising event of the year.

Traditionally Marian graduates have been loyal supporters and have generously responded to our telephone appeal.

Now, we need 300 volunteers to contact more than 4,000 alumni during the month-long Phonathon.

You may not realize it, but as a student at Marian, you have a vested interest in the donations from alumni and friends of the College. Alumni contribute to the pool that provides scholarship and work/study money each year.

Even if you are not receiving financial aid from the College, part of the cost of your education is being offset. Tuition and fees cover less than half of the actual educational cost and the balance comes from other sources.

The Phonathon is an opportunity for every student to take an active role in keeping tuition costs from skyrocketing.

Student groups will be competing with local alumni to secure the greatest amount in pledges and make the most phone calls. Prizes will be awarded to participants from the winning groups.

Students and Alumni have found calling for the Phonathon to be an enjoyable and rewarding experience. Won't you join us?

To reserve your phone either complete the form or stop by the Alumni Office

## SENIOR ART EXHIBIT

Felice Knarr

Christopher Reeves is the first art student this year to dazzle the Marian College community with a Senior Art Exhibit.

October 23rd initiates the two week exhibit in the Marian College Library. A reception will be held from 2:00-4:00 Sunday afternoon.

The purpose of these exhibits is to allow Art Majors to present the work they have accomplished during their years at Marian.

In the Fine Arts, Chris has produced oil and acrylic paintings as large as 7x5 feet. Commercially, Chris has done a number of projects, including the poster design for the 1983 Archbishop's Annual Appeal.

Chris is grateful to Sr. Sandra Schweitzer, who has been instrumental in gaining work for Chris. Sister is head of Marian's Art Department.

Following graduation, Chris plans to go to graduate school for a master's degree in Graphic Design. Later, he hopes to work for an advertising agency or as an art director of a magazine.

" LOUSY TUPN - OUT AT CARPER NIGHT "

For the last two years Marian College has been fortunate to have speakers visit campus to offer resume writing and interviewing advice. It is obvious that over 95% of us will be searching for a job at sometime during our college careers and the experience gained from this 1½ hour session each fall would be extremely valuable to all college students, not only for seniors. With the speakers, two local business managers were present, and they gave tips on how to dress at interviews; what styles to wear; and what colors to wear, etc. Unfortunately, the attendance at the last annual session was very low and this does not encourage speakers or business representatives to come back to Marian. So, underclassmen, if you are interested in finding a job when you graduate express your interest to Dave Roberts or Connie Wessner so that this program will be continued in the future.
