# The Marian

## Memo

Saturday morning of this week will mark a very important notch on Marian's calendar for this school year. Our college will be host to the annual Regional Congress of the National Federation of Catholic College Students. Delegates will attend from St. Mary-of-the-Woods, Terre Haute; St. Francis, Fort Wayne; St. Joseph's, Collegewille; and Nazareth College, Michigan.

As Marian is the host for this yearly affair, it is hoped that a good number of Marianites will take advantage of the Congress. And the advantage is indeed one very attractive. For we will be able to participate with fellow college students in the discussions which will center around subjects that concern us all. It can be a most refreshing educational experience for everyone. And added to that, there will be opportunity for mutual social likes, highlighted by a free dance Saturday night in the Student Lounge.

The Congress will start with a general meeting Saturday a 1:30 p.m. Registration will commence at 10:00 that morning. The fee is only a dollar. The afforded chance for us students to participate with others in the discussion of common and worthwhile topics can only be estimated by what we put into it. The topics are broad, interesting and surely stimulating mentally. Those who attend will find the agenda diverse and complete. The keynote address will be given at 1:30 by Father Raymond Bosler, Editor of Indiana Catholic and Record. Following his speech to the Plenary Session, we will be free to choose from anyone of the committees. They are Press, Science, Student Government, Apostolic Panel, Family Life, International Relations and Curia. Sunday will bring further panel discussions, the Congress closing with a final General Assembly in the afternoon.

So let's get behind this worthwhile Congress. It will be of value to us only as we ourselves make it. As a student organization of college grade, its success and usefulness depend wholly upon its parts--US.
