EDITORIAL: THE GOOD DEAN

Today, it was brought to my attention that a committee to look into the development of a non-administrative conduct system is being formed by Dean Brames. It is not surprising that Dean Brames has exercised such initiative seeing as how a committee has already been established by the Student Board to discuss a proposed revised conduct system, and the Dean has been asked to attend these meetings. He did come to the meeting last Friday, even though he had not read the proposal, submitted to him at least three prior to the meeting in advance. Surely this lack of diplomacy is excusable, but the breach of common courtesy in his unpreparedness is appalling. Surely any student can understand the Dean's denial of student rights (even though the Student Board refuses to admit this and passed a statement on the Rights and Freedoms of Students as part of the Consitution of the Student Association). So too, the students are no doubt aware that their petitions and polls do not provide a clear picture of student opinion (after all, anybody will sign a petition or feel pressured to vote a certain way on a secret ballot poll). I'm also confident that no one will regard the Dean of Student Services obvious disinterest in the Student Board committee as an indication of a lack confidence in the ability of the students, or as a sign of unwillingness to work with the Student Board. But really, Dean Brames, the gall to come to that meeting wholly unprepared! It was a terribly rude thing to have done.

EDITORIAL: ALCOHOL

The only rational for the prohibition against drinking or possession of alcoholic beverages is:

"The educational mission of the College necessitates that the students have goals and objectives. In achieving these goals and objectives, it is necessary to refrain from behavior which is related to or results from the use of alcoholic beverages!"

However, it is clear that use or possession of alcoholic beverages as such does not automatically lead to behavior which violates either the educational mission of the College or the goals and objectives of the students. In granting an exception to the policy for the Prom, it is evident that the College administration has also accepted this position. The administration showed that it did have faith that students were mature enough to make their own decision concerning the use of alcoholic beverages. The lack of trouble at the Prom showed that this trust was not misplaced.

So, we have a policy with a rational that cannot be defended by the administration, and are students expected to respect rules which can't be defended? Is it right for the administration to continue to automatically take conduct action against students for use or possession of alcohol when they accept the fact that it does not automatically result in behavior contrary to the "educational mission"? This type of behavior is in fact the exception and not the rule.

Therefore, it is time that the College accept the inevitable and repeal the policy on

alcoholic beverages. Let's not punish those who use alcoholic beverages, but those who abuse them.

EDITORIAL: DOYLE HALL ELECTIONS (cont.)

Well maybe last week's editorial did have some effect--Lonnie did put up a sign saying voting for Doyle Hall Council will take place this Sunday. Too bad those who are elected won't be able to have any meetings. Why? Well it seems that no one was nominated for any of the class representative positions or for Social Council Representative. That will mean that more than half of the Council will be missing, so they will never have a quorum. Remember though, that no one posted a sign saying that those positions were open, and that could be why no one was nominated for them. It would seem to me that someone might post such a sign and reopen nominations. But then again, we wouldn't want to ask too much of our overworked Council, now would we?

Phyllis Bryzozowski, falling from a height of twenty (that's 20) feet, incurred two breaks in her left leg, fourth one from the top. The fall occurred minutes before the opening of "Smart Bug" Thursday afternoon, and was caused by a faulty prop (they don't make webs like they used to!). She'll be O.K.

Gene Bourke will be substituting for Phyllis in her role as the Spider in "Smart Bug" Friday, at 1:30 and 8:00, and Saturday, at 8:00. However, the Sunday show has been cancelled.

BUDGETS

A reminder that all budgets for classes, clubs, and organizations must be submitted to the Treasurer of the Student Board by this Monday, May 8. For information see Vince Ryan.

Complete budgets may be submitted to:

1. Student Board mailbox, in S.A.C.
2. Student Board Office, in S.A.C.

MIXED VOLLEYBALL:

Fans rushed to tear down the nets as the regular season came to a close Wednesday night, but the officials managed to save enough threads for the May 10 playoffs. The final games in the Right Side League saw Henway defeat Luscious Legs; the 6 pack downed Good Golly! Missed Volley! Meep Meep and the Roadrunners copped top honors in the league by extending their unblemished record with a win over Team #4. Incidentally Team #4 was recently voted the team with the most eye-catching name. The Net Profits wound up second by dumping Totem Trash Bags into the cellar. The Left Side League saw the Mokers mix Seagram's Seven; Salt and Pepper finished second by handing Blasted Area their seventh consecutive loss; the Cricket Clic bested Hamm's Six Pack on a strong performance by Becky Raibley and John Kirchgassner, and Subject to Change rolled to the league title by taking the P.J.'s in the nightcap. The final standings are:

Right Side League:

	Won	Lost
Meep Meep and the Roadrunners	7	0
The Net Profits	6	1
Henway	4	3
Luscious Legs	3	4
The Six Pack	3	4
Team #4	2	5
Good Golly! Missed Volley!	1	6
Totem Trash Bags	1	6

Left Side League:

	Won	Lost
Subject to Change	7	0
Salt and Pepper	6	1
The P.J.'s	5	2
Hamm's Six Pack	3	4
The Mokers	3	4
The Cricket Clic	2	5
Seagram's 7	2	5
Blasted Area	0	7

May 18, at 7:30

Bethlehem Lutheran Church (52nd and Central)

Marian College's Operation UpBeat will be sponsoring it's fourth annual CARE-A-THON for 65 continuous hours from 7:00am Wednesday, May 10 to 2:00am Saturday, May 13. Operation UpBeat, which is designed to act as an aid for the potentially capable, yet underachieving, high school students primarily from the Community Services Neighborhood (formerly Model Cities), enters this CARE-A-THON with the express purpose of raising funds for the Kenneth Rogers Memorial Scholarship Fund. This scholarship fund, when substantially endowed, will help interested and deserving UpBeat further their education at Marian College. The three days will consist of continuous entertainment, games, and auctions. The days will be highlighted by poetry presentations and a dance marathon (school record--6 hours and 35 minutes) Wednesday night, a jello eating contest 3:30pm Thursday, and a kissing marathon (school record--approximately 11 hours) Thursday night, and skits, weenie roast, a marshmallow eating contest, and Job Corps singers Friday night. Dance contests will be held nightly.

All activities will be held in the Student Activities Center building on the Marian College campus, 3200 Cold Spring Road.
