FACULTY, STAFF AND ADMINISTRATION.....

This year we hope to inspire a steady flow of contributions to the CARBON from you as well as the student body.

As a person in command of certain areas of knowledge, we open our spaces up to you not only for educating the masses by expressing concern or disregard for anything worth commenting on, but also to quench your own desires for self-expression and give you relief from that feeling of angst responsible for your sleepless nights.

We may come up with inspiring ideas to promote productive creativity or reality (not your forte, Drew?) and ask in person for your comment.

Having the wisdom of education, age, and experience, the position of authority that has been earned is readily recognized and respected. We sincerely believe that representation of faculty thoughts and opinions would add another dimension to student education.

Graciously,

ufeg *- Diana*

"I CAN DO THAT" NOT REALLY TRUE

It was a surprise for me to the news paper article about me on the bulletin board. This article is only half true. I would like to complete the story.

The article had the line "He can do that". This is not completely true. It is true that I ride my bike a lot, and that I went to summer school, but I can't take all the credit for what I do. The strength that I rely upon comes from a faith in a personal relationship with Jesus Christ.

The article also said that I see my handicap as a gift that I want to share with others. I feel that the real gift is what God has done with my handicap. I feel that my handicap is a real part of my ministry. I feel I can reach out to others with my handicap.

NEW STUDENTS (ALL OTHERS HAVE ALREADY APPLIED)

As Carbon co-editors, we are acting on the assumption that we have an obligation to say a few words of welcome to those new additions to the Marian College Community. No long, drawn-out greeting; straight and direct is the order of the day. So, welcome to Marian College and its 114 park-like acres (traditional Carbon first edition greeting)!

There may be a few questions on your minds. Questions like, "Will Marian College change my life? Will I actually be what I want to be when I am what I will be? Will I ever achieve a sense of self? Is it important anyway?," and inevitably foremost in your mind, "Will the Carbon keep me informed?"

The answers: Maybe; It depends; Do you want to? Could be; Of course.

The obvious? There is only one thing sure from the very beginning - US on Fridays. We do recognize that the others may be just as important, but what about the ambiguity, the up-in-the-air-ness of it all. That kind of thing instills distance, and keeps you from knowing or even believing what needs to be done. We, on the other hand, will let you know what will be done, is being done, and what you missed. We will give you a weekly dose of lectures, meetings, plans, sports and events in general (What comes out is straight, how it gets done is another story). But that's only part of it. The other part is you (but we didn't have to tell you that) - your contributions, reactions and reading. Yes, even those who just sit back and enjoy or show other types of interests are needed and appreciated.

At any rate, the school year has already begun and welcomes from others may be worn by now, but ours is newly extended and with all the sincerity we can communicate. Have the best. Rewards are many if you only avoid things like social regimentation, altruistic suicide and fattening foods.

Have a good one on us,

- Diana

FRESHMAN—

THE STUDIES SKILLS CLASS LIVES!!!

Contrary to popular belief (and widespread rumors), Dr. Appleby's Study Skills class is still being offered at the time (12:30), place (Library Auditorium), and days (Tuesdays and Thursdays) as indicated on your class schedules. Topics covered so far have been "Note taking strategies (8/26/80)," and "How to read a book for maximum comprehension (8/28/80)." The subject for the last officially scheduled class next Tuesday will be, "How to prepare for and take exams." The first two classes will be repeated if enough people who have missed the first two are interested in attending. Dr. Appleby can be reached at the Psychology Lab in the basement of Marian Hall.

THERE'S ALWAYS ROOM....

On behalf of the Music Department, faculty and students alike, I would like to extend a hearty thanks to Marian College for all the beautiful improvements that have taken place at the Stokley Music Building during the summer months. The once-scuffed wooden floors are now refinished and shining with new wax. The south porch has undergone extensive renovation and is now a beautiful reading room for students. And best of all is the new sidewalk which extends from the library to Stokley...we no longer have to attend class with wet shoes!

Thank-you administration for the planning. Thank-you maintenance staff for your long hours of hard work. Thank-you everyone who was involved in any way with the improvements. --Anne Rody----

HEAL ME

Heal me, sistuh
Heal me, sistuh
Oh sistuh, you know I've been this way before
And I know I shouldn't do it no more
But now this thing has gone
Totally out of control
I got this crazy love for rock n' roll
Oh sistuh, you know I sure like to have my fun
and I don't never ever hurt no one
But the parties and the worn en geta bit extreme
So now you know why I scream
I scream

Heal me sistuh, I need your guiding light
Heal me sistuh, need you to set me right
Heal me sistuh, oh sistuh don't say no
Heal me sistuh, there's some things I should know
(let me touch the sacred garment)
Heal me sistuh
I'm right down on my knees
Heal me sistuh
VR help me please
Heal me sistuh Mary d-this boy needs the wrath
to get his mind on the righteous path

Heal me fod-ah
Heal me fod-ah
Oh fod-ah I've been on this crooked path too long
You know my brain is damaged
Just read this song
My friends say I'm crazy
And I know it's true
Oh tell me fod-ah Brian
Ain't there nothin you can do

Heal me oh fod-ah—I'm bumpin into walls
Heal me fod-ah pass out in bathroom stalls
Heal me fod-ah I can't tie my shoes
Gonna be a monk, got nothin' to loose
(cut loose with on e of dem holy cards)
Heal me fod-ah I forgot my name
Heal me fod-ah my memory's not the same
Heal me fod-ah they say I've gone insane
Heal me fod-ah I've got noone to blame
But me

TO THE MASSES

If you miss Kim and want to offer her a little encouragement in her newest adventure (grad school in Vermont), write her a quick note and drop it into the box marked "For Kim" in my office. As soon as I have a respectable number of notes, I'll mail them to her in one package so that she can be reminded that Marian College still loves her.

Dr. Appleby

I stand here on the summit of the mountain. I lift my head and spread my arms. This, my body and spirit, this is the quest. I wished to know the meaning of things. I am the meaning. I wished to find a warrant for being. I need no warrant for being, and no word of sanction upon my being. I am the warrant and the sanction.

TO THOSE OF YOU WITH NOSES...

Here we are, once again, officially inviting you to become a celebrated Carbon staffer (celebrated is the key word here, interpret as you like). If you can write a sentence, draw a line with a ruler, type 10 words/minute (mistakes are O.K., we have erasers), or just look good sitting in a chair, the Carbon is the place to be. We are looking for people with a library of information waiting to be bestowed upon the world, a whirlwind of creativity that astounds the mind, and a flowing river of imagination that fertilizes all who behold it (we are also in dire need of a poet with a good sense of imagery). If any or all of the above descriptions apply to you (and even if they don't), talk to Diana (ext. 508) or Meg (ext. 506). Or better yet, we'll have a meeting this Wednesday at 9:00pm in the Carbon Office across from the Caf. Please don't be shy.

We are also going to attempt to induce more editorials this year, of both international and campus interest. But we need your contributions and replies. Anything we can do to encourage or outrage you to do so, let us know. We'll do anything we can to assist.

WHAT HO! (ANOTHER GREETING)

The Carbon welcomes the following new members of the faculty and staff to the Marian College community:

Alan Lisle - Director of Development
Sr. Mary Gloria Gallagher - Music Department
Fr. Dr. Leopold Keffler - Biology
Dr. Kenneth Gordon - Biology
Mary Alice James - Nursing
Patrick Doyle - Respiratory Therapy
Joan Dehmel - Business
Donald French - Assistant Director of Admissions
Dan Stockwell - Director of Financial Aid and Housing
Sr. Ruth Mary Forthofer - Director of Student Activities
Daniel Remley - Director of Men's Residence
Deborah Bhagwandin - Director of Women's Residence
Nancy Lineberry - Nurse
Barbara Kennedy - Bookstore Manager
Denise Brennan - Director of Alumni Relations

We wish you all the best.

STUDENT BOARD MEETING — 8/26/80

The meeting was called to order at 9:04pm. All members were present. Also present were Debbie Bhagwandid, Bryan Cunningham and Dot Buckley. The minutes of the April 29th meeting were read and approved.

Treasurer's Report: As of April 30th- \$1545.52. This does not include summer expenditures. Final report will not be ready before Friday, August 29th.

Committees:

Social Planning: Tim reported that there was a folk concert for the freshmen on Saturday, August 23rd. The dance scheduled for August 25th was cancelled because the band did not show up. Social planning committee is planning a ski trip again this year but would like the help of other clubs in planning this event. Also any suggestions about future events would be appreciated.

Academic Affairs: No report

Student Affairs: No report

Senior Class: They have an outdoor concert scheduled for either Sept. 12 or 19th depending on the band which will be the Third Generation. The hayride is definitely scheduled for Sept. 26th and Sadie Hawkins Dance is not definite because of a conflict with other organizations.

Soph. Class: Freshmen slaves and their masters have been picked and Slave Days will be Wednesday and Thursday, August 27 and 28. There is a possibility of a Beanie Burn on Thursday.

Clare Hall Board: No report

Doyle Hall Council: They will be sponsoring a dance on Thursday August 28th outside of Doyle Hall.

Old Business: Student Board will no longer sponsor any event such as Senior Party because of their liability. We were required to pay for damages incurred at last years Senior Party.

ALL CLUBS WISHING TO RECEIVE FUNDS FROM STUDENT BOARD MUST SUBMIT A REVISED CONSTITUTION BEFORE THEIR BUDGETS WILL BE CONSIDERED. All budgets and constitutions must be submitted to the Student Board before September 9th.

Meg Higgins and Diana Solar were approved UNANIMOUSLY as CARBON co=editors for 1980-81.

Lease Agreements for the sound system were again discussed. We are looking into buying our own turntable and having it permanently hooked up to the rest of the system so that we have no more problems with it. The item was tabled until further inquiries could be made.

New Business: We received two alternatives from the agent of the band that did not show up for Monday night's dance. Either we receive full refund from our deposit on the band or at a later date, we could have a better band for the same price. Mr. Elmendorf suggested looking into these items because of the problems the band cancellation caused us. The matter will be discussed with the bands agent.

A motion was made not to allow political propoganda in the Student Board Office. The motion carried by voice vote.

Other business raised for discussion but tabled included: The position of Election Chairman still needs to be filled. The redecoration of the Student Board Office is still not final. Use of the Student Board room by other groups will be looked into.

Suggestions for ELS representation were discussed.

Ann Julian's name was placed in nomination for Day Student Representative to Student Board.

CARBON requested buying a newspaper for the office to keep up on international news for the CARBON.

The meeting was adjourned at 10:04 pm.

Respectfully Submitted,

Mary M. Holste 4

DORM STUDENTS

Students who live in the dorm and make long distance phone calls must have a student billing number. If you failed to get one from the Indiana Bell representative when she was on campus, please Sr. Rose Marie Butler in the Business Office and she will get one for you.

Any student who places a call on the Marian College number will be fined \$25.00 for each call.

STUDENTS WITH CARS...

Marian College car stickers must be displayed on left rear bumper, or else be fined.

INTERESTED IN BEING MORE INVOLVED WITH THE COLLEGE COMMUNITY LIFE?

Then why not participate in the programs offered by the Campus Ministry? The Marian College Campus Ministry: 1) promotes the study and reflection on the religious nature of humankind; 2) provides opportunities for private and group prayer and retreats; 3) calls the Community to serve the needs of its own members and the wider community. There are many ways that you can be part of the Christian Community at Marian by serving others, and by developing your own total person. The Ministry program is for all members of the college community, regardless of their religious denomination. If you have not already signed up, then pick up a yellow flyer from the radiators on the main floor of Marian Hall, or from the Ministry Center on the first floor of Clare Hall, fill it out and return it to the center.

for Campus Ministry

BASKETBALL TEAM

There will be a meeting of all prospective basketball players next Wednesday, Sept. 3, 1980.

Room 130, Clare Hall
3:30pm.

Coach Grimes

PHOTOGRAPHY CLUB

The first meeting of the Photography Club will be held Wednesday, September 3, at 11:30am in the Psychology Lab (basement of Marian Hall).

If you are unable to come, but are still interested, please contact Dr. Appleby or Tuan Phung (ext. 350).

SOCCER MEETING

Any student interested in playing soccer this fall, there will be a meeting Wednesday, September 3, at 4:30pm in Room 130 of Clare Hall.

DEAR MARIAN COLLEGE COMMUNITY.....

The officers and members of MANASA welcome you! MANASA is a statewide club affiliated with the mental Health Association of Indiana. It's main thrust is the promotion of mental health; ranging from working with the mentally handicapped at mental hospitals to visiting adolescents at correctional institutions. The organization welcomes all M.C. students who have a natural concern for people. If interested, sign up at Shopper's Fair.—MANASA—
