

The DAZE of future Past

FRIDAY, Sept. 15:

8:00-11:30pm--"Daddy's Gone a Hunting" and "Psycho" in the M.H. Auditorium
(so full of suspenders, you won't jump out of your pants)

SATURDAY, Sept. 16:

8:00-10:00pm--"Babymaker", 75¢ in the M.H. Auditorium; sponsored by the Junior class
(the Planned Parenthood Association will hand out popcorn, cokes,
and pills at the concession stand)

10:00-12:30pm--Coffee House in the Percolator

SUNDAY, Sept. 17:

7:30pm--Welcher Recorder Concert someplace (with a bassoon there to give hairstyles--
NO or is it Sassoon?)

7:30pm--Student Board meeting in the Social Council Room--*forget this*

MONDAY, Sept. 18:

7:00pm--Indianapolis Philharmonic Rehearsal in the Marian Hall Aud.

7:00pm--UpBeat Orientation in the SAC Lounge (bring brass knuckles and chains for
the rumble)

8:00-10:00pm--WAA Volleyball in the I see Jim...(I mean) Icy Jim... (or is it) IC Gym

TUESDAY, Sept. 19:

11:30am--Biology and Conservation Club in Room 157 for election of officers. If you
would like to join but can't come, call Dick Vanes, ext. 551.

12:00--Music Club meeting (Due to the popularity of organs, this will be an organiza-
tional meeting--hope you're taking those pills you got Saturday. For flute
freaks, the flutizational meeting will be next week.)

12:15--Booster Club in the Social Council Room to discuss election of Frosh. members
and impeachment of unfaithful members (and in the Judeo-Christian tradition,
unfaithful members will be stoned--pass the grass)

1:45-2:15pm--Math Dept. will have a student meeting in room 314 (This week's topic:
A House Divided)

WEDNESDAY, Sept. 20:

8:00-10:00pm--WAA Volleyball at Jim's place.

THURSDAY, Sept. 21:

4:00pm--Cross Country with Rose Hulman, here.

The Farmworkers' Struggle

Vol. 37 No. 2

The purpose of last week's ad "Boycott Lettuce" was to either bring to your attention or remind you of the struggle of the American farmworker. Since 1965, Cesar Chavez has been the key figure in organizing the California farmworkers to demand rights as American laborers. Remember the hassle over pesticide control two years ago? Congressional action banning the use of DDT was taken due to the intense efforts of the United Farmworkers Organizing Committee. The grape boycott, begun 5 years
(cont. next column)

ago and ending last winter, called to public attention some of the gross injustices suffered by this faction of the US population. A lot has been accomplished through the recognition, by a vast number of consumers, of the plight of agricultural workers.

The struggle for union contracts with lettuce growers began in the early part of this year. With the threat of a farmworker strike, the Teamsters broke a commitment, made in March of 1971, giving the UFWOC the right to
(cont. page 2)

CAMPAIGN VOLUNTEERS

represent all agricultural workers. The breach involved the contracting of farm labor between the growers and the Teamsters, without consulting the Farmworkers Union. These contracts do not provide for such things as medical benefits, pesticide controls, social security benefits, etc.

Compounded with the lettuce issue is a bill (Proposition 22) to be voted on in California's upcoming elections. This bill is designed to destroy the Farmworker Union in that it will: 1) outlaw secondary boycotts (Boycotts on stores); and 2) make primary boycotts (those on specific brands) extremely difficult, necessitating a listing of possibly several hundred brand names.

What can be done in Indianapolis? Anything that can be done anywhere else if people concern themselves with the struggle against injustice. If you are concerned, the Young World Development is organizing a campaign to leaflet stores and get pledges to boycott lettuce (one million are needed, with 115,000 in so far.). If you have any questions or are interested in attending any organizational meeting (Sundays at 2:00pm), contact Chris Schneider, 925-7953. P.A.M.

Registration - Absentee Ballots

In order to vote in the coming election, you must first be registered. In Indiana you may register at any Democratic or Republican headquarter until Sept. 23, and at your county clerks office until Oct. 9 (in Marion County the Voter Registration Board is in the City - County Building). Other states have have similar deadlines, but to be sure you should register as soon as possible.

If you are not registered in Indianapolis and will be unable to go home on election day, you must apply for an absentee ballot if you want to vote. Application for absentee ballots can be obtained at your county clerks office or often from local Democratic or Republican headquarters. You may have your parents get this application for you and send it to you or write the county clerks office for it. In Indiana all applications must be in by Oct. 20, but it is advisable to get this done as soon as possible.

**Reward
Offered:**

for anyone giving info leading to the capture of Mary Grace Platt's stolen red fingernails. Miss Platt will give one evening of delightful entertainment (she's a terrific card player, too)

This week I contacted all the major campaign headquarters, and they all seem most anxious for all kinds of student volunteer work. If any student is interested in offering some of their time, no matter how much or small to any candidate, I urge them to do so. It is a chance to make your influence in the election worth more than a single vote and at the same time gives you an opportunity to learn something about what goes on in political parties. The following is some information about the Democrats and the Republicans headquarters:

Democrats

The McGovern Headquarters is at 954 N. Pennsylvania. Their phone number is 632-6758. Volunteers do most of the campaign work according to the headquarters and can always be used for mailing registration, canvassing, etc. The McGovern headquarters is sponsoring a street fair this Saturday from 12:00 - 6:00 at Herron Art Institute (1600 N. Pennsylvania). The fair will have rock groups and booths also it is free. For any information on this or on volunteer work, feel free to call or visit the McGovern headquarters. They are open all day.

The Welsh for Governor and Democratic State candidates headquarters is at 1440 N. Meridian (a regional office will be opening soon at 825 S. East St.). Their phone number is 639-3583. They need all kinds of volunteers to do mailing, telephone surveys, opinion polls, typing, etc. If you are interested in working in a certain region they can also set you up for that. If you would like to work for them it would be best to call ahead so they can send you to the right headquarters. They are open from 8:30 am to 10:00 pm Mon. through Friday and at 8:30 am to 5:00 pm Sat.

Republicans

The Committee to Re-Elect the President Headquarters is at 5 Indiana Square. Their phone number is 635-7302. According to the headquarters volunteers can always be used. Jobs include typing, helping with mailing, stuffing envelopes and distribution packets, running mimeographs machines and many more. Besides weekdays they are open Sat. 10 - 2, hours will be expanded closer to the election.

The Bowen for Governor and Republican State candidates headquarters is at 1308 N. Meridian. Their phone is 635-9020. They also offer a variety of jobs for volunteers such as mailing, addressing envelopes, telephones, etc. They open at 7:30 am on weekdays and will be opening Saturdays as election time draws closer.

THE QUIVERING QUILL - BY JED

Olympic Post - Mortum

As one reflects back on the past fiasco called the Olympics, all one can do is say "that was different". A festival of peace and international brotherhood was marred with anger, dishonesty, death, and a constant television coverage.

Myself, I wonder if such contests are worth the money it takes to nourish an Olympic budget. The host city, Munich, poured millions into the stadium alone. Then examine the cost of a country's team. Money to cover traveling expenses, food, housing, training camps. Now add a few thousand for medical expenses. We have reached quite a sum of cash there, but we're not through yet. The officials need to eat, drink, and sleep too. Now take this ungodly amount of money and multiply it times the number of countries participating.

How much food could that money buy to feed hungry children all over the world.

I mentioned the games officials above who were a target for so much abuse. A boxing match between an American and a Russian, where the U.S. competitor had fought to a clear edge and the judges saw fit to award the bout to the Russian. The American team registered more complaints and more officials were relieved of duty than employees of General Motors. Another interesting incident was when the two U.S. sprinters were scratched from competition for failing to be on time for the preliminaries. A time mix up caused these prime Americans for the gold to go home without even running a race. Their coach admitted on international T.V. he was to blame. But Howard Cosell continued to grill the coach by putting words into his mouth as if it were an inquisition.

The U.S. team had its high spots. I.O. Mark Spitz winning 7 gold metals and breaking 7 world records. Dan Gable and the other wrestlers brought several gold metals back home, the land of the brave. And there are numerous other outstanding performers.

Usually I try to add a trite bit of humor to my article, but for a few lines this bit of writing is rather somber. I could not bring myself to joke about the tragedy Munich brought. I only wonder if a medal of gold is worth the lives of eleven young athletes.

THE 13th
GREEN

by
Hamm

There will be a meeting tonight at 6:00 in Room 130 of all Intramural Football captains. At this time they will draw to see who plays whom for the first three games, which will be non-conference games and will not count on the team's records. After the three games the conferences will be set up in a way to balance the leagues. There will be three weeks of conference play, followed by the playoffs in which everyone is eligible. The first game is tomorrow Sat. Sept. 16 at 12:30 at the local gridiron. Maybe Tom Cebulko will be invited back to open the league with his numb-lipped trumpet solo of the National Anthem. Even if he isn't, the stadium fills up early so you had better get an early start if you want to get a good stand. So until then, the first reports on football, women's volleyball, and this horse with the speed of light are turned in, this is the old left-hander rounding third and heading for home.

the MCGOVERN
HEADQUARTERS

Students,

We need your help! The Drum and Bugle Corps is asking for your cooperation in locating its missing mannequin, complete in boy's uniform, which was last seen standing in the auditorium lobby. The mannequin was borrowed from Wasson's Dept. Store, and the Corps is responsible for its return. A \$500 replacement charge seems a large amount to pay for someone's practical joke. If you know of its whereabouts, please contact a member of the Corps. No questions will be asked.

Sharon Monnin

To all Students:

The academic year for Operation UpBeat, which involves Indianapolis inner-city high school students in a program designed to increase educational motivation, begins this Wednesday, Sept. 20. This year UpBeat will consist basically of Math and English instruction based on the "open classroom" concept--a very successful method as evidenced by performance during the summer in-residence program.

Students will be on campus every Wed. from 6:30 to 10:00pm, during which time they will be required to spend at least 90 minutes in the classroom. The other part of their time here will be spent on tutoring, recreation, and other social activities.

Drivers are needed to pick up and take home students on Wednesday nights. UpBeat will pay gas money for anyone interested in donating his/her time. Students are also needed to just hang around the SAC building for tutoring, talking to and getting to know these high school students, playing basketball with them, etc.

Anyone interested, please contact Kenny Bigbee (925-2295), Domoni Chatmon (ext. 414), or Pam Murray (ext. 380). We really need people to donate time and get involved--it could prove to be an extremely rewarding experience!

Kenny Bigbee,
Co-ordinator

At last Sunday's meeting, the Student Board discussed four main topics, with committees forming to look into each of them:

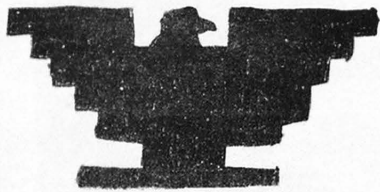

- 1) Possible student representation on the Board of Trustees--the committee studying this hopes to increase student influence and participation in the governing of the college through this means.
- 2) Student Board Office Revision--this committee hopes to initiate new services for the students through more use of the Student Board Office facilities.
- 3) Revision of Liquor Policy--this committee is presently seeking to discover which revisions of the liquor policy are legally possible, and what kind of revision most students desire.
- 4) Political Information Committee--created in view of the upcoming elections, the Student Board hopes to draw into this committee those who would like to take some active part in the elections. The committee will be loosely structured to permit a wide range of activities. These would include formal formation of Young Democrats or Young Republicans, the organization of volunteers for some party or candidate, partisan or non-partisan attempts to get candidates to visit Marian for talks, partisan or non-partisan efforts to disseminate information on the election, candidates, registration, etc.

If you would like to join any of these committees or would like to offer opinions or help to them, you may contact any member of the Student Board.
