

# Carbon CALENDAR -

FRIDAY, 15 MAY: Today we salute the upper strata of the high echelon of Humanity - the Esoteric people. The Esoterics are distinguished by their selective eclecticism of possessions. That is, they collect such unique and tasteful objects as: black toothbrushes, cameo cufflinks, worry stones, dandelion wine, champagne-colored hansters, abyssinian cats, aubrey beardsley prints, mink underwear, velvet bedspreads, Polish cooks, sunken marble bathtubs, screaming yellow zonkers and evil pictures of Bertrand Russell. If you qualify as an esoteric person, be condescending - you deserve it.

SATURDAY, 16 MAY: At 1:00 P.M. it's baseball time with our little Bat Boys in a home game versus Taylor. (Rod or Liz?)

SUNDAY, 17 MAY: Today our beloved MC Chorale (hear that, Roy Rogers?) will perform at Beth-el Zedeck Temple. How this warms my little kosher heart. (P.S.- If you run your forefinger back and forth across your forehead your finger is Jewish. Why? Because it's running from temple to temple.) (Forgive me, Yaweh.)

MONDAY, 18 MAY: Hey - fellow Seniors. Don't forget to pay your \$7.15 cap and gown rental in the Business Office today. If you are artistically inclined, visit the Senior Art Exhibit in the Library on the second floor. Exhibitors are Paula Recko and Pauline Orsary.

TUESDAY, 19 MAY: Our Bat Boys make the big-time at Bush Stadium versus Indiana Central. Activities begin at 4:00 P.M. with a performance by our own Drum and Bugle Corps. Also today is the MANASA Central State Volunteer Picnic from 4:30 - 6:30 P.M. behind the tennis courts.

WEDNESDAY, 20 MAY: Women Sports give it all to Gym at 7:00 P.M. All you sunbathers, olympic stars, divers, tarzan understudies and pirhanas -- make a big splash in the Marian outdoor pool. Hours are posted on the main bulletin board. Skinnydippers, come to my house. I don't have a pool, but I'm sure we can find something to do. Tonight -- the Premiere Performance of Marian's new musical CELEBRATION at 8:00 P.M. in the MH Auditorium. It's a different kind of musical from the creators of The Fantasticks. Don't miss it!

THURSDAY, 21 MAY: The second and final performance of CELEBRATION at 8:00 P.M. in the MH Auditorium. Next week final exams are thrown at our poor, tortured brains. Brace yourselves. I regret to say that next week's Carbon is my last. No longer shall I be able to bring humor, sarcasm and general decadence into your morbid lives. And, thanks be to God, you won't have to read my Jewish jokes after next week. Sigh.

# 'The Carbon'

## Dear Students,

Summer's almost here, bringing to a close the events of another hectic school year. However, everyone is not thinking about that gorgeous tan, a trip to Europe, or the loads of money they're going to earn. I'm speaking in particular of the eleven students who were arrested during what turned out to be the biggest issue this institution has experienced since it became coed - The Pedtke situation.

Although, now only vague remembrances of what happened linger in the minds of many of us, these students won't soon forget their 'too long' stay in that glorious hospitality center known as the 'Indianapolis "pig" pen'. This is not an experience anyone would brag about because the "full force" Indianapolis Police Department is nothing to brag about. The treatment these students received and have received since their incarceration has been deplorable.

They appeared in court again this week, appealed for and were denied a new judge. They were, however, granted their constitutional right of having a trial by jury. Many of you aren't aware of the fact that because of this jury trial the court has ordered the students to be bonded, setting the bond rates according

## GAMES MARIAN PLAYS

Well, we're going to have a referendum Wednesday to find out if we really knew what we were doing when we elected Stacy Smith as NSA Coordinator. (It may take more than a referendum to do that!)

I'm not sure what this referendum will prove. It might show that when students voted for Stacy Smith, they voted for Stacy Smith. Or, it might show that Marian students are schizo, and have decided to change their minds.

The question to be raised: "Is the position of NSA Coordinator a Student Board Office?" Perhaps a little clarification would be beneficial. A 'no' vote would be a vote FOR Stacy Smith. A 'yes' vote would be a vote AGAINST Stacy Smith. Clear?? Not clear? -- Yes?-No?

All in all, the referendum looks to be no more than a salve for the wounds of the SS. They've taken quite a few licks lately, and so we should be nice. But, don't overdo it.

Save some of that hard-line for the sure-to-come battle over a new Constitution that is badly needed.

Yes, there really is a

## STUDENT BOARD REPORTS

There was a meeting of the Student Board on Wednesday evening. A treasury balance of \$4,351.45 was reported.

In reports from the dorms, it was reported that the Doyle Hall Council is buying basketballs and goals. The first Clare Hall meeting was held with new officers, and hours, dues, lounge, and inter-visitation was discussed. The class representatives to the Board for next year are:

Seniors: Laura Jo Biltz and Evelyn Smith

Juniors: Karla Bartling and Rita Benson

Sophomores: Suzy Knueven and LindaMcSparin

The Social Council reported that the calendar was being worked on. The senior class debt to the Student Board was discussed, along with the possibility of taking the money out of next year's allocation.

The vice-president reported that the Constitution Revision Committee will meet Friday, May 15, at noon (that's today). It was also reported that Dick Gregory will speak at Earlham today, at the same time. It is a free appearance.

The president mentioned the meeting with Trustees Pitts and Dillon. The referendum concerning the N.S.A. Coordinator post was discussed with Mrs. Kolb, and the question is to be very general. The facts concerning the issue will be presented, and a question, to the effect -- Does N.S.A. Coordinator constitute an officer of the Board? will be asked. The referendum is scheduled for Wednesday.

President Herbe also remarked on the subject of Board advisor and the discussion of this issue with Dr. Guzzetta. Dr. Guzzetta mentioned that there is a trend across the country to have the advisor to the Student Board be a member of Student Services.

Mimi Meyer was approved as yearbook editor. Carbon editors Bill Brodnax, Elaine Ransom, and Dave Soots were also confirmed.

Nominations to the Academic Affairs Committee and the Student Services Committee were considered, with no confirmations. Herb Finke and Mike Hohl were appointed to the Program Committee.

Glen Tebbe moved that the Board allocate \$900. to the Phoenix to purchase an IBM Computer. This motion was tabled for further consideration.

Stacy Smith moved that the Student Board allocate \$250. for the Marian Eleven, who are now free on \$460. bond total. This bond was incurred as a result of charges leveled against these students in a demonstration supporting Board actions during the Pedtke situation. The motion is to be considered further next week.

Stacy Smith also mentioned the possibility of the Board having a lawyer on retainer. The Board was asked to consider this.

## LETTERS TO THE EDITOR

Dear Carbon:

First we start it off with clinched fists and you guys have to copy with the peace sign. We revive a black revolution, and everyone wants to get into the act - from students who want to change the system to women who want to liberate their breasts. Its summer (con't. next column)

time and damn 't if you guys aren't at it again, up on the old roof top, burning to a crisp, trying your best to "get like us." It never fails, everytime I go to one of your parties, you guys always want me to show you my new steps. You know something? I think you guys dig us.

And now we turn to the music scene. We've heard of blue-eyed soul brothers, but what about the brown eyed white brothers? Who wants to be one. We don't! Tom Jones, better known as the "great white hope" is one of the few whites who can dance like a black. This is the reason why you whites have made him so famous. You like to see black man's natural rhythm brought out in a white man. It makes you feel good to know at least one of you can get our thing. This is why you break your neck trying to get to the T.V. set - not for Tom Jones, but for what he's imitating - blackness. Think about all this for a while and see if you can tell me black ain't beautiful.

to the location of the students' homes. The total bond money due is \$460.00. This is no small amount of money especially for college students who are struggling hard enough trying to get through school.

The prosecution refused to dismiss the charges levied against the students by the city because, according to him, if these students were allowed to go free every college student would think that he could get away with anything and ultimately all the campuses would be in chaos. This is a ridiculous reason to make eleven students, obviously innocent, be required to pay \$460.00 to the city. They don't have the money and as of now don't know where they're going to get it. I feel that we, as their fellow students have a certain amount of responsibility to see that they get the help they need. There is a proposal before the Student Board to allot \$250.00 for the cause, but even if this is approved at next week's meeting, they'll still need \$210.00 more. We can help them by donating anything we have to spare to what I believe and hope you believe is a very worthy cause. Donations will be collected all day Monday in front of the auditorium and in the Perc. Please Give.... Think, it might have been you!

THE SAGA OF DICK DIPSTICK  
(continued from last week)

One morning, as the rosy-fingered dawn crept  
Across the face of our hero, daring  
Dick awoke in a fit of frenzy. After  
A night of Lake Marine antics,

Dick Dipstick found himself in Clear-The-Hall.

Focusing in on the situation, Dick  
Realized he was located in a 3rd floor shower  
stall.  
Beguiled, our brave boy bore this burden well.  
Hearing the fleeting footsteps of forty femme-  
fatales,

Dick Dipstick felt the need to do something.

Fully aware of cannon law, Dick knew  
Well what the towed tizzies would  
Do when aware of his presence. Spying  
A loose shower nozzle in stall 3-A

Dick Dipstick removed it righteously.

Calling to the cult of Lumbricus Terrestris,  
Dick was instantly changed into a  
Worm, or night-crawler, the Romeo of the species  
Climbing into the pipe, our hero escaped the  
surge of virgins

Dick Dipstick, a cagey and clever cad.  
(to be continued)

Dear Mrs. Kolb:

As Director of Student Activities and "Women's Affairs" we, the students at Marian College, feel the following should be brought to your attention:

There are two mice copulating in the women's restroom outside the SAC lounge. We have reason to believe that they meet at 9:00 every evening. We feel this should be investigated and a cease put to this subversive activity before the morals of many young, innocent Marian coeds are corrupted!

There are 17 women in Clare Hall who are uncouth and inconsiderate enough that they fail to clean the bathtubs after use.

The Marian College L.S.D. (Lysistrata's Sadistic Daughters), a branch of the Joan Baez girls is very active. They are collecting draft cards and promiscuously holding hands with and talking to any man bold enough to surrender this most precious document.

There is a severe shortage of tissue paper and paper towels in the ladies' room in Doyle Hall. Flowers are brazenly springing up in the women's room at the swimming pool, and (horror of horrors!), there are three burnt-out light bulbs in the facilities at the beautiful Marian College library.

We do hope that you will devote your most sincere attention to these matters of great importance in preference to some of the trivial problems with which you are presently dealing.

Respectfully submitted on this the  
14th day of May, 1970.

L.S.D.M.C.

THE "WHAT-DO-THEY-WANT-ANYWAY?" DEPT.

I am sitting here in the Caf and I find that I must tear myself away from this scrumptious meal (courtesy of Barry Lloyd and Saga Food Service) of pork and beans, hot dogs and sauerkraut, and tie-dyed string beans in order to put some thoughts down on paper.

First of all, I'd like to thank the hundreds and hundreds of people who made Black Culture Day such a gigantic success. The crowd was so huge that people were lined up for blocks just trying to get in the school's driveway. People from every walk of life came to take part in Marian's Black Experience. The list included: students, civic workers, politicians, construction workers, prostitutes, comedians, philosophers, and three-legged cat, and that just incorporated some of the people at the morning session!!

Without this fantastic turnout, Marian's black populace would have certainly felt unloved, unappreciated and unwanted. But now, we know how you feel. You've shown us in the greatest display of brotherhood since Dr. Kraus had Mr. Pedtke over to his house for beer and wienerschnitzel. I can hardly find the words to adequately express my feelings in this matter. I would sincerely love to publicly invite every person on this campus to my house this summer for a huge combination picnic/love-in. My house is located on a remote Japanese island that just happens to be the target for the next H-Bomb test. Y'all come now.

# KEEP UPBEAT ALIVE!

Keep Upbeat Alive!! That's the theme of the 1970 Care-a-thon. The goal--to raise \$2500.00 from the college community to help finance this summer's Upbeat program. Upbeat will host thirty students at Marian for 8 weeks this summer. These inner-city high school students will participate in academic, social and cultural activities.

This \$15,000.00 program needs the support of the college community to carry on. The campus goal has already been trimmed by a \$1500.00 donation from the Student Board. That leaves \$1000.00 for the student body to raise.

The Care-a-thon started this morning and will go on to 2:00 a.m. Saturday. Get an Upbeat Sticker, donate some cash, and join in the fun. Oh, yes, don't forget: Keep Upbeat Alive!
