SPECIAL ELECTION ISSUE!

This Wednesday, May 1, you will have an opportunity to vote for next year's board president and the board secretary. The reading room will be used as for previous elections with the voting taking place from 8:30 until 2:30. The choice is yours, the candidates have been chosen according to qualifications specified in the student association constitution. In voting be sure to consider the duties of each office as well as the qualifications and experience of the nominees. In brief the duties of any of the four officers of the board are the same as those of any executive committee - it is their responsibility to see that the activities of the organization are carried out efficiently and successfully. Specifically the president must be one who can lead the school's activities, plan ahead for the needs of the school year, officially represent the student body at school functions and also at collegiate meetings away from Marian, and be one who can devote much free time for the betterment of the college. In the president's office there is opportunity for the use of original ideas, constructive plans and working for a better Marian. The secretary's office carries less responsibility than the presidency but there still must be a person in office who can work as a member of an executive committee that is really working for the students. The secretary must be capable of handling any correspondence and keeping accurate minutes of the board's proceedings.

FOR PRESIDENT:

SOPHOMORE SILONIZ SPECIAL

The sophs are sponsoring a car wash May 6-10. Juniors and seniors take heed! They promised to do an excellent job for 75 shekels, both inside and out. The profits are to go to the Hungarian fund here on campus. The sophs promise a thorough job and guarantee your satisfaction.

If the seniors have a slightly bewildered look or if you find it difficult to understand their actions, just remember that comps are on the 3rd and 7th. Both mornings the seniors will have three hours in which to prove that they know their major field. (You're right, that's a lot of time.)

Sports spotlight...

Our newly formed varsity golf team dropped their opening match to Hanover (5-2). Word has it that we discovered some veritable pros, tho. (Who was that elderly padre hobbling around the first nine with the tram?)

The water polo team was edged out by the I.U. medical students (7-2) Sunday last.

The M-Club and A.R.A. are making plans for the annual Field Day to be held on campus the afternoon of May 14. Classes will be dismissed that afternoon for the occasion and we're sure none of you will want to miss the event. Those of you who have participated in this annual event know that the activities are varied, interesting and most of the time just plain funny.

HEY, GANG # Let's go on a HAYRIDE!!!

This Friday night, May 3, the M-Club is sponsoring a hayride at DeHart's farm from 8:30 to 11:30. Tickets are \$1.50 per couple. NO ALCOHOLIC BEVERAGES ALLOWED. (Shucks!) We hear there will be fishing by moonlight, but, sorry no swimming. There will be a map posted on the main bulletin board this week giving directions to the farm.

"OPTIMIST'S CLUB"

This is the "new" name of the Marian Alumni Association. Tonight they are having an induction for the present seniors. This is really optimistic, considering that comps aren't over yet. However all the seniors are grateful for the association's display of confidence.
