What's drinking ?

Dec. 11, 1964

FOR ALL TO SEE

It has come to our attention that a counselor in the men's dorm has found our occasional comments about the men's dorm quite distasteful. This gentleman is operating under the misapprehension that the activities of this "southern sanctuary" are of no concern to the CARBON or the students at large. To be more blunt, it is none of our business. We wish to inform this misguided individual that anything involving students is of interest to them. We do not believe that our comments have even approached the realm of bad taste, and we have no intention of eliminating the dorm as a subject for editorial praise or criticism. This fearless leader of resident men, this dormitory demagogue has made the boast that he will destroy the CARBON if we will not refrain from our dorm slanted references. We leave this comment without further comment.....HoHoHa

M.B.

LOVE AND KISSES!!!!

Anyone who has ever wanted to mix with Clare Hall—you now have your chance. For only 35¢ for old maids and ogres, and 50¢ for campus couples, come and see who Jack O'Donnell and Chuck Federle escort.

Besides Chuck and Jack there will be other entertainment. The Marian Minstrels are not as well known as our two suave friends, but the CARBON hears the Minstrels have more talent. Marian's own Pep Band and the Town Hall Trio will provide competition for the Minstrels.

Friday night—TONIGHT—from 8:30 to 11:30 Mistletoe Frolic guarantees you will have a good time. With all that mistletoe how could you miss?

POLICY

The Student Board is the Executive Board of the Marian College Student Association. It is the voice of the Student Body, and the liaison between the students and the Administration. The administration considers the suggestions of the Student Board as the voice of the students. Students who have a legitimate criticism of college policy should state their complaint to the Board. If the criticism seems to represent widespread opinion the suggestion will be presented to the administration. This is the only feasible way for the administration to discern the concensus of the students at large. The deans will refer all complaints to the Board.

Collect Some More Cans

Notice the chimney sitting in the hallway? The CARBON has the scoop—it's not a real chimney. It's a joke. It's only a box covered with suitable paper so it will look like a chimney.

Think of the students who would have stood there in front of that chimney waiting for Santa to come out.

But there is a purpose to this masquerade—it's the Christmas Food Drive for needy families in Indianapolis. The drive runs from the 11th through the 18th. The dorm students can donate money instead of going shopping. This money will be used for coffee for the Little Sisters of the Poor.

Any can goods, box goods or non-perishable goods may be deposited in the chimney.

DRIED GRAPES IN THE DAYLIGHT

Through the magic of the modern marvel of the movie screen, Marian students may glory in the Academy award-winning escapades of Sidney Poitier as seen in "Raisin in the Sun," this month's presentation of the Player's 1964-65 Movie Series.

This film version of the Broadway play is given a top rating by Nora Fitzpatrick, CARBON drama critic and fine arts co-ordinator. For only 50¢ you can join the multitudinous campus collegiates assembling in the auditorium Saturday evening (Dec. 12) at 7:30 p.m.

Jack O'Hara will appreciate your presence and your money.

Exam schedules for first semester and class schedules for next semester are now available.

Old Maids' Laughter: HeHeHe

Thanks

STUDENT BOARD NOTES:

The Student Board approved affiliation with the National Student Association. This is a secular national organization replacing many of the functions of the National Federation of Catholic Students. In the N.S.A. Marian will pay only for material ordered. Dues are minimal. Under N.F.C.C.S. we were required to pay one sizable sum and received much information which we did not need.

A committee was appointed to investigate the conditions of the lounges and present suggestions to correct these disorderly conditions.

It was called to the attention of the Board that the cheerleaders are in dire need of new uniforms. The budget of the athletic department is inadequate to meet the situation. Discussion was postponed on financial aid until all other possibilities are exhausted. It is not the Board's responsibility to buy new uniforms.

Due to the inadequate space in the Perc the Board has obtained permission for students to take food from the Perc to the lounges. The Board has not enforced the regulation and now it has been eliminated.

Freshman dorm students are permitted to drive to classes from the South Campus. This will be in effect for the remainder of this year.

THE PREAMBLE

We, the students of Marian College, in order to form a more perfect school, establish some semblance of learning, insure domestic tranquility (peace between students and teachers), and secure the blessings of a diploma to ourselves and no others, do ordain and establish this history of our college.

A score and seven years ago our sisters brought forth on this land a new college, dedicated to the supposition and conceived in tyranny that all students are ignorant.

We are now engaged in a great struggle testing whether this college or any other college based upon this principle can long endure. We are gathered in the library which has \$500 doors, marble stairs, eleven fireplaces, one chandelier, one set of pipes without organ, one swimming pool, refrigerated broom closets, an unused or used aviary for the birdbrains who read, and "velour" walls. We have come here to dedicate a portion of this building to the students living and dead who have struggled here. It is altogether fitting and proper that we do this. The world will little note or long remember what we write here but cannot forget what we have done here--expressing ourselves through painting and sketching in the art rooms, and researching an infinite number of term papers.

A Y.C.S. Group

The Men's Dorm wishes to thank those individuals who contributed to the success of the retreat last week-end.

HISTORY OF THE ADVENT WREATH

This charming symbol connected with the season of Advent has not only found its way into America, but has of late been spreading so rapidly that it is already a cherished custom in many homes. It is usually taken as being a "new" custom, but actually it is centuries old.

The Advent Wreath originated a few hundred years ago among the Lutherans in Eastern Germany. It seems to have been suggested by one of the many light symbols which were used in folklore at the end of November and the beginning of December. In the 16th century somebody conceived the fortunate inspiration of using such lights as a religious symbol of Advent in the houses of the faithful.

Advent Wreath ceremony every day outside of Chapel at 11:25 A.M. Everyone is invited and encouraged to join in these ceremonies.

\*Next Week: "What the Advent Wreath is Made of, and The Ceremony"

SUPER SANE CELEBRATION

The Freshman Class is sponsoring the MAD, MAD, MAD, MAD MIXER, Friday, January 8th from 8:30 to 11:30 in the Mixed Lounge. This event promises to be one of the finest mixers to be presented at Marian College. The famous "Four Wheels" will provide the entertainment.

The "Four Wheels" have drawn capacity crowds at the Indiana State Fair Coliseum on more than one occasion. They received a larger ovation than the "Four Seasons" at the same engagement. Through special arrangements with their manager and (Kris Kreis) the Freshman Class is able to present this fabulous group at the minimal cost of 75¢ per person. Under ordinary circumstances, entertainment by the "Four Wheels" would be an extremely expensive proposition. Take advantage of this rare opportunity now!!

CURRENT CALENDER

Dec. 11 ----- Clare Hall Mixer  
 Dec. 12 ----- Players' Movie - Auditorium, 7:30 P.M.
