A STUDENT PUBLICATION OF MARIAN COLLEGE

WHALEN: "GROWTH BEGETS GROWTH."

by Stacey Nicholas

In her welcoming letter to the freshmen, Marian's new academic dean, Sr. Claire Whalen, O.S.F., writes: "You begin your studies at a turning point in Marian's history. This is a time of revitalization, a time of renewal, a time of futuring." In reality, Whalen, along with Marian's faculty and professional staff, began their futuring at a recent development conference where she challenged them to begin "being at (their) growing edges."

Whalen's mission centers around her ability to "grow people." Before arriving at Marian, she served as the director for the Office of Personnel Services for her community. Preceding that, Whalen served as chairperson of Marian's Education Department.

During her keynote address to the conference participants, Whalen described her unofficial long-range plan. For this year, she would like to work on faculty and professional staff development -- those with whom she works the closest. Whalen plans to continue "fostering human potential" because she "does not believe in charting the future alone." Concentration next turns to the students' developing their full potential, accomplished by making students aware of who they are and what they need. Following this, Whalen hopes to focus on Marian's institutional structure, spotlighting a liberal arts education in the 21st century and

its development in a global society.

Whalen believes Marian's system of liberal education is important to a future in which people live longer and change jobs more frequently. At this point, she continues, a liberal education helps man realize his "place in today's world is to be a steward of the planet." Catholicism places emphasis on Christian values within the perspective of that particular denomination.

Marian has changed in many ways since Whalen chaired here eight years ago. She notices the increasing number of non-traditional students: "I think (Please see WHALEN, continued on page 4)

SUSPECTS APPREHENDED

by Lucy Griner

Last year's rash of theft from cars has resurfaced. On Thursday, September 10, sophomore Laurie Foster's car was broken into on the south side of Doyle parking lot, and a stereo was taken by two juveniles.

In an upstairs window of Doyle Hall, Mark DeHart, Ken Schaffer, Kevin Conley, and Danny Galvin saw the two juveniles wandering around the parking lot. Remembering last year's events, they decided to go outside and take a look. Watching from behind parked cars, they saw the suspects flee into the woods. Schaffer and DeHart followed one of the suspects and security was notified.

The suspect, knowing he was

cornered, turned to talk to Schaffer and DeHart. According to DeHart, the suspect then brought his hand back and threw the stereo, striking DeHart on the shoulder. The chase started again. Schaffer and DeHart caught the suspect and held him. DeHart blew a whistle so M.C.P.D. officer Greg Wright could locate them.

The juvenile willingly revealed his accomplice's name, and he was later apprehended. The juveniles were charged with theft, criminal trespassing and fleeing the scene.

Officer Wright said "I would like to thank the guys for their help in catching the juveniles, but I would also like to caution them about what could happen to (Please see SUSPECTS, continued on page 5)

LETTERS TO THE EDITORS:

On behalf of the 1987-88 MCSA Student Board, I am proud to announce that we are moving ahead in our attempts to promote the image of the Marian College Student Association (MCSA). Just recently, we, the officers of the MCSA, with the assistance of the Activities Director, Mike Henderson, have acquired a new office adjacent to our Student Board Conference Room. This office will facilitate both the Student Activities Director and the MCSA officers. By acquiring this new office space, (which was originally the old Carbon office), we now have a new and renovated MCSA Conference Room. Through the Controller and Maintenance offices, we have acquired new furniture for our Conference Room which will facilitate the Student Board meetings as well as any other Marian College student organization (or even faculty and

staff groups) meetings.

In appreciation for this accomplishment, I would like to thank the Student Activities Director, Mike Henderson, the Controller, Joe Ryan, Director of Maintenance, Ron Schmoll, and Dean Woodman, for all of their contributions.

"The MCSA is on the move!!"

Sincerely,
David A. Guerrettaz
President, MCSA

The picture caption on page 1 of last week's Carbon was incorrect. Mike DeRosa was not the gentleman in the picture. Would the real frisbee player please identify himself.

The views expressed on this page are not necessarily the views of the Carbon or its staff.

"LETTERS TO THE EDITORS" POLICY for the Carbon. The Carbon welcomes Letters to the Editors. Specifications: 100-150 words, in the Carbon office by 12:00 noon, Monday of the week the letter is to be run. The final decision on which letters to run is reserved solely to the Carbon editors and/or staff.

WHAT MAKES NEWS? YOU make news. If you know of an event or happening, let us know too. When you see news happen, call ext. 394.

Carbon meetings are held each Monday evening, 8:00 p.m., in the Student Board Conference Room, on the first floor of Clare Hall. Everyone is welcome.

The Carbon, a source of news and information as well as an open forum for the Marian College campus community, is not an official publication of Marian College and does not necessarily reflect the views of the college administration, faculty, or others. Readers are invited to submit timely and relevant letters of opinion to the editors. Such letters should not exceed 150 words and must include the author's name and phone number. For verification purposes the letter must also be dated and signed. Telephone numbers will not be published, nor will anonymous letters be published. Letters may be edited for clarity and brevity. Editors have the authority to reject any letter they feel to be potentially libelous, obscene, inflammatory, or in poor taste. Ordinarily such letters should aim to address issues, clarify events, promote understanding, or clearly identify what is going on in an event, issue, or scene. No guest editorials will be accepted unless explicitly solicited by the editors. Unsolicited pieces will be treated as Letters to the Editor. Letters to the Editors must be turned in to the Carbon's mailbox in the faculty mailroom by 12:00 noon, Monday, the week they are to run.

50 YEARS STILL GOING STRONG

by Michelle Scheldt

On Tuesday, September 13, the Marian community observed the 50th anniversary of the opening of Marian College in Indianapolis with the liturgy of the Holy Spirit, followed by a luncheon in the overlook room of Allison Mansion. Students, faculty, and staff participated in the liturgy, which formally opened the 1987-88 school year. Among those in attendance at the celebration were 55 Sisters of St. Francis, both current and past faculty and staff members. Sr. Gertrude Marie Zieroff, the only surviving member of the original Marian faculty, received special honor.

Zieroff served Marian College as a Professor of Mathematics from 1937 until 1973. She was the head of the Mathematics Department and the faculty advisor for Marian's student newspaper, the Phoenix. As the Phoenix advisor, she remembers the students' placing high priority on forming and maintaining a campus paper. She noted the principal changes in Marian over the years have been in the student body, especially in the number of foreign students. Zieroff fondly recalls her years at Marian: "I have many happy memories of working with students."

Tuesday's Mass was of special significance as a milestone in Marian's history. Exactly 50 years earlier, on September 15, 1937, Monsignor John Doyle, 24 students, and 16 faculty members celebrated the opening of Marian College in Indianapolis. This original opening liturgy was held in the Chapel of Mary Immaculate--currently the Allison Mansion Music Room.

After the Mass, concelebrated by Marian chaplain Fr. Frank Bryan and Fr. Leopold Keffler, the Sister attended a luncheon at Allison Mansion. As Sr. Claire Whalen, Dean of Academic Affairs, noted in her opening prayer,

Allison and its grounds were originally Marian's entire campus facility.

A welcome address was delivered by Marian President Louis C. Gatto. Following the luncheon, Alan Lisle showed a slide presentation. According to Lisle, the goal of the presentation was to "try to give them a feel for what Marian College looks like today."

When asked about the present-day Marian, the sisters seemed to agree on one account: "It certainly looks different!" Notable differences include the increased size and variety of the student body.

"I think it's very diverse, very spiritual and religious-minded," noted Sr. Adelaide Geis, a former Biology professor and the 1940 Marian College Registrar.

Sr. Annata Holohan, Congregationist Minister of the Franciscan Motherhouse in Oldenburg, is enthusiastic about Marian and its prominent role in the community, the state, and the church; Marian is "a college which continues to do great things."

Sr. Claire Whalen emphasized the importance of acknowledging the Franciscans' contribution to the school. All sisters who have served at Marian since 1937 were invited to the celebration to "show the college's appreciation to the sister faculty and staff."

FRESHMAN ELECTION

By Tina Kunkler

Freshman Elections are scheduled for on September 23 and 24, 1987, in the school cafeteria. Many freshmen are asking "What are Freshman Elections?" Officers are elected by the class to formulate a constitution that will guide them throughout their four years at Marian College. Also, the class receives a sum of money to sponsor activities for the benefit of the entire college. The officers decide how best to use these funds.

Candidate Certification forms are available in the Student Board Room from September 14 through the 21st. Forms must be completed and turned in to the same room by September 21. Results will be announced on September 25.

The Student Board is tentatively planning a freshman class meeting for candidates to express their views to and be seen by fellow students. For further information about elections contact Becky Harris at ext. 534 or Mike Henderson at ext. 365.

All freshmen are encouraged to become involved in student government and become a candidate for office. As David Guerrettaz, president of the MCSA, says "The freshman year is what they make it."

KNIGHTLY NOTES

NOTICE TO STUDENTS

Under the authority of the Family Educational Rights and Privacy Act of 1974 (FERPA), students attending a post-secondary institution are afforded certain safeguards with respect to the institution's disclosure and use of "personally identifiable data about the student." In addition, the provisions of FERPA allow each college to designate "directory information." This category identifies information that may be unconditionally released without the consent of the student unless he/she has specifically requested that the information not be released. Marian College requires that such requests be made in writing to the President's office by September 25, 1987.

"Directory information" includes student's name; campus and off-campus addresses; telephone number(s); date of birth; major field of study; participation in college activities and sports; physical and performance statistics of members of athletic teams; dates of attendance; degrees, awards, and honors, including the Dean's List; most recent previous institution attended by student.

Information and planning meeting for all interested Accounting students. Freshmen, Sophomores, Juniors, and Seniors welcome. Monday, September 21, 1987, at 2:30 p.m. in Room 313. If you are interested in our Co-op in Accounting program and are unable to attend this meeting, please see Tim Akin as soon as possible in the Accounting Department. Office, MH 201, phone ext. 221.

NEW DEPARTMENT: Accounting Department. New Office: Room 201, Marian Hall. New telephone number: 929-0221. Everyone please feel welcome to stop by and say "hello!" Janice Potash and Tim Akin.

Marian College students interested in representing the college to the Model United Nations Security Council to be held at Butler University October 22-24, 1987, should contact William Doherty of the History Department. There is room for six students. The History Department has paid the fees. The college has participated every year for the last seven or eight years.

WHALEN

(Continued from page 1)

that's good." Also noted was the physical growth and creative use of certain buildings." The health field had only just begun when I came." Whalen spent the early months here orienting herself to that particular field.

Commenting on Marian's 50th anniversary, she stresses: "We are standing on the shoulders of the people who have come before us." Let's use this as a "springboard for action in the future."

How does Claire Whalen perpetuate her own personal growth? One weekend a month, she attends a Mystery School in New York under the direction of the world educator Dr. Jean Houston, author of The Possible Human. The school practices transforming the possible human being into a reality. Human capacity development covers anything one needs in order to grow. "I am letting myself grow, so I can be open to the growth of others."

STARLIGHT VISITORS

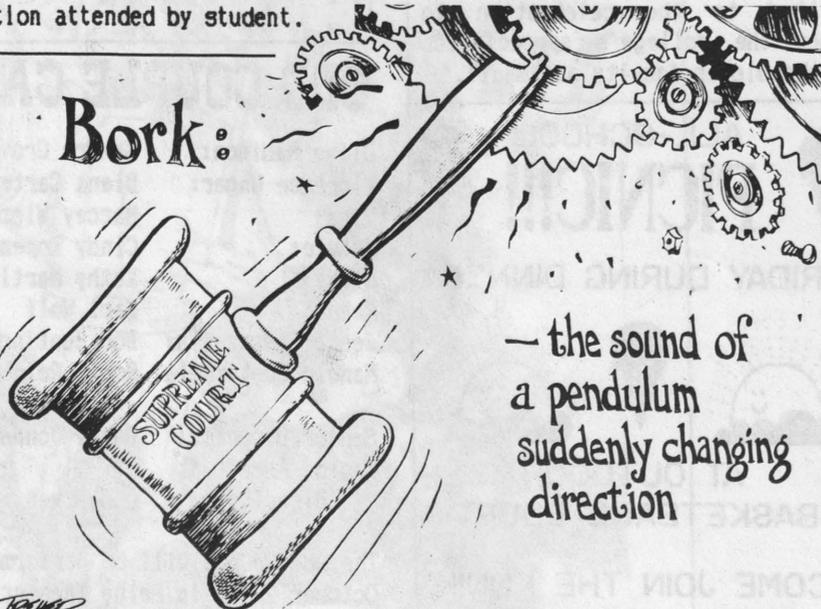

by Sandy Max

The Starlite Foundation, an organization dedicated to granting the last wishes of terminally ill children, was one of the many groups staying in Marian's Dorms this summer. They brought a special group of twenty three children to take part in the Indy 500 Festivities on May 15-17.

Once the children arrived, they were taken to the Hyatt for a reception, where they met Paul Newman and David Hasselhauf, their celebrity hosts for the weekend. Later they went out to the Indy 500 track to meet the drivers and ride in a race car.

The next day a picnic was held for them at Allison Mansion. There were hot dogs, hamburgers, and a lot of laughs. Paul Newman was there for a few minutes while David Hasselhauf stayed the entire afternoon, playing tag and having egg fights with the kids.

COACHING STAFF INCREASES

by Sara L. Matalik

Marian College has two new athletic coaches on its staff this year -- Brad Kolter (pictured) of the men and women's tennis teams and Molly Totten, of the women's volleyball and basketball teams.

Kolter is a graduate of Marian College. Last year, he was the women's tennis coach and assistant basketball coach. Kolter believes that Marian College will be the Knights' toughest competitors, as the Lady Knights will have their hands full with the University of Indianapolis and Manchester College. Kolter feels that coaching at Marian will be a good experience and he hopes to be coaching at a larger school in the future. After a job at a larger school, he hopes to return to Marian.

Totten is a graduate of Hanover College and she received her master's degree from Indiana University. She was an associate instructor, teaching physical education at IU and was an assistant coach at Hanover College last year. Totten feels that Franklin College and IUPUI will keep our teams on their toes this season. Indiana Tech will also be a challenge for the Lady Knights in basketball. She likes coaching at Marian very much and hopes to stay here if all permits.

[Ed. note: Molly Totten was unavailable for a picture.]

CELEBRATION PLANS

by Mike DeRosa

By now you have probably heard that Marian College is celebrating its 50th Anniversary. Many events are planned for the next two semesters to commemorate Marian's history in Indianapolis.

On Sept. 15, a liturgy and luncheon were held in honor of the Sisters of St. Francis, who founded Marian in 1937. About 55 sisters attended, one of whom was an original Marian faculty member, Sister Gertrude Marie. (See related story on page 3.)

On Oct. 4, Marian College Day will be celebrated at the Motherhouse of the Sisters of St. Francis in Oldenburg, Indiana. A liturgy will be held in the chapel. Also on the schedule of events are a tour and slide show.

On Oct. 11, an historical exhibit will be on display at the library covering 50 years of history and heritage at Marian. Photographs and documents of all kinds portraying Marian College through the years will highlight the exhibit.

A 50th Anniversary dinner-dance will ignite the beginning of homecoming week at Marian. The event will take place in the main ballroom of the Indianapolis Marriott. An alumni reunion will be held earlier in the day. Guest speakers will be present to help commemorate Marian's 50th Anniversary in Indianapolis.

On Dec. 8, the Patronal Feast of Marian College will be celebrated along with the Feast of the Immaculate Conception. The celebrant of the liturgy will be Archbishop Edward T. O'Meara.

Other events for the second semester are in the workings. They will include a historical art exhibit from the Marian College archives, which will possibly be held in the library, an Open House, and a final celebration.

Along with the many events of

SUSPECTS

(Continued from page 1)

them." M.C.P.D. Sgt. Kelvin Ballard remarks "They might be carrying a weapon, and one crime (theft) might turn into another (injury)."

When asked about possible solutions to these problems, Wright suggested the use of a fence or surveillance cameras. Controller Joseph Ryan believes a fence or a surveillance camera are not foolproof methods of crime prevention. "I would like to see Marian students in a crime watch program," says Ryan. "Security at the school is as good as all the people, faculty, staff, and students combined." At the R.A. training program, a crime watch program was presented on how to make a safer campus.

Students must be careful and be sure to lock cars and rooms to protect property. Also, unusual events should be reported to security immediately.

the 50th Anniversary of Marian College will be a health fair sponsored by the Nursing Dept., which will be held at Union Station. The fair will be held some time in the future, perhaps in the spring. Students will take your blood pressure and calculate biorythms and cholesterol levels.

These events that are about to unfold are most certainly going to be both interesting and fun. It is also important to remember that it is not the number of events planned for a celebration, but the number of people who attend them.

OUR SIDE OF PARADISE

By Ray List

We live in an age of violence, hatred, and destruction. Every day we hear of fighting and riots, where many innocent people die. Often it is the children who suffer the worst physical and psychological damage in this cruel world. In our society money is more important than human life. Just because people have no money or insurance, they die when private hospitals refuse to help them. It is not hard to find people who are broken and in despair as a result of being used and oppressed. In our own lives we often meet with disappointment, rejection and despair. Sometimes it seems that any good that we do, any kindness that we show is useless. It is as if love no longer has a place in this world.

Christians, however, know better. Our hope comes from a Man who preached and lived love and kindness. He was rejected,

beaten, and killed by those who hated him and his message of love. Those who believed in him and his message lost hope, thinking that it was the end of everything that they had worked for and dreamed of. Yet the cross was not the end! He came back to life, dispelling their despair and proving once and for all that love is more powerful than hatred, cruelty, violence, and even death.

It is this ultimate proof of the power of love that gives hope to so many people since he experienced the same anguish that all people go through and emerged victorious. The girl who feels abandoned by her friends, unwanted by everyone else, has hope. He was abandoned by his best friends and rejected by his entire nation. The woman who is constantly faced with one tragedy after another and feels that no one cares, has hope. He had no one to comfort him when

he was faced with his own torture and death. The social worker who tries to help a child battered and scarred by life's cruelty, has hope. He was beaten, whipped, and crucified. He went through all of this and by his rising conquered it for Himself and her.

As you go through this year and the years ahead, you will encounter frustrations, loneliness, and pain. Just remember that He too went through the same painful journey and came out the victor, thereby showing that love not only has a place in the world, but that it is the most important part of life. When life is as bleak and hopeless as it was for his followers, remember also that the cross wasn't the end but the beginning! Because of this we know that the world will not overcome us; rather through our love we shall overcome.

MARIAN AT 50:

HUMBLE BEGINNINGS

by Stacey Nicholas

Looking around the campus at the nearly 1,000 students and 114 faculty members, it is hard to imagine the foresight the Sisters of Saint Francis possessed when they made their monumental move from Oldenburg to Indianapolis.

During Marian's 50th anniversary, it is important to examine where we have come from in order to plot tomorrow's journey. The Sisters of Saint Francis in Oldenburg, Indiana, were educators. They had developed the Saint Francis Normal School, a two year teacher education school in Oldenburg. In September of 1936, Saint Francis Normal School became Marian College, a four year liberal arts school.

Mother M. Clarissa Dillhoff, founder of Marian College, was one of the first congregation members to receive a bachelors degree. Her insight into the changing role of higher education was largely responsible for the program change.

The 1936 school year began as expected at Oldenburg. No one gave any thought to moving. Later in the fall, the James A. Allison estate in Indianapolis was purchased.

The sisters acquired not only the mansion, which was later to house the entire college, but the servants' quarters (now Alverna Hall), smaller cottages, two farm houses and stables, three large

green houses, five lakes, and four miles of connecting driveway.

The college has grown considerably since then, not only in number of buildings, but also in number of students. When the college was dedicated on September 8, 1937, there were 24 Catholic, female students, and 16 faculty members. The concept of giving a woman a liberal arts education was unheard of at the time of Marian's birth.

[Ed. Note: Facts and figures taken from Sr. Claire Whalen's Dissertation, Marian: the First Twenty-five Years.]

FRANKLIN DEFEATED

by Stephen Tweddell

Tuesday night at the Physical Education Center the Lady Knights volleyball team defeated Franklin College three games to one. The scores were 15-9, 14-16, 15-13, and 15-11. Marian won the first, third and fourth games. Outstanding players were Juniors Terril Reed and Amy Bekham. Coach Molly Totten said that both players had quite a few kills, and setter Kathy Dwenger did a good job. "It was a nice win. They're a tough team," said Coach Totten. Two substitutes, Renee Gilmore and Kellie Via, came off the bench to help the Lady Knights to victory. The team also took on IUPUI on September 16.

LADIES FALL

by Beth Peter

The Lady Knights put up a good fight against Mount St. Joseph Thursday, September 10, at the P.E. Center, but were defeated in four games. Mount St. Joe won the first, third, and fourth games, while Marian was victorious in the second game.

Although the outcome of the match was not as M.C. fans had hoped, it was still an exciting and energetic match. Players proved their drive to win by constantly diving for, blocking, and spiking balls. These women have incredibly quick reflexes.

After this game, the team's record is now four wins and three losses. Coach Molly Totten explained some difficulties the team was having. "There was a lack of communication on the court, the girls were often out of position, and finally the team was physically exhausted after the weekend tourney and the match two days earlier." She also said that Mount St. Joe is one of the best teams Marian will play this season.

GOLF TEES UP

by Mollie Coan

"The Knights golf team is looking rather promising," according to Kevin Conley, senior golf leader of the team. He is very optimistic because of their two newest members, freshmen Doug Gibson of Center Grove and Rick Huertle of Batesville.

At the September 10 scrimmage at Butler, Gibson shot an 81 and Huertle an 83. The nucleus of the team should be strong because of the two new freshmen and the returning Kevin Conley, Mark Wisman, Brian Nichols, Jim Poole, and Jeff McClure.

The golf team's next action will be at the Butler Invitational on September 17, followed by Wabash on September.

CC FINISHES 5TH

by Pam Groves

Competing for the first time at the Butler Invitational, the men's cross country team placed fifth of the seven teams attending.

First place went to the host team, the Butler Bulldogs, followed by Taylor, University of Indianapolis, Hanover, Marian, Franklin and DePaw.

Coach Roberts said he was very pleased with the team's performance, especially that of Scott Van Alst, the number four runner. According to Van Alst, the team ran to their fullest potential at that time, and every member of the team broke his fastest record.

Coach Roberts believes that, although this team has less depth, it has more individual talent than any other team he has coached.

With two members on the injured list and only six men running, Roberts knows there is much work ahead of him, but he is looking forward to the rest of the season.

TENNIS TEAM WARMS UP

by Kirsten Ostergren

Tennis coach Brad Kolter feels the girls' tennis team should do well this season.

The three returning lettermen should help improve last year's record, and the three new freshmen will "add the necessary ingredient for a competitive team." Members include:

- Suzie McOmber
- Laura Netherton
- Jerri Lynn Harlond
- Robin Reed
- Jenny Michaels
- Holly Fehlinger
- Jenna Morrow

and Gretchen Fagen, a transfer student from Eastern, Ill, who will be eligible to play second semester.

The first match is Wednesday, September 16 at Franklin College, and September 21 is a home match against St. Mary-of-the-Woods College.

YOUNG RUNS 3RD

by Stephen Tweddell

Last Saturday, the Men's Cross Country team placed third at the Tri-State Huntington Meet. Marian's outstanding runners were Freshman Rich Young and Sophomore Brad Beckler, who placed third and fifth, respectively. Marian also had runners who placed 13th, 16th, and 17th. "We need to improve," says Coach Dave Roberts. "Our third, fourth, and fifth runners are not running well, but it's early and we will do better." He also noted improvement should come with the return of Dale Kunkle, who is out with a knee injury. Marian will compete Saturday at the Taylor Invitational.

COLLEGE PRESS SERVICE

Legislative Internship

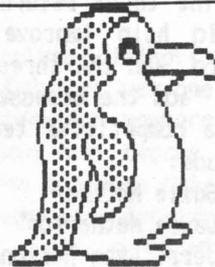

The Democratic Caucus of the Indiana House of Representatives will have nine legislative internships available for the 1988 session of the Indiana General Assembly. Any undergraduate or graduate student is eligible to make application. Strong writing skills and a basic understanding of government and the legislative process are important.

The internships will begin the first part of January, 1988, and conclude sometime in late March. Salary will be \$135 per week. Course credit will be determined by each intern and the respective university. Interns are responsible for making their own living arrangements. The deadline for applications is 12:00 noon on Friday, October 16, 1987.

Given the partisan nature of the staff system in the Indiana House of Representatives, priority will be given to applicants with a Democratic political preference. The House Republican Caucus offers a similar program.
