The views expressed are those of the individual writers or whatever and not of the institution as a whole, unless they are an institution as a hole.

The Indianapolis News recently praised President Nixon in his decision to blockade North Vietnam for braving pressures and bitter resistance and not washing his hands of an unpopular war. This is a sad commentary on the state of American Democracy. Democracy is supposed to create a government which is based on the popular will. Now we find praise for a government which acts contrary to popular will. Is that democracy? The News says the President "deserves the backing of all Americans". When will it be that the American people deserve the backing of their President?

DOYLE HALL ELECTIONS

After another delay (the election scheduled for Sunday was postponed til Tuesday-- someone forgot to print up the ballots. I wonder who?) new Doyle Hall officers were finally elected. They are:

President--Dale Hammelgarn

Vice-President--Tim Ellinger

Secretary--Terry Powell

Treasurer--Chris Everett

Of course still unelected are the class representatives and the Social Council Representative, but with new officers maybe it will get done. Good Luck.

Question: The idea of having Beer Blasts seems to have died out. It seemed to me that the few that we did have were a big success. Why haven't we had one of these "parties" recently? Why can't the Social Council or the Student Association sponsor, or interest someone else in sponsoring, more Beer Blasts? Is there any hope of having more Beer Blasts?

Answer: The College policy as stated on page 18 of the Student Handbook prohibits the use of alcoholic beverages at student-sponsored functions on or off campus and this applies to the Social Council and the Student Association.

Nixon says that he is doing all this to protect  
our men. The best way to protect our men is  
to withdraw them.

Nixon says that he wants to get our POWs re-  
leased. The best way is to end the war.

Nixon says that he is trying to protect South  
Vietnam from an invasion from the North. There  
is no such thing as South Vietnam. The South  
Vietnamese government is a creation and puppet  
of the Nixon Administration. VIETNAM IS ONE.  
It is a Civil War, like our own was.
