## IN MEMORIAM!

If we may borrow a song from "Oklahoma!" and change a few words---"Poor Pat is gone---" Strange but true! No longer will his jolly laughter ring through the hallowed mimeograph room; no longer will he be ever on the prowl for news for you people.

Yes, Pat Henn has hung up his green eyeshade and laid away his stubby pencil. For monetary reasons Pat has taken an off-campus job and will be unable to pursue his literary career further.

Old Pat is gone, and it is the fondest wish and hope of the "new management" that the Carbon that he worked so hard on will not let him and you students down. We have the ablest staff you'll find anywhere (for the money) as our partners in crime and we hope to live up to the standards set by Pat and his very worthy co-editor, Mona Miller.

Shall we give it a try?

## CONVENTION RESULTS

News has drifted in by way of Marian representatives to the NF convention at Terre Haute, that the whole conference was a smashing success. An issue of the Scoop will soon be out to give you the details. Be sure not to miss this exciting issue!

And on the home-front, success was likewise experienced by our own Third Order of St. Francis conference of the various other college fraternities. The meeting was the very first of this kind, and all present decided that it should be held again next year--here--at about the same date.

## MASS HYPNOSIS

During the present craze that is gripping all red-blooded people (especially Hoosiers) the Carbon will sway with the masses and follow the Sectionals and the rest of the tournament with avid interest. BUT our interest will not stop there. We will pick the winners! HOW ABOUT THAT??? Think you can beat us???

## PARKING

Get your minds out of the gutter!! We're talking about the new parking regulations set up by the Student Board. Are they overly obnoxious? Do they "jell"? How about letting us know what you think about them. HMMMMMM??

## FIRST VICTORY!

The first victory for the year! On February 21, 1956, Marian College won a basketball game! The final score was 103-95!! Imagine! Marian scored one hundred and three points! My! Will wonders never cease???

To top off the pleasant night, Charlie Boehm scored forty-three (43) points! It was a vast difference between between Boehm and the next high man, who was John Powell with 22 points.

Maybe next year we will continue our winning streak?!!

## BOOKS, PLEASE!

Are you one of those book consumers who absorb books so well that they are never returned to the place where you got them? (This is a subtle hint!)

## THANKS TO THE FACULTY

Thanks to the Administration for the fine new furniture they made possible in the mixed lounge.

BUT! There are some real nervous cats dragging around this brain factory who want to be the greenest. They want to swing in big and heavy by putting down their pads on the sit-down stuff. If we may borrow the immortal words of that great Bard of Avon:

"Keep your cotton-picking feet off the furniture!"

## SURPRISE!

The Juniors and Seniors made their annual trip to Eli Lilly's last Friday and surprisingly enough, the original number that started returned. None were kept as curious specimens for the labs to examine. DON'T SHOOT! JUST JOSHING!

## ATTENTION!

The Latin-German Club will have a meeting on February 28 at 2:30. So--- all you scholars of German and Latin please attend!

## INTERMURAL vs. VARSITY

Not a dream but a reality! Coach Seyfried has consented to play his team against the Intermural ALL STARS. We know not when, but you may look forward (and guard and center) to this thrilling contest!

\* \* \* \* \*

## STOP, LOOK, LISTEN!

Mr. Seyfried is issuing a warning to all prospective baseball players to keep a weather eye on the bulletin board for word of when a meeting of said players will be held!
