THE JUST FOR THE HELL OF IT

CARBON

I don't wanna lead the Student Body.

THE YEARBOOK--A BOOK OF MEMORIES OR CLASSIFIED ADS?

After being informed this fall that the yearbook is a profit-making organization, the book of memories may turn into a classified ad fiasco. If the yearbook doesn't receive the \$4.00 per student per semester as included in the Student Activity Fee, an additional amount must be collected. Do you want to pay \$11 of a yearbook? The MARIAN staff doesn't think you should.

Our staff is chosen for its ability and dedicated to a definite purpose, the end of which is a perfect book. We don't gain personal prestige by doing our job; our names are not plastered on election posters; many people don't even know who we are; some think the yearbook is "just there", and always will be. But what would happen if some Monday night the elected representatives of the Student Body find out that the yearbook isn't "here" anymore?

Do you want a yearbook of recorded memories or a collection of classified ads?

TO THE FRESHMEN BOYS

Alright, freshmen, wakeup! It's time you stopped telling everyone how mature you are, and started acting like it. Words, either written in the CARBON or spoken in bull sessions, are just words--they're a dime-a-dozen and they don't mean much.

The very same night that you "statement" appeared in the CARBON, myself and at least fifty other people had to witness a certain few of you make complete fools of yourselves in the cafeteria. (I'm using the word "fools" because I don't think the word I'd like to use would pass the censors.) Now, if you want to make fools of yourselves that's your business. But when you shout words with obscene connotations in the cafeteria, that's my business and everyone else's who has to listen to your "mature" conversations.

True, no one is perfect, and you're not expected to be either. But there's a time and a place for that kind of stuff. Practice your imperfections where they're not offensive to others.

Your statement says there are a few of you who are mature. Well now, ain't that funny, because, believe me, you're the only ones who think so.

Take a look at your class name--freshmen. In a sense, you are fresh because you're just coming out into the world. Don't let that be your crutch, though, because there's no welcoming party out here for you. Take a look at the second part of that word out there--MEN!

FRESHMEN CHAMPS?

The Mighty Men of the Nutty Nine are looking better every week with last Sunday's second consecutive triumph over a previously undefeated foe. Their Parent's Day victim was the Carpetbaggers, 7-6, at the Potter's Field.

Other action saw the only other undefeated pigskinners, 68's plus Tax, down the 1969'ers by a 34-7 count. U.N.C.L.E. took a forfeit victory from the UmGawas by a 6-0 score. Those persistent McCoys were tied for the second time, by the Manuah Mixers this outing in a 6-6 deadlock.

Due to the 3 day weekend, games for Oct. 31 are cancelled. Make-up games are temporarily scheduled for Sat., Nov. 6. A meeting of team captains will be held Wed. at 11:30 in the coach's office by Mr. Bridges to settle the playing dates conflict.

Next definitely scheduled games are Sun. Nov. 7

BOARD AGENDA

The CARBON would like to call your attention to several items on the Student Board agenda for the meeting scheduled Mon. evening.

- 1) Completion of the 1965-66 budget
- 2) A proposal that the Board take a stand backing the U.S. position in Southeast Asia
- 3) A proposal allowing the publication of a bi-weekly newspaper of opinion and thought by the Free Thinkers of M.C.

The CARBON urges your attendance at this most important conclave. Student opinion definitely affects Board action. See you Mon. night.

THE CARBON IS TURNED OFF BY:

Ed Arzmann burning a draft card
Bill Bradley
The condition of the Mixed Lounge
Hargards

THE CARBON IS TURNED ON BY:

the rousing performance of the Drum and Bugle Corps on Parent's Day
the Drama Dept.'s successful presentation of "The Public Eye"

CARBON SALUTES

Recognizing the necessity to pay honor and homage to the gods, the CARBON wastes its space this week in offering a bit of immortality to that leader of the students the god of the student government, Mr. Andy "Youroutoforder." Yes this man adheres strictly to the bible of legalism, Robert's Rules of Order, having revised it only 15 times in order to suit his own goals and aims. Each day as he approaches the campus in his presidential limousine he finds student groups assembled to welcome their leader with--hisses, boos, rocks, and stones. Fearing little these minority factions, our subject carries on as he ascends the throne of his position to listen to the passionate pleas of the humble populous. "I don't give a damn about the yearbook.... I'll talk to the Board about it but I don't think.... It's not that we want to annihilate your club but".... and so his day goes. But it is at Board meetings that he reaches his finest hour for it is here that this demagogue of democracy executes his iron fisted rule in maintaining control over such a distinguished legislative body. Truly a remarkable feat.

Yes we salute you Almighty Bespectacled Deity and again offer our most gracious thanks for your generous bestowal of an 87 on our first issue. We behold it, we treasure it, we worship it. But wait till you see what we give you on your Board meetings.

VOLUNTEERS

Catholic Charities is looking for volunteers who would be interested in serving as contacts with children in foster homes, besides working in other departments that have been newly formed.

Tuesday, November 2, at 12:30 Mr. Dave Gerwe will be on campus to explain the various elements involved. This will be held in Rm. 221

Let's show the same spirit in this program as was shown for the Welfare Program by having a large turnout.

The best way to study human nature is when nobody else is present.

TWANG

One final word, friends, on Saturday night's concert by the Towne Hall Trio. Any people who attended the Marian baseball games last year can remember the polkadot uniforms which our baseball team put on display. These polka-dots were the patches and were arranged in cute little patterns and designs. Although the uniforms thought themselves the latest style, those who were wearing them would much rather have played in T-shirts and bluejeans.

Well, friends, this year is going to be different. For our baseball potential now is fantastic. Marian's great head baseball coach, Mr. John Harkins, has promised big things from his new team. But how can good athletes be sent out on the field in rags?

Here is the answer! The proceeds from the up-coming concert are to be used to purchase new and credible baseball uniforms. Anyone who can afford coffee in the Perc can surely afford the small fee of one buck for a ticket. Look at it this way! You'll enjoy a fine evening of entertainment. At the same time, you'll be helping to purchase new baseball uniforms.

Even if there isn't enough money to buy these uniforms, we can use dollar bills to patch up the numerous holes in the archaic "outfits" of the last three decades.

At any rate (Preferably the rate of \$1.00 per person or \$1.50 per couple) be sure to attend the concert tomorrow night at 8:30 P.M. in the auditorium. For tickets, see any of the Booster Club members, the Baseball players, Major Schneiders, or Chris Sweeney.

M-Club TONIGHT

The social season of Marian will be ushered in this evening at the Student Union Building at the I.U. Medical Center where the lettermen's club will present its annual M-Club Dance. From 9-12 P.M. the Headlines will supply music so one can trip the light fantastic. Tickets for this semi-formal event may still be purchased this evening at the door. Be there to witness the crowning of the first queen of the year.

NOBODY ASKED ME BUT.....

Why isn't Msgr. Reine ever seen in the Perc?

Where was the faculty on Parent's Day?

Will L.Z. fall in love with R.Q. at the annual Monogram Club Ball?

Did Dru really flunk out of the Perc during the summer session?

Is the Student Board President one who would circumvent God?

I wish someone would hire a cook so we all can see Mr. Lawrence's wonderful smile once again.

Will Wilomona Feeney really challenge Diana Leathers' position on the Carbon Staff?

Did Mike Moxley ever sober up?

Is HARRY JOHNSON really Cleon Reynolds?
