PARENT'S DAY

The tradition is arising at Marian that May's Coronation Day is the fitting time to express the students' gratitude to their parents for their part in making our college education a reality. The climax of the school year definitely should include our thanks. But, what about the beginning of our college days, be we Frosh or Senior? Isn't it fitting that one acknowledge the reception of a gift immediately? Well, the same holds of our college life, especially if we are happy and satisfied with the six week preview that we witnessed at Marian.

Marian's Parent's Day will give you a chance to introduce the campus to your family and to introduce your family to all features of the campus - - faculty, friends, enemies, napping spots, and study facilities.

The Student Board is sponsoring the event for you. A schedule of the day follows this article. The intra-mural football squads have scheduled their championship play-offs just for the day when your Dad might enjoy it.

The Catholic parents who have sacrificed to send their prodigy through eight years of parochial school and even four years of Catholic high school training, may have handed all the decisions over to you now. That does not mean that because you are the "big shot" that you should forget those who provided the foundation.

Let's see you with your proud Mom and Pop somewhere on the campus come Sunday, October 26. It's your Parent's Day!

Parents Day Talk

Rebital to Back page:

"But, Mom honest,
I didn't promise
him a thing!"

TOURS OF CAMPUS LED BY YOU

3:30 CAFETERIA - REFRESHMENTS

1:30, 2:30, 3:30

INTRA-MURAL FOOTBALL PLAY-OFFS

THE CARBON PRESENTS
"HOME OF THE BRAVE"
tonight at 6:45
admission - 35¢

* *

Here's an excellent suggestion for an entertaining evening. The Carbon, largest weekly newspaper on campus will get the evening under way by presenting their first. The time is 6:45 and the admission is 35¢. The title is "Home of the Brave." It is the story of a Negro soldier on a Jap held island. And then beginning at 8:00, the A.R.A. will sponsor a mixer in the Mixed Lounge. The price is 50¢ per. Guest cards are available. See Bernie Dever. For you fellas who want a date for tomorrow night, we have an exciting suggestion. Find out which of the girls has already paid for the movies. Then from this list of girls, find out which ones will be working at the mixer. This way, the entire evening will cost you only 85¢ plus the drinks. And the drinks won't cost much because no mixed drinks will be sold. (We are aware that it seems like a contradiction not to sell mixed drinks in the mixed lounge, but the administration did not think it was a contradiction.)

.....
The Catholic Students Mission Crusades held elections for minor offices last week. Assisting Billie Burke, President, will be Mary Evelyn Carter, Vice-President; Sue Ann Yovanovich, Secretary; and Judy Hanlon, Treasurer.

BEAUX ARTS BALL

Are you ready to appear in public under the false pretense that you are a Charlie Pooner, Excelsior, or an old outhouse? The Players have invited all Marianites to a costume ball (you can come without a costume, but you'll look pretty silly) on next Friday, October 31. There will be a live orchestra and the whole bit from 9:00 to 12:00.

The closing date for entries to the College Students' Poetry anthology is November 5. Those interested should see information on the bulletin board in Room 210.

.....

Here is the manner in which The Carbon feels that the Parents' Day program should be arranged:

2:00 A.M. - POOL (Water will be drained. We're not that silly!)

Welcome: by Thomas Dooley

Tribute: to The Carbon editors
by Sister Olivia on behalf
of the Administration.

Trumpet Dingo: by Larry Bowman
(see Freshman catalog)

More Tribute: by Judy Him on
behalf of the Student Body.

Dance: The Lounge Scrounges'
interpretation of "Slide on
That Spilled Coke, Mama."

Song: "We're Bucking for
Sainthood" by Frs. Ajamie,
Dooley, Courtney, Frazee,
and Smith.

3:30 A.M. General reception in
Room 220 of Clare Hall in honor
of the editors of The Carbon.

MARIAN CHEMISTRY AWARD

Dr. George Rieveschl has presented two awards for outstanding work in the ACSSA, The American Chemical Society. The recipients are seniors, Emilie Clevenger and John Hanley (Ed. note: Emilie has promised me... a kiss if I didn't print this.)bm

NEVER LOOK BACK!

LeRoy (Satchel) Paige, Negro baseball star, authored these six rules for better living and longer life:

- 1 - Avoid fried meats which angry up the blood.
- 2 - If your stomach disputes, you passify it with cool thoughts.
- 3 - Keep the juices flowing by jangling about gently when you move.
- 4 - Go light on vices, especially the social ramble. It ain't restful.
- 5 - Avoid running at all times.
- 6 - Never look back. Something might be gaining on you.
