As we get deeper and deeper into the fall semester, activities, committees, and of course, school work make us ask ourselves, "When am I ever going to get a minute to myself?"

Well, Campus Ministry has an answer to this common Question. We are offering a weekend Retreat called "A New Beginning." It is a chance to get away from the campus rush, and take time for yourself- to think, relax, enjoy and learn more about yourself.

This weekend will begin Friday, October 5<sup>th</sup> and end Sunday, October 7, noon. Anyone who would like any information regarding this weekend, feel free to call Sr. Rosemary Schroeder Ext. 542, or Ext. 266 (days) or me, Ann Hammond Ext. 446.

We're looking forward to a wonderful week-  
end and would love to have you join us.

Ann Hammond  
Young Adult Director

Elections will be held on Wed., Sept. 19 for freshmen and one sophomore Booster Club representative. This year elections will be run like the class elections. Each candidate must obtain a form at the switchboard, to be signed by a Booster Club member. All forms must be turned in by Tues. noon. This is your big chance to show some school spirit!

Booster Club is financing the hayride at Eagle Creek on October 6. More details will be given later.

We are in the process of getting together a pep band to add excitement to the basketball games and other events! If you can play an instrument and want to join, contact an officer for more info.

Plans for homecoming are getting underway. The band will be Malachi and the dinner will be at Atchinson Hotel ballroom. If you want to get on a committee to help with homecoming, come to the next meeting, or contact an officer.

Remember that anyone can come to the meetings. Signs will be posted for the days and times. Club officers are: Lisa Mailloux, Ext. 431, Greg Gatto 925-4879, Karen Beckridge Ext. 425 and Jill Ortman Ext. 428.

The Carbon is starting a new column, RUNNING ON EMPTY People going out of town for the weekend who could use someone to share the price of getting there are invited to utilize this column. People who would like to get out of town can also use this column. Just slip a piece of paper under the Carbon Office door (Clare Hall, main hall), saying where you are going, when you are going and coming, along with your name and extension number.

Your Co-Editors,

Katie Cress & Roberta Schiller

Tuesday night September 18, 1979 at 6:00 p.m. the Women's Volleyball team opens their season at home in the Clare Hall gym against IUPUI. These young ladies have been putting in many hard hours of preparation under Coach Kathy Hennegan to represent Marian College against other institutions in the state. Let's all take a break Tuesday night and fill Clare Hall gym to support OUR volleyball team. I would like to wish our new coach and her hard working team the best of luck for a successful season.

He who stands for nothing will fall for anything.

So you probably know the Marian '79 is out, and in the words of Tony the Tiger, it's GREAAAAAAT. The staff worked very hard to make it a success. and I'm getting sick and tired of people griping-shoot—we haven't had one for so many years and now it's here and we are getting limited response to our pleads to buy this treasure. It's the only treasure that Captain Hook wouldn't bury. Mr. Elmendorf likes it and he's no dummy! The Marshal Tucker Band reads it "24 Hours at a Time".

The Marian '79 even has the Mugrack "seal of approval", for all you Tues. night alchies. How could a book miss when they are led by such a great group of dedicated young people? (Some more dedicated than young, and some more young than dedicated.) With a beautiful young editor at the helm how could it miss? Bjorn Bjorg just loves the layouts complimented on the ace photography. By the way, if there are any eligible females for a pre-med student, (lonely) call 326 and ask for Dave.

And to top it off, Mr. Slechinger is going to buy one when he gets enough energy. You can still get your yearbook, just stop by the front of the Auditorium when there is someone intellectual sitting there staring at the grey money box, or contact Sr. Mary de Paul Schweitzer. Well, I've got to get going. I've got a big week ahead of me. I'm off now to the Orangutang Water Festival in the southern Mohichaca Mountains of southern Siberia. Parle vous France or in other words- "What time is it?" Goodnight and have a pleasant tomorrow.

The Carbon Co-editors made a random survey of what the Marian College students think of Dan Stockwell, Doyle Hall's Resident Director. Here are some of the comments which were made:

The question was: Do you have any opinion about Dan Stockwell and the job he's doing?

—he' alright

—I don't know

—honest fair-dealing guy

—Don't have any

—High expectations which are shared by all of us, but his means of achieving them leave a lot to be desired.

—He needs to be more visible, mingle with the students, he's friendlier than at first, he's finally learned we're men and not boys.

—Well organized but aloof — some good ideas but for someone else to do.

—I like Dan Stockwell. — Kurt Guldner (ed. Note:  
name printed by request)

—Yech!

—He's okay, but I wouldn't want to work with him.

—I think he's no longer capable of being RD. He pawns his job off on his RA's.

—Why do you think they call him Whimpy?

—He's not a bad guy, but he's two faced.

—He's always been nice to me.

—No.

—Who's that?

## "LOST" ITEM

The Campus Ministry Center, first floor of Clare Hall, is in its fourth year of existence. It is open daily and through the evenings and is available to all students for study, meetings, reading, prayer groups, relaxing, listening to music, borrowing of books, visiting with friends. In these past years many people have made good use of it. The items in the center, except the books and records which can be borrowed, are for use in the center. They are for everyone's enjoyment. A beautiful 8 by 11 " silver-framed picture of a red sky and a dove was sitting on the windowsill. Now no one can enjoy it because it got "lost" last week. If you know of its whereabouts, please return it to the center so that everyone can enjoy it again.

Thank you.  
Sister Sue

Again a smile  
of radiant love  
crosses a life unshaken  
by beauties  
secrets.

Any yet even I  
wonder at

your magnificent love  
In all the world there is only one  
love like yours.

So we meet  
only to say goodbye  
But is anything  
forever?  
Goodbye is a word  
and love is a feeling  
So long as I live,  
I love  
but goodbye  
dies at its speaking.

Say hello  
and feel it  
so hello will last  
your whole life  
and smile

a smile of purest joy  
so this I may say  
Goodbye with love  
and know nothing is forever  
save love  
and laughter.

And again that smile  
will cross  
a life unshaken by boundless  
beauty  
but lost in the  
eternal light  
of a loving smile.

## ART?

Sr. de X: What is art?

Penny: I can't answer that this early in the morning.

Dennis H.: I think we've grown out of the world where there are rules, defined rules - and now you can do practically anything with anything.

Ciel: I get confused on this whole thing about art. I remember I went out with a guy named Art a long time ago.

Roberta: My test for good art is if the image somehow burns itself in the brain.

Jill: That would be the S&M definition of art.

Sr. de X: Who wants to define bad art?

Ciel: Bad art is just something you end up with. You can end up with something terrible, that's not art that way. But you can get some beautiful woven blankets.

Jill: Real art has a life of its own. It's like sending little letters to the world. Some of them go around the world, some just get as far as Pigeon-forged.

## CARBON INTERVIEW: with KATIE CARESS

The following is an interview between the Co-editors. The hardened, experienced, yet highly incompetent Sr. Co-editor, Roberta Schiller and the young, ever energetic, and unskilled Jr. Co-editor, Katie Caress. This is an attempt to introduce her to you. So don't miff it!!!

Roberta: So...tell me about yourself.

Katie: I'm 5'3" and I weigh slightly less than an elephant and slightly more than an ant.

R: Why Carbon Co-editor anyway?

K: Frank told me I look intelligent in my glasses and without them I look a little freaky. So I thought I'd fit right in.

R: What does that have to do with anything?

K: We're all a little off the beaten path.

R: What do you hope to gain from this experience?

K: It'll help me relate. I like to torture myself, especially on Thursday nights. And besides, I have to put something on my resume. As long as no one sees the Carbon, it might help me get into law school.

CARESS INTERVIEW cont.

Roberta: Let's hear more about you than mere height and weight.

Katie: What do you want to know, I'm very opinionated. And I'll defend any Pre-Socratic Philosopher's position. I love a good fight so if anyone wants to rebel against ANYTHING let me know.

R: Well, thank you Katie for taking time out from typing to let our readers know you exist. Now get back to work. You know there's a lot we could do with this paper.....

K: Yeah - make paper wads, airplanes, .....
