No. 13
Feb. 5, 1960

NOTES FROM STUDENT ASSOCIATION

A new semester has just begun, and with this come many new promises and resolutions. As we try to improve our personal life, we should also continually try to improve our college life. Below are areas where there is much room for improvement.

- 1.) PARKING - With the clearing of the roads by the construction company we will return to our normal driving and parking regulations on campus. There will be absolutely no parking whatsoever in front of the Administration Building or Clare Hall or in any other forbidden parking area. The excess of upper-classmen will park in the freshmen lot adjacent to the tennis courts. As of noon, February 5, 1960, all violators will be ticketed. Fair warning!
- 2.) FOOD - In the last few months there have been a number of students removing food and liquids from the Percolator, and taking the same to the lounges. This is strictly forbidden. Also, a number of students have been eating their lunches in the three lounges. This must come to an abrupt halt. Lastly, a large amount of food has been found on the floor in the cafeteria; this doesn't look good for college students.
- 3.) LOUNGES - The condition of all the lounges up to this time has been quite deplorable. This can be quite embarrassing when visitors are on the campus. Since these lounges have been thoroughly cleaned, let's hope they remain that way. Also, the mixed lounge was re-decorated during the holidays at a retail cost of \$1500.00. So that it will remain presentable, it is to be hoped that all students respect the lounge as if it were their home. Fair warning again!
- 4.) SMOKING - This is a privilege granted by the Administration and can be taken away. Lately, there have been a large amount of cigarettes extinguished on the floor. This is very dirty. There are ample receptacles in the allowed smoking areas. Please use them for neatness' sake.
- 5.) HALLS - There has been an increasing amount of boisterous talking on the part of students in Clare Hall on their way to the mixed lounge. There are a number of classes that are held in that building and it is quite annoying and disrespectful for both professor and student who are in class.
- 6.) ROWDYISM - A small amount of this kind of activity reigns on the campus. This looks very bad for students who are of physical age but seem to lack mental ability. Each one of us has a responsibility to represent the school in a mature manner, that which is expected of any student in higher education.

If anyone is vague about any of the above mentioned areas, the student handbook defines all these things very simply and explicitly; as a means of control, any violator will be referred to his respective dean for disciplinary action.

NEW EDITORS

Bill Brady
Student Board President

This issue of the Carbon has been written by the President and Vice-president of the Student Board, Bill Brady and Beverly Eckstein. Last night at the Student Board meeting, two new co-editors of the Carbon were named for this semester: Dick Sinko, senior, and Joe Kempf, freshman. We are confident that they will do an excellent job and we wish them every success. As of next week, they will be editing further Carbons.

A large welcome to all the new students on campus! (sixteen, to be exact.) Although we realize that you have been busy while becoming acquainted with the school, its regulations, and many benefits and facilities, we would like to remind you of a couple items which should be taken care of next week. All students who park their cars on campus must have a Marian College sticker on their car windshield. These parking stickers can be obtained from Bernie Dever, Senior Class President. There is no price for these stickers, but there is a fine of \$3.00 to any person who does not have this on his car while on campus. Also, you will need a Marian College I.D. card to admit you to all Marian College social functions and basketball games. These cards can be obtained in the Information Office.

CALENDAR OF COMING EVENTS:

Feb. 1-20	Silvercraft Raffle (CSMC)
" 6	Oakland City (There)
" 12	Sweethearts' Ball
" 13	Manchester (There)
" 16	Hanover (Here)
" 17	Gold & Blue Card Party
" 19	Boatnik Party (WARA)
" 20	Earlham (There)
" 23	Oakland City (Here)
" 26	Mardi Gras (Mixer)
" 27	St. Joseph (There)
March 2	Ash Wednesday

INTRA-MURALS

The intra-mural basketball league will resume this Sunday. The Vets as usual, are leading the league for the third consecutive year. They have two championships and a 4-0 record this year, but they still have to face the Knicks (3-1) and Nats (3-1) who could very easily upset the applecart. Also, the Vets have to play their brother organization, the 40&8 Club, better known as the Rebels. This will definitely be a contest long remembered. Admission is free, so if you want to watch some pretty fair basketball, drop by Sunday!

The Mixed Lounge was painted over the Christmas holidays at a retail cost of \$1500 - but this wouldn't interest you because you didn't pay for it (ever stop to figure out where that specified amount of \$8.00 goes that you paid at registration?). Even though I know that you're not interested, just for kicks, please continue -- One day before school started after the holidays, one of our "adult" students "accidentally" dragged the sole of his foot up two feet of newly-painted wall. But, of course, this can be overlooked because the person was probably just trying to see if he could defy gravity and climb up the wall. Since then, we have had a number of wall-climbers in the Mixed Lounge - as a sign of their singular achievement, they have left their marks on many of the newly-painted walls and posts. But once again, why should you worry - somebody else will surely see that it's cleaned off. Two weeks after new ping-pong tables had been placed in the Mixed Lounge for our "young adult college students," they had to be removed as they were no longer safe for use. For those who were privileged enough to be in the Perc yesterday, they saw one of our "firsts" - a live "cheeta." This particular person, being without a trapeze, was seen jumping from table to ledge to table to ledge, with a final farewell leap out the door. But don't you worry - the school would love to spend some of its "excess" money on new booths! Is it necessary to also mention the destruction of the freshman's white statue in the lounge (done on a bet)? It's probably about time for you to go to class now, so use this paper to throw away your gum in and just toss it on the floor in the Perc or Lounge - if you can find room, that is.

Many congratulations to all those who worked so hard on the Homecoming week-end to make it the great success that it was. Few of us students realize the amount of work and sacrifice that was involved in this "first." Plans for this Homecoming had been started as early as April of last year and many people have worked since then, "behind the scenes," and deserve open recognition. Among the hard-working students on the Homecoming Committee were: Mike Siferlin, Peg Delaney, Mary Agnes Milharsic, Judy Rahtz, Rosemary Perrin, Joanne Lintzenich, Sheila McCann, Dick Havens, and Ann McCann. These are only a few of the many who deserve the heartfelt congratulations of all students on campus. Of course, anyone who was in any way associated with the Homecoming plans can tell you of the outstanding help and cooperation of Sister Mary Edgar, Secretary-Treasurer of the Alumni Association. Also, thanks are in order to all the students who attended the functions of the Homecoming week-end. With such a wonderful beginning, next year's Homecoming should prove to be an even bigger and better event.

STUDENT BOARD MINUTES

(These are going to be published every two weeks in an effort to make each student more aware of what their Student Board is doing.)

- 1.) The Sodality is going to have a display during Catholic Press Month.
- 2.) The NFCCS has arranged for two speakers to be at the college during Lent, the topic to be "Family Life."
- 3.) The Club Co-ordinator is arranging a meeting with the SAM Club to discuss if they will be placed on probation.
- 4.) Lights have been installed at the lake for night skating.

DON'T READ THIS!!!!

No, don't read this because it may make you feel a little guilty.
