DEAR MARIAN COLLEGE:

There's been a lot of ragging these days due to the "delay" of the 76-77 yearbooks. Scotland Yard detectives, Sue Sommer and Pam Wetula, have probed into the situation. The results of our investigation:

- 1) Jackie Thiesing, 1976 Yearbook editor, has promised the appearance of the missing books no later than Nov. 25, one week after Homecoming of this year.
- 2) The fate of the 1977 Yearbook is still being decided.
- 3) The yearbook staffs for the past two years consisted of a bare minimum, usually narrowing down to only the editors and dark room manager at the end of the year when the bulk of the work needs to be done.
- 4) As far as we can find, two yearbook meetings have been called and cancelled this year, meaning that the yearbook for 1978 will be needing people to help if it is to be a success.

In light of these findings we hope that enough enthusiasm and active participation will be generated among the members of the Marian Community to insure the production of a 1978 MARIAN to be distributed in September 1978.

PAM & SUE

P.S. In consulting world-renowned publication obstetrician, Dr. Laboravinczki, Head of osb er ...a... obstetrics, Krakov General Hospital, we learned that the average gestation period for a yearbook is 12-13 months. Let us hope the '78 Yearbook is not "overdue"!!!! TRANSLATION: Any Slav (not to be confused with slob) knows, it doesn't take two years for a yearbook to be printed. QUESTION: Except at Marvin U.?????

Suzanne Summavich and Pamulla Waptulski

HOMECOMING COMMITTEE SEEKS MORE POLISH  
IN VARIETY SHOW '77

Increasing dissatisfaction with the quality and content of the Homecoming Variety Show over the past few years prompted the Booster Club last spring to seek help from the Theatre Department. Mr. Johnson was asked to provide with assistance or suggest students who might be able to direct the Homecoming Show. After some consideration, he suggested that the Theatre Department could participate by producing the Variety Show under the sponsorship of the Booster Club. This agreement, however, was predicated on the fact that the director would have complete artistic freedom to modify the Variety Show format in order to present a more polished performance.

Under the new format, auditions for the Variety Show would be held on Monday, October 10th in the M. H. Auditorium at 4:00 P.M., and again at 7:30 P.M. Students, faculty, and alumni with prepared acts (musicals, specialty numbers, dance, etc.) are encouraged to audition. If accepted for the show, these acts would be required to rehearse once a week for four weeks, and to attend all rehearsals for the final week of production. For students and faculty who would like to perform, but have no prepared act, general auditions would be held for dancers and singers for three large production numbers. Acting auditions would be held for comedy and blackout sketches by Mel Brooks, Rowan and Martin and Harold Pinter. Participants in the production numbers and the comedy sketches would be required to attend from twelve to twenty-two rehearsals depending on the final schedule. All in all, the format would be a hybrid of "Saturday Night Live" and the "Carol Burnett Show".

While some student acts which might have been a part of the Variety Show under the traditional format might be eliminated, it is felt that more students who might not have auditioned before will become a part of the performing company.

D. J.

BOOSTER CLUB MINUTES

At the meeting Tuesday Don Johnson was unanimously voted in as director of the 1977-78 Variety Show by the Booster Club Members. It was acknowledged that he has the necessary directing experience, he's enthusiastic about the show and he is willing to put in his time and effort to direct it. We in Booster Club feel confident that he will do a good job in utilizing all the talent available here at Marian College.

C. C. - What IS a Scotland Yard detectives?— sounds kinky to me. +++++ -2-

TO THE RESIDENTS OF CLARE HALL!!!

All types of catchy opening lines were suggested to me for this letter — like "The Maggots are Back!" (with no reference to Magit Laugle who dropped out after freshman year)! or "Come meet the new residents — "The Maggot Family". But its too bad this isn't a laughing matter cause then one of these lines might be appropriate. If you haven't heard or caught on by these lines — Clare Hall has maggots. A maggot is a "soft-bodied, legless larva of certain dipterous insects" i.e. houseflies, mosquitoes, gnats, etc. (Random House Dictionary — College Edition). Sounds disgusting? It was — believe me!!!

This afternoon (Thursday) Barb Callan dragged me into a very foul-smelling snack kitchen on 2-West to point out the situation. Some person or persons who had a few days earlier grilled steak, inadvertently (of course) left their dirty dishes in the sink. These dishes became an insect breeding ground with the above-mentioned results. Wonderful. But I'm sure these dishes were not abandoned on purpose. These girls just forgot to clean up after themselves. Of course, they know the dishes couldn't clean themselves and they know Ron Schmoll doesn't run a 24 hour maid service. So, it must have been an accident.

Ron and his crew have been working very hard in the past two weeks to control the other pest problems we have — mice, and roaches. He doesn't need another to contend with! And Ron's efforts can only help to a certain point after which it becomes the responsibility of every person living in Clare. The "maggot mistake" could very easily have been avoided and hopefully will not be repeated. The snack kitchen is only one of the many facilities that are available to CH residents and no one has the right to put any facility into a condition which makes its use unpleasant for others. I'm angry because I'm one of those "others" and I hope all the "others" are not taken advantage of again.

The Marian College D.S.A. is planning a campout at Camp Christina for Midterm Break. A car caravan will leave the campus at approximately 4:30 P.M. Wed, Oct. 12 and return at about 2:00 P.M. on Fri, Oct. 14. The fee will be \$3 a night or \$6 for 2 nights, including food and the use of tents.

If your wish is to attend, please sign the lists in the Perc and Clare Hall (on the bulletin boards) by Tues., Oct. 4. Money should be sent to the Placement Office c/o Merle Tebbe by Fri., Oct 7. We need 25 names or it will be cancelled.

This is a great opportunity for dorm students who live too far away to go home over Midterm. Also, this gives day students a chance to know who each other are away from the school environment. Hurry and sign up! It's sure to be fun!

PREMIERE CHAMBER WORKS TO BE GIVEN AT M.C.

Young Indianapolis composer A. Paul Johnson will present some original works in concert Sunday (Oct. 2 ) at Marian College. The 1:30 p.m. program, sponsored by the college program committee free of charge and open to the public, will be held in Stokely Music Hall.

The opening selection will be " Little Suite for Piano" which premiered in 1976 at Ball State University. The two theatre incidental scores will be performed in concert form: music from " Tantalus " and an arrangement for string quartet from "The Post Mortem Reflections of Peter Gnowyak."

Interpretations of Irish poet Thomas Moore for violin, piano and narrator,entitled "Some Moore," will feature Daniel Kasle as narrator.

Two premiere works will serve as the finale: "String Quartet No. 1," completed by Johnson this past June, and " From the Analects, " written for this concert with text adaptations of the James Legge translations of Confucian's Analects.

Featured performers will include violinist Peter Komsiski and winds Jim Lerner and Cora Einterz.

An Indianapolis native, 22-year-old Johnson studied winds and arrangement with IPS music instructor Gary Hollandbeck, composition with Thomas Briccetti and Russell Peck, and piano with the late James Kantarze and William Eltzroth. He has served as program director for the experimental performing arts program at John Herron and recently had residencies in dramatic underscoring with the Indiana Repertory Theatre and the Theatre Project in St. Louis. Johnson is currently general manager for Contemporary Music Foundation, Inc., producing organizstion and composers for the Midwest.

- Paul Fox-

STUDENT BOARD MINUTES:

- Meeting was called to order at 9:03 on Mon.,9/26/77
- Minutes were read by Alice and approved by Mike Bauer and Cheryl Daily.
- Treasurers report ( Jim Fohl ), balance of \$3990.84.
- Student Affairs ( Jackie Theising ) - first meeting 9/20/77 Co- chairperson, Dr. Purichia, faculty, and Jackie, student. Next meeting 10/18/77 at 11:30 in the faculty- visitors lounge.
- Academic Affairs ( Pat Price ) discussed interdisciplinary courses and process of Who's Who.
- Social Planning ( Alice Mattingly ) movie this past week was OK.
- Senior ( Mike Balensiefer ) Beer Blast will be on 10/7/77 \$3.00 for all the beer you can drink. Jerry Steel will D.J. and it will be 8-12p.m. and maps will be in the CARBON'
- Freshman Class ( Bob Freese ) First meeting 1:30,thurs.
- Doyle- work outside has been done.
- Clare Hall - sign up for the circus up to the upcoming thurs. If there are enough people, transportation will be provided.
- DSA- campout is at Camp Christina and will be October 12,13,14. Cost is \$3.00 per night or \$6.00 for the three days, food, and tents. A caravan will leave 4:30 Wednesday and return Friday night. Twenty- five people are needed and names must be in by Tues. 10/4/77. Sign up at Clare board, Perc, and main bulletin board.
- Admissions ( Rene ) Reservations are slowly coming in for Campus Visit Weekend. Volunteers are needed for Doyle and Clare Halls. Tom Hornbach, Pat Price, Alice Mattingly, And Cheryl Daily volunteered. The Disco on Sat. will be 9- 12 at a cost of .75 per person; also Roller Skating possible that Friday. People needed for HS visits :Tues., Broadripple at 9:30;Tues., Brebeuf at 11:30; Wed., Beechgrove at 9:30and Our Lady of Grace at 9:30; Thurs., Decatur Central at 10:15.
- Athletics - Tim Akin, introduced gym repairs. Meeting scheduled 10/4/77 to discuss time for men to use Clare Hall Gym.
- Tom Hornbach, Executive meeting had discussed the intramural gym and Doyle grounds.
- Miss Malatesta was introduced as Student Board advisor!
- Copies of the Student Nurses Constitution were passed out and it was tabled until next week so that it can be described in more detail, and maybe a student nurse can be at the next meeting.
- Don Johnson may take over production of this year's Variety Show. If he does, he says he wants to direct it

his way or else the Booster Club can have it back. The decision is up to Booster Club

- Next meeting will be at Wednesday, September 28 to discuss the budgets.
- Meeting was adjourned at 10:05 by Tom H. and Mike B.
- Thanks to Alice for taking notes before I came!

Respectfully,

CARM

TO THE MASSES:

This is the time of year when one would expect the '77 yearbook to come out. I am not writing this letter to ask when they will arrive (yet ) but rather to the whereabouts of the 1976 yearbooks. I, along with many other students, paid \$10.00 in the faith that we would receive the books last fall but they failed to appear. When numbers of the yearbook staff were questioned about the delay the reply was that they would arrive "soon." This standard reply was used up until last May. I realize that it takes time to publish a yearbook, but two years is a little ridiculous!! I cannot afford to be throwing away money so if these books are not going to arrive, I would like a refund!!! I also hope that last year's yearbooks do not meet the same fate for I,ld hate to be out \$20.00. I do not intend to order a yearbook for this year until I see the other two!!

G. Asher

P.S. Perhaps the yearbook editors would like to comment on this.

WOMEN'S INTRAMURALS-

Miller's Highlights come from behind and beat the Piranhas 13- 7 to earn the 1977 Intramural Kickball Championship. The Piranhas gave them a good game led by Mary Searle who had two over the "fence" home runs. Thelma Waddell received a jammed thumb for the losers. The High- lights built their attack around Becky Brothers two inside the "park" home runs. Congratulations Highlights!

VB teams are to be turned in by Monday, Oct. 3 before 5 p.m. There is a managers meeting Wednesday, Oct 5 at 7:30 p.m. The games will be played on Mondays and Wednesdays in the Clare Hall gym. A team consists of 5-8 players. Contact one of the following if you have a team or want to play and can't find a team.

Elaine Bachman ext. 452  
Mary Beth Simmermeyer ext. 452  
Tina Miller ext. 446  
Holly Bruns ext. 527

WHY NOT DEBATE ? !

While there are a lot of activities going on in the Gym and the Grounds I wonder what it would be like to suggest some activities in the classrooms (apart from studies) ? I mean debating! I think the English Department should come forward and help the Marian students sharpen their wits— help them organize debates between classes or even different departments! This would for sure help amass our knowledge of different subjects and other matters of interests and im- portance. "Reading maketh a full man, Writing an exact man and Speaking a ready man". Well then, what is Debating ? All of these put together, of course! So while games develop our brawns let debates develop our brains!

-NEEL

My sugarplums,

only two weeks to go until opening night and I'm so excited I could burst ( I would but there's a public ordinance against littering.) My preciouses, there's a detestible rumor flying about that a party, in full approval of scheduling, is being given on opening night! Who could sink so low? Come now, which is more important; theatre, beauty, and art or drunkenness, vomiting, and hangovers?

This weekend, there will be a special dress rehearsal open only to those coming for Visitation, and on- campus (cont.)

persons and faculty will not be admitted. You'll just have to wait until the 7th (and it's worth waiting for.)

Babykins, keep this under your battered chapeau : I have heard from a very reliable source that a paper bag ( played by S.C. ) will be making it's acting debut. It's just gossip, mind you, and I don't believe a word of it! No-one likes to be upstaged. ( You hear that P. K.?)

Well the sun is sinking almost as quickly as I am, so I shall bid you a fond adieu. Bette, get out of V. 's c.f.m. pumps and peel me a grape!! Chiao, babies.

See Peter (binoculars for rent. )

+++++

### FROM THE STUDENT SERVICES OFFICE..

NOTICE TO DORM RESIDENTS: Next month, classes at Marian College are interrupted for midterm recess ( October 12 through October 16 ). If you are planning to stay in the dormitory during this period, we ask that you notify your Residence Hall Director. We need to know who is staying for security reasons and to contact you if the need arises. Meal service in the cafe ends with lunch on Wednesday, October 12th, and resumes with Sunday dinner, October 16th. Those who stay on campus over the break will need to arrange for their own meals. Meals are available on a pay-as-you-go basis in the cafe. There is NO charge for room over the vacation period. If you have additional questions, contact your Hall Director. Thank you in advance for your co-operation.

FLU SHOTS: 1977- 78 type A and type B ( A- victorian and B- Hong Kong ) flu shots will be given at cost in the student Health Clinic between the hours of 12noon and 2p.m. on the four Tuesdays of October: October 4th, October 11th, October 18th, and October 25th. Any faculty, student, or staff member who is 18 years old or over and NOT allergic to eggs is eligible for flu inoculation. The cost for this service is \$2.00.

STUDENT HEALTH RECORDS. The College nurse informs me that a number of students, particularly freshmen, have not submitted a Student Health Record. A physical examination by a student's family doctor and Health Record are required of all Marian students. While there are a number of good reasons why you should have a Health Record on file, the most important reason is that our Health Clinic personnel cannot treat any student for injury without authorization from the parent's. Since parental consent for treatment is a part of the Health Record, it is important that we have a current form for each student. Please contact Mrs. Osborne, R.N., at the Health Clinic (ext. 552) if you have not submitted a Student Health Record. Thank You.

Bill Woodman  
Dean of Student Services

### WILDMAN'S WORD—

Intramural softball this season came to an end Wednesday. But because of baseball players involved in the fall session, the brothers folded very early, they ended up playing two and forfeiting three with a season record of 0—5. The "Kleiber" Droids closed its season also with an unblemished record of 0—5. There was a three—way tie for 3rd between the Softball Roster, Mickey O.U.S.O.B.'s and the Bad Joses. The champions this year was Blue Lightning. (Way to go) In the playoff's, Lightning, with the aid of consecutive hits by Jim Fohl, Mike Bach and Pat Bach beat the Bad Joses in a highly "controversial" game. Because of no umpires, a dispute was settled by an extra inning and Lightning went on to win. In the other playoff game the S.O.B.'s "destroyed" the Softball Roster 24—2. Since the S.O.B.'s and Lightning never met in regular season, it was to become a game of the century. (Ha-ha) Lightning started with 3 runs in the first and never looked back. They added 4,8,3 in the later innings and went on to annihilate the S.O.B.'s 18—2. Congrats to the Meyers, Cox, Bachs, Fohls, Ruffra, Joe, Joe, Dull (I think I covered everybody). Also many thanks to the "supporters" who came to the games. Too bad the S.O.B.'s couldn't have won. Well, I'll be back next week with more stuff.

Wildman

### IN THE BEGINNING . . .

God created Heaven and Earth. Quickly he was faced with a class action suite for failure to file an environmental impact statement. He was granted a temporary permit for the Heavenly part of the project, but was stymied with a Cease and Desist Order for the earthly part.

Appearing at the hearing, God was asked why He began his earthly project in the first place. He replied that he just liked to be creative.

Then God said, "Let there be light," and immediately the officials demanded to know how the light would be made. Would there be strip mining? What about thermal pollution? God explained that light would come from a huge ball of fire. God was granted provisional permission to make light, assuming that no smoke would result from the ball of fire, that He would obtain a building permit, and to conserve energy, would have the light out half the time. God agreed and said He would call the light DAY and the darkness NIGHT. Officials replied that they were not interested in semantics.

God said, "Let the Earth bring forth green herb and such as may seed." The EPA agreed so long as native seed was used. Then God said, "Let the waters bring forth the creeping creatures having life; and the fowl that may fly over the earth." Officials pointed out that this would require approval of the Game and Fish Commission coordinated with the Heavenly Wildlife Federation and Audubon—gelic Society.

Everything was OK until God said He wanted to complete the project in six days. Officials said it would take at least 100 days to review the application and impact statement. After that there would be public hearings. Then there would be 10 or 12 months before . . .

And God said, "The H—— with it!"

Andrew Jacobs, Jr., of Indiana, in the House of Representatives, Thursday, September 15, 1977 (stated), "Mr. Speaker, Mr. Raymond W. Hilgedag, Attorney at law in Indianapolis, submits (the above) this for the RECORD."

—Congressional Record — Extensions of Remarks Sept. 15, 1977
