## LETTERS TO THE CARBON:

### TO THE MASSES:

This is in reply to last week's letter from Patty Riley, Theresa Clemons, and Danine Bettice concerning smoking in the non-smoking section of the Caf.

You state that "it is not our intention to blatantly ignore the rules" but that you have "lit up" in the non-smoking area. I cannot think of a better description for what you are doing. For not trying you are doing a great job of succeeding.

You state that "in trying to comply with the rules....you have checked with those around us if they would mind." That is very considerate of you. However I must point out to you that when smoke is released into the air it does not remain in one place; it diffuses throughout the room. You may not think that it is not detectable across the room, but believe me it is very detectable.

You state that "When there is no objection we go right ahead and smoke only to be berated by a few habitual complainers." I admit I am a habitual complainer. I will remain one so long as the air I breathe is polluted by anyone. To rephrase an old saying: Your right to put cigarette smoke in the air ends where my body begins. So if you must smoke please do so in the smoking section. Please don't even walk through the non-smoking section with the lighted cigarette. The effect on the air is much worse than you realize.

You ask that "non-smokers sit in the designated area so we can do the same." That is an excellent idea. Nonsmokers please do sit in the non-smoking area. Even if you don't mind the smoke, some of us find it distinctly uncomfortable, to put it mildly. You would be doing both smokers and nonsmokers a favor.

A Nonsmoker,  
Theresa Martino

### THE SEE PETER COLUMN!

Good evening, my hamsters. This is See Peter once again bringing you the on the scene news theater. (Take a look Blair.) (Oh you guys guess who?!)

I have been informed that MAN OF LA MANCHA rehearsals have begun. Hee-hee-hee. Oh, calm down! Also another Daniel Kastle production! "Rosencrantz and Guildenstern are dead" plays at the Broad Ripple Playhouse starting Feb. 8. See your paper for details. PLUS, CHORUS LINE!! Need I say more!!

Well as usual Ben, Blair, Margo, and myself had a rotten holiday season. (What do you mean Margo? You enjoyed it!? You gravy sucking pig!! Get Out!!) Anyway the year ahead seems brighter than the Black Hole of Calcutta, which isn't saying much. Well, I must be off. I must drive Ben to electro-shock therapy.

Tah, and keeping an eye out for "Concerto in A Minor Dispute". (And some of the disputes may make it on stage.)

### SLIP, SKIP, AND SKID

We have heard of "slip into something more comfortable," "slip into a party," "slip into a pub and sip beer" — All these give us a relaxed comfortable feeling of slip. But what about slipping our way to the Caf or Marian Hall? on glazey, icy pathways from Doyle Hall? Wonder what the people responsible are doing about the whole affair? Sure the temperatures are below freezing levels, but how have they succeeded in keeping some parts of it clean and leave the rest unattended??

Danine: Who are you?  
Roberta: Roberta Schiller  
Roseann: Prove it!  
Danine: Tell us about yourself.  
Roseann: Well, I'm a music major...  
Danine: Not you Roseann! Roberta, tell us about yourself.  
Roberta: Basically, I'm just a small town girl.  
Danine: Is that all?  
Roberta: Well have you ever lived in a small town?  
Danine: Wait! I'm asking the questions. Do you have any hobbies?  
Roseann: Well, I like to watch Kurt Guldner.  
Danine: Just type Rosdenn. How about hobbies Roberta?  
Roberta: I play a lot of Euchre and read Descartes.  
Roseann: What is your major Roberta?  
Roberta: Philosophy.  
Danine: Why philosophy?  
Roberta: Why not? I wanted to change my major and philosophy interested me because it makes you think. So I thought about it and nothing else came to mind but philosophy. I like logical relations too. You don't have to send them anything at Xmas.  
Danine: I understand you are taking voice lessons...  
Roberta: I wanted watermelons like Roseann. Seriously though, I'm taking voice lessons for the fun of it. Besides, if it turns out that I have a good singing voice I'd love it!  
Danine: Do you drink on campus?  
Roberta: "On campus?" What kind of drink is that?  
Jill: I think they serve that at the Mug Rack.  
Roberta: I don't do beers.  
Danine: Are you happy with your appointment to the position of CARBON co-editor?  
Roberta: Ecstatic!!  
Roseann: Do you think you can get along with Danine?

## GYM SHORTS

### Marian College Basketball 1978-79

The 1978-79 version of the Marian Knights Basketball Team has already made one major improvement over last season, and is looking ahead for more. First, the Knights have already won more games, eight, then they did all of last year when they were 7-15. Secondly, they are looking for the first winning season since the 1973-74 season, and thirdly, they are looking for a possible district 21 play-off birth that hasn't been achieved since that same 1973-74. These last two goals, of third-year head coach John Grimes' Ball Club, appear to be very much within the grasps of the knights, especially after last Tuesday night's 86-79 win over the defending district champion Franklin Grizzlies, the first time the Knights have beaten them in the last seven games.

This year's version of the Knight Cagers may be one of the youngest ball-clubs in the district. With no Senior members on it's roster, 2 Juniors, 11 sophomores, and 6 freshmen, the Knight's have been at times, lacking in maturity and experience, that has shown up in four of their losses coming by a combined total of only eight points. It has not been uncommon to see a starting line-up of four or five sophomores throughout the course of the season, thus far. The two Juniors of the ball-club are 6'-3" co-captain Rick Johnston, of Dillsboro, averaging 2.3 point/game, and 6'-7" Jim Brothers of Roachdale averaging 4.5 points/game. The Sophomores include 6'-7" Chad Miller of South Bend, currently the team's leading scorer with a 12.0 average, 6'-4" George Chatman of Indianapolis, (11.1) who also leads the team in rebounds with 116, Phil Sarvari of South Bend (11.1), who also leads the team in assists with 63, 5'-11" Bryan Mills of Whiteland, (10.9) and who has averaged 18.2 points/game over his last 6 games, 5'-7" co-captain Dale Wernke of North Vernon, (4.3), who is also the team's leading free-throw shooter, shooting 79%, 6'-7" Ron Brothers of Roachdale, (3.6), 6'-5" Brendan Mc Geehan of Noblesville, (5.3), and he leads the team in field goal percentage shooting 52%, and 6'-0" John Brinkley of Indianapolis, with a 9.8 average.

Other players on the roster who are making a significant contribution to the Knights' success, as well as playing for second year coach Greg Deaton's Junior Varsity Team, are 5'-8" Sophomore Tom Lewis of Dillsboro, averaging 4.9 for the JV Knights 6'-2" Freshman Gary Weber of BATESVILLE (15.7), 6'-1" Freshman Alan Buck of New Ross (11.7), 6'-2" Freshman Randy Lehman of Martinsville (10.8), 6'-6" Freshman Tony Watson of Terre Haute (5.7), 6'-4" Sophomore Mark Freije of Indianapolis, (8.4), 6'-3" Freshman Dan Greenlee of Elkhart, (10.3), 6'-3" Freshman Dale Keith of Rising Sun, (4.8), and 5'-9" Sophomore Gene Franklin of Indianapolis, (5.5). All above averages are those of Junior-Varsity Competition. The Junior Varsity Knights are currently 3-7.

The Knights are currently 8-8, and have won four of their last five. They played up at Fort Wayne against Indiana Tech last night in search of climbing above the .500 mark for the first time since they were 2-1. They will be on the road for two games next week when they travel to Thomas More on Wed. (Jan. 31), and to Bethel, on Sat. Feb. 3, for a very important District 21 Independent game. They will then return home on Tuesday night Feb. 6 when they host the Wabash Little Giants.

### MARIAN COLLEGE SOFTBALL CLUB

We would like to introduce you to the Marian College Baseball Club. We are not a Varsity sport. We have student officers and coaches. We receive funds from the student board for equipment, payment of umpires, and gas money when we travel. Games are scheduled by students with other colleges. We play both slow pitch and fast pitch softball depending on what the opponents play.

Last year our season record was 9-2. This year we hope to add more games to our schedule and our goal is to go undefeated.

Anyone can join the club. Come to the Introductory meeting Thursday, Feb. 1, at 9:30 p.m. The meeting will be in the Clare Hall Red Room. If you are unable to attend the meeting, and are interested, contact one of the officers.

### CARBON FEATURE CONTINUED

Roberta: We get along fine since she gave me a daffadill last year. I think she feels sorry for me....

Roseann: Do you foresee any problems with the CARBON this semester?

Roberta: I can't see anything without my contacts.

Danine: Roseann, do you have any other questions for Roberta? (Geesh! I thought I got to do this interview.)

Roseann: Roberta, can I still type for the CARBON now that Vince McCann types too?

Roberta: I don't see why not. You do a good job, you're experienced and you know absolutely nothing about typing. Maybe you should do the cover next week instead. Ron, don't forget your feature next week. Jill aren't you finished with that cover yet. Hey Bettice, get me a Dew will ya. I'm thirsty. This editor business makes me thirsty. Who let Hanley in this office? It's alright he's cute. I guess that about wraps it up for tonight. You are all free to go. Be back next week we'll need you.

GOODNIGHT ALL!!!!!!!

## A PASSING THOUGHT

I've walked this road before,  
but I'll pass this way just once.  
I am the root that has found  
the earth,  
but I am noone special.

I am unique

for I am a man.

And when I do not mourn,  
Rejoice.

I have found the path of life,  
for death and birth are one.

One the beginning of an end  
the other the end of the beginning.

And when I have gone

Remember me,

in strength, wisdom, beauty and anger  
for these are the things that  
I lack.

I've walked this road before,  
but I'll pass this way but once.  
The hills are rough and steep,  
but at the top I touch the stars.

The valleys are dark and deep,  
But at the bottom I drink of life.

I drink of life but remain thirsty,

I am alone.

My pain is nothing new  
because I am a man.

When I feel pain I know there's  
hope.

Because I've walked this road before,  
and will walk it once again.

Each time it is easier  
although the pain is harder to bear  
but bear it I will,  
for I shall not pass this way again....
