

The Pre-Cham CARBON

A Man should live...

January 15, 1965

Campus Drinking

The Student Board ~~would like to take this~~ opportunity to inform its constituency on the college regulation forbidding drinking or intoxication on campus or at college sponsored functions. Recent violations have been called to our attention and to the attention of the deans. This violation is grounds for immediate expulsion. It is not our desire to act as policemen but to prevent any individual from destroying his college career with such an unnecessary mistake. It is easily within the power of every individual to make this regulation a dead letter. Please don't force disciplinary action. Violators will not be given a second chance.

The Student Board

It's A Deal

The Day Student Organization, headed by that old con man Jim Ellsworth, has obtained a gasoline discount for the students, faculty, administration and staff of the college. The program is with Larry Shuman's Standard Service at the intersection of Kessler Blvd. and Lafayette Road (U.S. 52). It will consist of the standard 2¢ per gallon discount usually accorded only heavy trucks. It goes into effect today and will continue until February 15 on a trial basis. If enough people find it helpful and will use the service it will be put into effect indefinitely. Your college identification card is all that is necessary to obtain the discount. (Green Stamps will not be given with discount purchases)

Upperclassmen

It will be to the advantage of every upperclassman to visit the Placement Office adjacent to the Dean of Men's office. There is an abundance of material that will be of help in choosing a job field after graduation. There is material on how to prepare for an interview and how to present an application. Have you compiled a resume? A resume is an invaluable aid in securing a position. Examples are posted at the top of the bulletin board in the Placement Office. Mr. Field will be happy to help you find the desired material.

Watch the CARBON for additional suggestions.

Some Pre-Final Funnies

"What kind of guy is your roommate"

"Well last night he cracked his shins on a chair, and said, Oh, the perversity of inanimate objects."

Lounge Lovin'

The 1964-65 college year has witnessed the passing of another era. The drive ins and Lake Sullivan have been replaced by the Mixed Lounge as the local passion pits. The CARBON does not plan to initiate a campaign against kissy-face and huggy-bear but we wish that these fun games were confined to places other than the lounge. We don't want to deprive these infatuated infants of their daily recreation. We don't want to deprive other students of the fun and education of watching these pre-marital spectacles in the fine arts of dexterous interdigitation, affectionate wrestling and how to get your girlfriend to be your pillow while you take a nap. We would appreciate it very much if it was done elsewhere. The Mixed Lounge is neither the time nor the place. It does not present a particularly worthwhile scene to our visitors, and it does not say too much for the good taste of the students.

Lets all join the drive to reclaim Lake Sullivan. Don't let these fine old traditions pass into oblivion.

MIXER POLICY

A standard policy for college mixers is being formulated by the Student Board. It will pertain to the sponsoring organization and will concern cleanup and the use of the room that is being converted for the vending machines. The room has been locked for the last week because of confusion over its use. During mixers and basketball games soft drinks are usually sold in this area. The excess cokes have been locked in the room until they can be moved the next day. Many organizations have failed to remove them. In the future the ticket room outside the gymnasium will be used for this purpose. All cokes will have to be returned to the cafeteria within two days or they will be removed and the deposit return credited to the Board.

Publication Policy

Recently there has been a great deal of confusion over the authorization of new publications. The Board has restated and clarified the official position. The Phoenix, the Marian, the Fioretti, and the CARBON are the officially authorized publications of the college. The editors-in-chief and the appointed Faculty Advisors are responsible for content. Clubs may publish with the president and advisor being responsible. Articles do not have to be signed in these cases. Candidates for office may publish their platform if they are signed. All other publications must obtain the authorization of the Student Board a faculty advisor and an editor. This includes classes, intramural athletic teams and any other group. Publications must limit their scope to class news without editorial comment. Discussion on college problems etc. should be published in the CARBON. Publications published by unofficial groups or clubs must not assume the format of a news organ. Different situations will be considered individually by the Board.

LEADERSHIP WORKSHOP SURVEY

Attention all ACTIVE students of Marian college!! On Monday, January 18, from 8:00 a.m. to 4:30 p.m. a poll will be conducted in front of the auditorium. Its purpose? TO HELP YOU. The questions asked will be these: "Would you be interested in joining the Young Republicans or Young Democrats?" "What changes would you like the Student Board or administration to make at Marian College?" Be there and express your opinion for your good!

Sponsored by Leadership Workshop Committee in conjunction with the National Student Association.

ADDITIONAL BOARD NEWS

The Board is still very much concerned with the appearance of our Mixed Lounge. Plans are being made to investigate the possibility of getting an interior decorator's estimate on the overall re-doing of the lounge to be utilized now and by future boards.

The Board is planning a general assembly during the beginning of second semester to layout their accomplishments during this first semester and to relay their plans for second semester. Watch for it!

INTRAMURAL GAMES

- 11:00-Hotshots vs. Sugars
- 12:00- Finks vs. Vets
- 1:00-Bombers vs. Whiz Kids
- 2:00- Jokers vs. Manuah's Mixers
- 3:00-Old Dogs vs. Passionate Few
- 4:00-Rogues vs. Trashmen
- 5:00-Aces Full vs. Chews

Parlez-vous francais ?

Non? C'est dommage! But come anyway to Les Aventures de Georges Wolf. (The Adventures of George Wolf) This French play will be presented in the auditorium Sunday, Jan. 17 at 1:30 by the students in the French Comp. and Conversation Class. We know all of you girls will want to see Dick Dufour in his starring role as Georges, and that you guys won't think of missing the leading lady Sarah Motta. The admission is free and no knowledge of French is necessary. See you Sunday!

if the CARBON really wants to know

1. (Manuah Mixer, an authorized paper?) So what if it isn't. Maybe it will promote a little bit of interest in this abyss of apathetic sloth.

2. (Why doesn't anyone attend Student Board meetings?) Who cares!!! Everybody knows what is going to happen before the meetings begin; if the students want to see their real representatives they can go to a Booster Club Meeting. Contrary to the concepts of many of the "enlightened honor bedecked leaders", a little solid controversy is good for the health of the Student Board and the student body as a whole.

3. (Where is Fred Carr?) Eccchhh!

A Loyal Carbon Fan
"Publius Maximus"

To the Editor of the CARBON,

There are certain frosh. girls (and others) who have very loud voices. They are often found screaming at each other in the lounges, in the halls, and even in the library.

I always thought that girls grew out of the 'loud talk and grating giggle' stage when they reached to middle of high school.

Its inconsiderate. One of the first signs of maturity is consideration for others. There are people who cannot study with someone screaming in their ears--not talking--screaming!!

It is nice that you can make straight A's so that you can spend all your study time in idle but loud conversations about your boy friends and how you will cheat on your Chem. exam.

Your actions look bad--unladylike. It sounds crude. Who says so? A few guests on campus were a bit shaken. As the poet says..."A word to the wise."

A tip to the Student Board-- "The Loud Ones" are usually the ones who flip papers and cigarette butts at each other and on the floor.

Karen Angela Cox

HELP!! We're desperate. If you're a good typist and just waiting for the chance to be a part of the illustrious CARBON staff, contact either Mike Brown (our peerless leader) or Lynn Bocknik (our one and only overworked typist).

Student Board Resolution

Editor's note: The following is a copy of a resolution presented to the student deans this morning. It is the hope of the CARBON that this resolution will be given every consideration by the proper authorities. This is one of the few times that the Student Board has presented a formal request to the student deans. This resolution is the opinion of the student body as it is expressed through their elected representatives.

MB

*** *** *** *** *** *** ***

On Wednesday, January 13th, the Student Board of Marian College met in regular session. One of the items on the agenda was a proposed resolution to Deans concerning a re-evaluation of college policy in reference to the management of the college dormitories. The motion reads as follows:

I, Judy Farmer, President of the Clare Hall Board, propose that the Student Board recommend to the proper authorities a re-evaluation of dormitory policy in general and in particular policies concerning vacation periods.

The motion was passed by a unanimous decision of the members present. A committee was formed to determine the official wording of the resolution. The results of the committee meeting are as follows:

It is our belief that the college's residence facilities comprise service agencies that should serve the academic and other college related needs of the students. Instances we consider of prime importance are:

- 1) The teacher education program
- 2) Yearbook and other publications
- 3) Athletics
- 4) Senior Comprehensives
- 5) Honors Program

These are a few examples of official campus organizations and programs that warrant special consideration.

In addition, the committee believes that the personal needs of certain students might also be deserving of special attention to be decided on an individual basis. Some examples might be:

- 1) Employment to meet college costs
- 2) Uninterrupted work to maintain a job

The committee therefore concludes that the dormitories should remain open OVER vacations to meet the aforementioned needs.

This resolution was presented fully realizing that similar action may already be under consideration by the deans. If this has been undertaken we wish this resolution to stand as a supporting gesture.

THE STUDENT BOARD

MARIAN MAIDS

Although the Marian Maids lost Wednesday night to Franklin 50-30, they will be back on the court this Monday to try for a win against the I. U. Nurses at 7:30.

The following conversation took place in a physical examination of Freshmen:

Examiner: "Calf?"
Frosh: "Fourteen inches"
Examiner: "Thigh?"
Frosh: "Twenty-six inches"
Examiner: "Neck?"
Frosh: "Yes"

CARBON HISSES:

Mike Herman, Ray Stuck and company- for giggling, talking and general infantile actions in Thursday's assemblies

Those who offer a lady a Tiperillo (or are they ladies?)

Stuffy Soph:

Tom Cardis: "That's a college censor?"
Ray Brown: "A censor is a person that can see three meanings to a college joke that has only two meanings."

MR. EDITOR:

In making plans for the inauguration of a class paper, the members of the Sophomore Class, had several objectives.

1. To inform the class about upcoming events sponsored by the class.
2. To inform the class about other campus activities.
3. To print anything else of value which may interest the class, ie. humor, anecdotes pertaining to sophomores, etc.

Since its initial issue, "Soph Stuff" has been enthusiastically supported by the Sophomore class and has instilled in them an interest and a spirited awareness regarding future activities.

We do not think that we have deviated in the slightest from the original stated purpose. We feel that due to the enthusiasm of the class regarding the paper, the hard work and the interest of the editorial staff, and the real tangible value by which the Sophomore class has profited, that this paper should have been allowed to continue along the same lines as its past issues.

We also would like to emphasize the well-known fact that the more an activity is publicized, the better it will be supported. Therefore we do not feel that we have been "infringing on the rights of the Carbon" by publicizing campus activities other than ours.

It is not our intention in any way to duplicate the Carbon. Those that have accused us of doing so could very well say (using the same logic) - that the Carbon duplicates the Phoenix and vice-versa. I think that anyone can see that this accusation is anything but reasonable. The class, however, will abide by the decision of the Student Board, which voted (7-6) not to permit the continuance of our paper on its present basis. However, a news-sheet will be permitted.

In our opinion, a news-sheet would be, class news in a paper format. Since the publication policy of the Board states that any class organization or aspirant to office may issue signed publications upon approval of their moderator, we feel that it is within our rights to interpret the definition of a news sheet as we deem necessary for the good of our class.

Ray Brown, Jr.
President of the
Sophomore Class

Editor's Note:

I am indeed happy to see the magnificence of your sportsmanship manifest in your acceptance of the Student Board decision limiting the scope of the Sophomore paper.

More Pre-Final Funnies

Temperance Lecturer: "Here's an argument from nature. If I lead a donkey up to a pail of water, and a pail of beer, which will he drink?"

Unconverted: "The water"

Lecturer: "Right. Why?"

Unconverted: "Because he's an ass."

VARSIITY B-BALL

Last weekend the Marian basketball team took on a rather freewheeling and undermanned team from Griffin College. As Marian built up a 15 to 1 lead, a Griffin man informed this writer that the rest of the team didn't want to come or had to work. Needless to say, the Knights trounced the Griffin chaps 84-41. In years to come, we doubt that Griffin will again appear on the Marian schedule lest it be against the Manuah's Mixers.

This weekend the Reynolds men take on Oakland City College in their 1965 Homecoming Game. Having lost at O.C.C. this year by a score of 68-67, the Marianites should really be up for this game. Tip off time is 2:30 p.m. in the fieldhouse. So don't miss this one.

Co-eds are divided into two species: those who shut their eyes when kissing, and those who look to see if you do.

A Word To Failing Frosh

Build for yourself a strong-box,
Fashion each part with care;
When it is as strong as your hand can
make it,
Put all your grades in there;
Hide there all thought of your failures
And each bitter cup that you quaff;
Lock all your heartaches within it,
Then sit on the lid and laugh.
(by Bertha Adams Backus)

Rationalization for Failure

It was better, he thought, to fail in attempting exquisite things than to succeed in the department of the utterly contemptible

(by Arthur Machen)
