

# THE CHURCH COMMISSIONS LAY MINISTERS OF THE EUCHARIST

Twelve students and four faculty members have been commissioned by the Church to act as 'extraordinary ministers' for the administration of Holy Communion. This commission authorizes these persons to distribute Holy Communion under the following circumstances:

1. Whenever a minister specified by Canon 845 of the Code of Canon Law (priest or deacon) is not available.
2. Whenever the usual minister is unable to administer Communion conveniently because of poor health, advanced

age, or the demands of pastoral ministry.

3. Whenever the number of faithful who wish to receive Communion is so great that the celebration of Mass would be unduly prolonged.

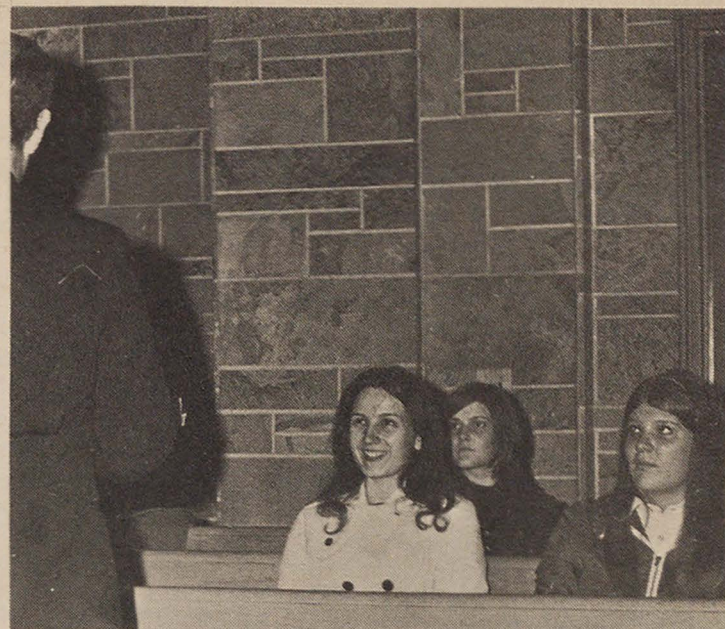

These lay ministers of the Eucharist also have the permission to bring Holy Communion to the sick, e.g., if someone could not go to chapel the minister could bring Communion to the dorm. This permission has been granted for two years and is effective only at Marian College.

Investiture ceremony grant-

ing this permission was part of the 6:30 Mass, Mar. 4, and the 10:30 Mass, Mar. 5. Mary Jo Hester is now making out a schedule for the rest of the year.

The persons who have received this permission are:

Jane Gruebel, Mary Jo Hester, Carol Luthman, Angie Maurer, Ruth Mauer, Phil McLain, Len Petcavage, Greg Rodick, Diana Ryker, Marita Scheidler, Betty Smith, Sr. Stephanie Spicuzza, Sr. Mary Edgar Meyer, Sr. Rosemary Schroeder, Sr. Helen Eckrich, and Sr. Frances Bosse.

Fr. Coffin instructs students prior to their investiture as lay ministers of the Eucharist. Students pictured are Mary Jo Hester, Jane Gruebel, and Carol Luthman.

## PERK UP THE PERC

The SAC Facilities Committee is an administrative committee that was established in February of 1971. This committee, initiated by the Dean of Student Services, was begun as a result of some concern on the Dean, his staff and students for the atmosphere in the SAC lounge and Perc. The people on the committee are concerned with the physical facilities—paint, floor, furniture, drapes and the number or lack of students using the areas.

The SAC lounge usually accommodates commuting students during the daytime while resident students can enjoy the facilities more at nighttime.

The committee feels the Perc should be the center of socializing on campus and that the atmosphere should be one that attracts all students, faculty and administrative members as well.

A few of the ideas or questions reviewed by the committee are: How many commuting students would use the SAC lounge if it were redecorated? What decorating and additions would be necessary to attract students and what would be the cost of redecorating and how could this money be raised?

If anyone is interested in helping, contact Mrs. Kolb at the Office of Student Services.

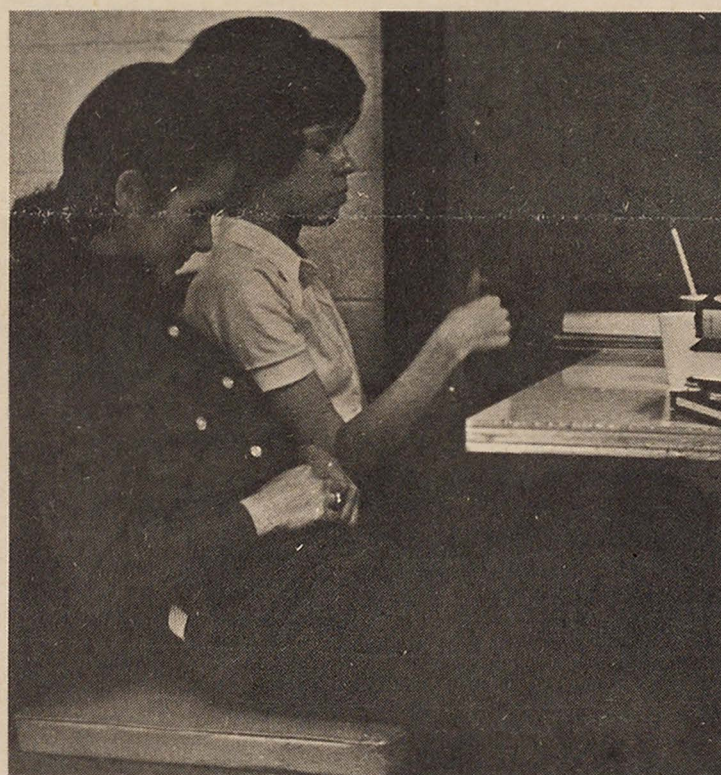

## EARLHAM ERASES KANSAS CITY HOPES

Marian's train to Kansas City came to a screeching halt Monday night at Earlham's Trueblood Fieldhouse. In the NAIA District 21 semi-final game, Earlham's Quakers by-passed the Knights 105-97 in a foul-plagued contest. With the loss, Coach Schilling's cagers ended the 1971-72 season with 19 wins against 8 set-backs.

The first half ended in a deadlock, 49-49. Although the lead either changed hands or was tied 24 times in the stanza, the Capitol City Crew did manage to hold a 10 point advantage with 9:54 remaining in the half, 32-22, on a Jim Apke field goal. Apke was hot as a fire cracker in the initial half, hitting on 8-10 floor attempts for 17 points.

Earlham's top scorer of the year, Dave Gray, began to get untracked early in the second period to get the home team out to a quick lead. Likewise though, Marian's superstar, Sweet Bill Smith, started to do his thing to keep the contest close through the first 13 minutes of the closing stanza. With 6:36 still remaining the score was tied for the eighth time in the half, and 19th time in the game, 80 apiece.

In the next minute, Gray sank two bonus charity tosses and stole an incoming pass for an 8 point bulge, 88-80, before the Knights could tally a single point. Forced to play catchup roundball the remainder of the contest, Schilling's troopers tried valiantly to get back into the game but the closest they

Seated are two of the commuting students of Marian College, Vicky Boylan and Julie Wurtz. They are among the many who would benefit from a thorough remodeling of the Perc. This task is now being undertaken by the SAC Facilities Committee.

could get was the final 105-97 margin.

Even though the Big Blue connected on 11 more field goals than the host squad, Earlham hit 37 of 50 free throw attempts to Marian's 7 of 14. Similar to the first meeting between the two schools when Marian was charged with 27 personals as compared to 9 for Coach Del Harris quintet, the Knights again were tagged on 33 whistles. While Earlham only managed to get called on 12 fouls—at least in the eyes of the officials, that is! All five of Marian's starters were buzzed out with 5 personals. The Quakers attempted 16 bonus opportunities and Marian only one, which didn't come until

there were only two minutes left to play.

Bill Smith, who closed out the season as Marian's top single season point producer, as usual copped scoring honors with 26 markers. Apke only managed four points in the second stanza but still wound up with 21.

The Phoenix would like to extend its congratulations to coaches Schilling, Morrell and Riesen and the team for a most satisfying season. We too are looking forward to next year, already - of course after baseball season.

-Roger Branigan-

## BALLET AT MARIAN

Tomorrow, Thurs., March 9 holds a cultural treat in store for lovers of dance. The Butler University students will perform in the MH Auditorium from 12:00 to 1:30 p.m.

Under the direction of Prof. Verdak, professor of ballet at Butler, the dancers will perform excerpts from larger ballets ranging from classical ballet to Russian dance and modern jazz. In complete costume they

will be dancing to full orchestration provided also by Butler students.

This dance performance will be Marian's last convocation this school year unless Victor Buono can be rescheduled for the spring. Don't miss this Marian first!

## TRAVEL ABROAD INEXPENSIVELY

The U.S. National Student Association has announced a new special travel program for students and faculty members bound for Europe.

Announcing the new program, Michel Le Bidois, director of the NSA Car Plan, predicted an end to students being stranded abroad for lack of accommodations. The new CAR-TENT program is being offered, he said "as part of our continuing efforts to provide carefree and inexpensive means of travel abroad to the student communities."

Provided are a new four passenger car and a new tent for \$288 for the first month and a semi-monthly charge of only \$35 thereafter, with all the mileage one can drive. The tent accommodates four persons comfortably and can be taken home for further use, once the European trip is over, at no extra charge.

The tent, he added, can be compared to a spare tire, "you may have very little use for it, but you know it is there when you need it." Of course, many students will make full use of this new accessory, he concluded.

This program is in addition to other car plans providing students with low cost short term rentals, regular monthly leases and complete car purchase arrangements with grants. All students, faculty members and administrators are eligible. All orders must be placed directly with the NSA Car Plan division in New York. Applications and full details on all programs and discounts (grants) are available without charge, upon request, from NSA Car Plan, 420 Lexington Avenue, suite 2560, New York, N.Y. 10017.

Cathy's Commentary

# CONSTITUTIONAL CADENCE

The Constitutional Convention 'rages' on? Not quite. The convention was held once again Sat., Mar. 4, but due to lack of participation, it will continue through Student Board meetings starting Sun., Mar. 12. It was decided that since nearly all participants were Student Board members the constitution might as well be handled at regular Board meetings. But this is not to say that the convention pulled an absolute blank. No-accomplishments were made in the form of some well-grounded suggestions; those that I feel to be more progressive and reformative changes are discussed below.

## Multi-Modifications

Suggested innovations in Social Council will probably seem the most 'radical' to students. Social Council membership would consist of two representatives from each class, a dorm rep from each dorm, and a Booster Club representative. The Chairman and Vice-chairman would be elected from this group, by this group. The Chairman will then appoint a Secretary-treasurer from the general student body. The Social Council will therefore be cut from 24 members to 14. It was felt that perhaps this will bring efficiency into the group, which now has a hard time getting a quorum to hold a meeting. Most clubs (which this year have membership in Social Council) aren't actually involved in social activities for the general student body, so the purpose of their representation on Social Council is not valid. The fact that the Chairman and Vice-chairman will be elected from the group, by the group, is to safeguard that these leaders are interested and qualified.

Class offices may also undergo change. The two Social Council reps will be eliminated, lowering the number of class officers to six.

According to the convention's discussion, the four main class officers are better qualified to represent the class on the social council; the President and one other officer would sit on Social Council. With the traditional social council reps on the list of class officers, the total of eight is too cumbersome to be really efficient, especially when the work can be done by six people.

Another modification will probably be the method of electing the Academic Affairs Committee and Student Services Committee representatives to the Student Board. These two people would be elected in a general student election, along with the other executive officers. Discussion of the growing importance of these two positions prompted this idea.

There was also some feeling that the National Student Association Representative position should be abolished because it is of little value for the Marian College Student Association.

My final comment is the fact that the revised constitution provides that the four executive offices be 'salaried positions.' I think that it has already been demonstrated earlier in the year that this is a wholly unnecessary and unwanted provision.

If any of these suggested changes continuously tick away at your brain for any reason, feel free to discuss it with any Board member. This Sunday, Mar. 12, the Board will meet and finalize the Constitution, probably with the many above changes incorporated. The following week there will be a student referendum to ratify the constitution and get general student opinion. So either support our constitution or offer some constructive criticism; whatever, make the constitution count for the Marian College Student Association.

# TOWARD EVER GREATER UNITY

English has replaced Latin, altars have been turned around, communion railings have disappeared, choirs have been repalced by congregational singing, laymen read parts of the Liturgy of the Word... Why all these liturgical innovations during the past few years? To fulfill a mandate of Vatican II expressed in the Constitution on the Sacred Liturgy: "...to nurture whatever can contribute to the unity of all who believe in Christ..."

"...to the unity of all..." And now the Church has taken one more step toward this goal by authorizing lay ministers of the Eucharist. By request laymen, laywomen and religious may receive permission to help distribute Holy Communion in a liturgical situa-

tion and to the sick. By virtue of Baptism we all share in the priesthood of Christ, therefore when the Mass is offered it is not just the officiating priest's sacrifice, but it is an offering of a "whole" people in union with each other and with Christ. A concrete witness to this sharing in the priesthood is evident in these lay ministers of the Eucharist.

One obvious advantage to having these ministers is to help the priest more quickly distribute Communion to lines of recipients. However, this practical aspect seems to me to be minor when compared to the theological implications: a witness to our sharing in the priesthood of Christ and another opportunity for fuller participation in the liturgy. Thus, another effort toward ever greater unity.

sfb

# LETTER TO THE EDITOR

The history faculty and majors wish to invite you to join them for a late Sunday afternoon lecture-discussion-buffet session on March 12, 1972 at 4:30 p.m. at Marian. Since our department has not had a real reunion for quite some time we thought you might like to get together for a lively discussion on the vital issue of the day, the changing relations of our U.S. government with those of China and Japan.

We have invited a very personable and challenging specialist on China and Japan, Dr. Jackson Bailey of Earlham College, Richmond, Indiana, to be our speaker and discussion leader. Professor Bailey studied at Harvard University where he received a doctorate in East Asian history. For the past five or six years, in addition to his college work, Professor Bailey has been very active in the Association for Asian Studies and

has done research in Japan. Those of you who know him will readily agree that we have an excellent discussion leader in Jackson Bailey.

The presentation on the 'Relations of the U.S., China and Japan in the Seventies' will be given at 4:30 p.m. in Room 207 in the administration building and discussion will follow immediately. Dinner will be served at 5:45 p.m. in the Clare Hall Dining Room and by 7:15 p.m.

## IN SYMPATHY

we plan to terminate our program.

Sincerely,  
Sr. Mary Carol Schroeder

(If interested, make reservations in Room 212. Price is \$1.50 for resident students and \$2.50 for non-residents.)

Susie Schnepf's mother, Mary Schnepf, died in her sleep, Wednesday, March 1, 1972. Mr. and Mrs. Schnepf were in New York for a convention at that time. The funeral was held on Mon., March 6, 1972 in Decatur, Illinois. Surviving are Susie, a junior at Marian, her older brother and sister and a younger sister. The junior class had a special Mass offered for Mrs. Schnepf on Friday at 4:30.

# Spotlighting

Life can be seen as a family affair at Marian College for various students. Various families are represented by two members at this "family school." Yet the unusual that warrants special attention is the family which cheerfully accomodates Clare and Doyle Halls with a trio of its kind. Currently this is the prevailing situation among four families.

The **Hemmelgarn** household has emptied onto the Marian College campus three of its number - Joyce, a senior, Dale, a junior, and Vicki, a freshman.

Battle Creek, Michigan is their home.

Joyce, presently a student teacher in an elementary school, has been very active in her class; she is secretary of the senior class. She is a part of the hustle-bustle of the Colorguard, and spends time working on the yearbook.

Dale, the only male member of the family here, has tackled the position of Resident Assistant in Doyle Hall this year. He is a Business Administration major.

Vicki Hemmelgarn plans on entering the field of medical technology. She is in the Drum and Bugle Corps, and also is a member of the yearbook staff. Vicki commented, "I don't see them (Joyce and Dale) much but it is nice having them here. They're somebody I can always talk to."

**Mauer** power on campus consists of Angie, a senior, Ruthie, a junior, and Mark, a freshman. Their hometown is Greensburg, Indiana.

Asked about her impression of having a brother and sister here, Angie commented, "At times it's kind of a comforting fact. There's somebody around that you feel close to." This senior Mauer is an English major on the Education program. She has worked on the *Phoenix* this year, and was named to "Who's Who."

Ruthie is a history major. She is active in Clare Hall as vice-president, which also requires participation on Student Board. Furthermore, Ruthie is involved with Circulation on the *Phoenix* staff.

The youngest of the Mauer clan is Mark. As president of the freshman class, he is usually on the move. Mark plays on intramural sports' teams. He is undecided about a major, but possibly will go into history.

Three Merkels migrated to Marian from Batesville, Ind. They are Martin, a senior, Larry, a junior, and Ruth, a freshman.

Martin, a math major on the honors program, is student teaching now. He is a member of the *Phoenix* staff, and he plays on intramural sports teams. 'Speaking about having Larry and Ruth at Marian,' Martin said, 'it really doesn't have any great effect on me, but it does give me a chance to associate with my brother more than if he attended another school. I don't see Ruth that much.'

Larry, too, is a math major and plays on intramural sports teams.

Ruth follows in her brothers' footsteps in that she is

## THREE IN THE FAMILY

'Three in the Family' members: standing left to right, Larry, Ruth, and Martin Merkel, Joyce and Dale Hemmelgarn, (Vicki was absent for the picture). Seated left to right, Angie, Mark, and Ruthie Mauer; Joe, Mary, and Loren Stockrahm.

also a math major. An active member of Manasa, she is on the honors program.

The **Stockrahm** siblings on campus are Mary, a junior, Joe, a freshman, and Loren, a first-semester freshman. They are from Linton, Indiana.

Mary is majoring in elementary education. A member of Drum and Bugle Corps, she also participates in women's intra-

mural sports. When questioned about the advantage of having two brothers at Marian, Mary noted that they gave her "some back-up" at times.

Joe, the youngest of the three, hasn't officially declared a major yet; he is on the honors program. Joe is involved with intramural sports.

Loren is also undecided concerning his major. He was in

the Army before coming to Marian this semester. Like Mary and Joe, Loren too participates in sports on the intramural level.

## CONGRATULATIONS

Sister Rachel West's dissertation on 'The Department of State, at Home and Abroad, on the Eve of World War I, 1913-1914' has received an Honorable Mention in the Allan Nevins competition. This award is presented annually by the Society of American Historians for the best written doctoral dissertation in American history. A student from Catholic University of America won first place in the competition. Sister Rachel's dissertation, I.U.'s 1971 entry, and two others received Honorable Mention. Harper and Row publishers have requested Sister's manuscript for possible publication. Congratulations, Sister Rachel.

## PLACEMENT SERVICES

The placement services for students seeking full-time employment have been expanded to provide more assistance to students in their job-seeking efforts. It is now possible for students to establish a placement file and make use of it for years after they graduate.

Mr. John Van Hoose, Director of Placement, explained the value of a placement file to be that "letters of reference and other personal data can be stored in a central location and utilized whenever a graduate is looking for a job." Students contact the counseling office and indicate their job preferences based upon such concerns as geographical area, type of job desired, and size of company. This information is then kept in an active file.

Elaborating on the meaning of active file, Mr. Van Hoose added "when any employer contacts the college indicating an interest in a particular type of graduate, we send a note to those individuals who would qualify and then help them arrange an interview."

Assistance is also provided to students in other ways. A placement handbook is being developed which will aid the job seeker. It does so by providing suggestions in areas such as how to develop a resume, how to react in an interview, what to include in a letter to a potential employer, and many

other concerns that may arise.

"The focal point of all the services," concluded Mr. Van Hoose, "is placement counseling when students have questions or concerns related to their career interests." Anyone having such questions should contact Mr. Van Hoose or Mr. Phil Helner. Both counselors know what services are available and what sources of information should be consulted when problems arise.

# DIAMOND PROSPECTS BRIGHT

The 1972 edition of the Marian College baseball team, under the direction of new head coach Lynn Morrell, has been working hard in anticipation of what could be one of the best seasons in Marian's history.

Coach Morrell, taking over for last year's coach John Harkins, has had his squad on a rigid conditioning system that will result in a group that should have plenty of speed and stamina.

The team, eagerly anticipating some cooperation from the weatherman that will enable them to practice outside, will be blessed with a wealth of returning lettermen that will give them that all important leadership and experience.

The basis for this leadership will be found in the tri-captains elected by the players themselves. Seniors Mike Eimer of Decatur, Illinois and John Jones of Wheatfield, Indiana, along with junior Kenny Tyrrell of Chicago, will head the blue and gold in quest of bettering last year's record and providing an exciting brand of top notch baseball.

The outlook, as all the captains agree, looks good. Dedication and hard work in practice has made everyone optimistic. This practice, which has been going on since early February, features plenty of running and work on the basic fundamentals of the game.

Coach Morrell has all the boys eager to carry on Marian's fine baseball tradition, a tradition which has made Marian a well known baseball power among small colleges.

One thing is for certain; if spirit and hard work make a winner, this year's edition of the baseball team is on its way to an undefeated season.

Watch for a story featuring the individuals on the team in a later *Phoenix*.

## INTRAMURAL SOFTBALL

Intramural softball, always a git at Marian College, returns again this year and promises to be bigger and better than ever. Providing both laughs and thrills, it has become extremely popular over the years and has taken over a prominent place on the intramural program here

at Marian.  
So if you're interested, ask around and get on a team. It's a lot of fun.  
Team rosters of no more than 12 players, with team captains designated, must be turned into Lonnie Litmer or Larry Galas by no later than March 15.

## PACERS DONATE TICKETS

The Indiana Pacers have donated 300 tickets for their Denver-Pacer game, March 10, at the State Fairgrounds Coliseum, to the Marian College Athletic Department. The tickets, at \$2.00 a piece, can net \$600 which will help to defray some of the expenses of the Marian College Basketball Team in the NAIA Title Tournament play, including the trip to Kansas City.

Organize an Athletic Party for yourself, family, relatives, friends!

Tickets are available now: from the coaches, from the bookstore, at the Alumni Office.

Karen Flischel outheights opponent from Marion County General Hospital as Anne Monnot awaits tip.

# WOMEN'S BASKETBALL

Playing a first-rate defensive game, the Women's Varsity Basketball team claimed their second win of the season by romping over the Marion County General Hospital Nurses, 52-20.

Holding a commanding lead throughout the game, Marian was able to tally between 12 and 14 points a quarter, while the Nurses were held to only 6 points at the most.

With 19 big points, Jeanne Grace led the team in scoring. Karen Flischel added 12 points, Peg Smith 8, Barb Meyer 7, Moe Kress 4, and Anne Monnot chipped in 2 points.

Monday night was the scene of one of the basketball battles of the season, when the second-place Beaver Shooters barely defeated first-place The Last Resort 22-20. The game went into two overtimes, being tied 20-20, but Karen Flischel managed to sweep the ball through

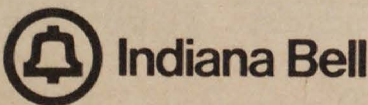

the basket a split second before the overtime ended, giving the Shooters a hard-fought-for game. With 14 points in all, Karen Flischel was the heroine of the bout.

? easily rolled over the Out of Towners 33-4. Anne Monnot and Chris Mc Millen each bucketed 14 points for the winners. The B.A.'s also had an easy game outrunning Da Pacers 24-4. Carol Luthman led the victors with 8 points.

On Wednesday night, The B.A.'s increased their wins by downing the Out of Towners 19-5. Nancy Miller set the pace with 10 points for the B.A.'s. The Last Resort returned to successfully redeem themselves with a 26-5 victory over ?. Jeanne Grace and Delores Szemborski each tallied 10 points for the winning bunch. In the final game, The Beaver Shooters, led by Karen Flischel with 8 points, won over Kirch's Birches, 13-6.

*"Hello,
