

# CARBON

It's be nice to a CARBON editor day

April 17, 1964

## FROSH MOTLEY MINUTES

The expense report for the Spring Cotillion has been released by freshman class treasurer Ed Schaefer:

- 37.4 % - Mr. Divita's summer trip to the World's Fair.
- 21.3 % - Refurbish Rusty Schaefer's summer wardrobe (keeper of the coin, you know )
- 15 % - WHAT HAVE YOU!
- 12 % - Jail bonds--if necessary
- 6 % - Fines for dormies getting in late.
- 4 % - Frosh Student Board candidates' campaign fund.
- 3 % - Decorations
- .8 % - Ballroom
- .5 % - Band

At this time we wish to dispel any rumor that the Phi Delt and the Claypool Hotel have challenged us in their manner of entertainment.

Fun is foremost at the Severin Hotel this Saturday evening from 9 to 12. George Nickloff will be there to entertain. Tickets will be available today in front of the auditorium and tomorrow evening at the Severin for \$3.00.

## EXCUSES!

Here are 7 excuses to have a party every day until the next CARBON comes out:

- TODAY - 252 days to Christmas  
SAT. - Anniversary of Paul Revere's  
ride.  
SUN. - Patriots' Day  
MON. - Hitler's Birthday  
TUES - Queen Elizabeth's Birthday  
WED. - Arbor Day  
THUR - Birthday of James Buchanan

## BOATS

Just think how ~~agracially~~<sup>agracially</sup> wonderful Marian would be if we had two boats on our campus lake. Used rowboats could be purchased for 35 or 40 dollars and facilities prepared at a minimum of expense. They could be useful for scientific, recreational and romantic purposes. What about a boat race on Field Day?

## HAIR RAISER

If all of your hairgrowing were concentrated in a single hair, it would shoot out about one inch a minute.

PING PONG

The Marian M-Club is providing a chance for all individuals to exhibit their athletic prowess. The Club is sponsoring a Ping Pong Tournament commencing next Thursday. All interested persons must sign-up before next Wednesday when registrations close. The first match will be Thursday at 11:30 and matches will run until 12:30 every day until the entrants are played off. Registration fee is 50¢. There will be singles and doubles.

BULLITIN BOARD

The CARBON thanks the Student Board, administration and maintenance staff for the new lighted bulletin board located outside the Perc.

### WHAT'S IN A WORD?

- "Daddy, is Rotterdam a bad word?"  
 "No, Son."  
 "Good. My teacher has poison ivy  
 and I hope it'll Rotterdam arm off."

## ELECTIONS

The Student Board has posted the nominees for half of its 1964-65 executive offices, president and secretary. The presidential candidates are:

- Pete Method  
Mary Johnson  
Mike Brown

The candidates for secretary are:

- Nancy Carrier  
Judy Pille  
Jody Pelosa

The candidates will present their platforms and answer questions at a Coffee Hour on Monday, April 20, at 8:30 P.M.

Hear the candidates speak.

To vote intelligently—

You must be informed.

AT THE END OF HIS ROPE

"Understand your cousin fell off a scaffold and died."

"That's right."

"Frightfully sorry, old chap. What

"was he doing up there?"

"Getting hanged."

Sign over the electric chair at Michigan City Prison:

"You can be sure. It's Westinghouse."

## STYLE SHOW SUNDAY

Marian models will present the latest in campus and dress wear at the Home Economics Style Show to be held Sunday at 2:30 in the Mixed Lounge. Both men's and women's fashions will be featured all hand made by Marianites. The highlight of the presentation will be the latest in Little Lord Fauntleroy wear modeled by a well-known faculty member (see above). Tickets are only 50¢.

\*\*\*\*\*  
WELL DONE!

In an impromptu collection Thursday Marian students contributed \$36.12 to the Police Athletic League (P.A.L.) fund to send 600 boys to camp. The goal of the drive sponsored by P.A.L. and radio station WIFE was \$13,000. A local disc jockey on WIFE promised to stay awake until the goal was reached. Marian did its part to send that poor boy to a nice soft bed. Over 90 hours is a long time. In fact just thinking about it (yawn) makes one so (yawn) drowsy and you feel that you (yawn) have to shut your eyes (yawn) and---- z-z-z-z-z-z-z-z-

## SICK SICK SICK

We are proud to announce the advent of a new feature of the CARBON - a collection of sick, morbid, satirical humor designed to convince the reading public that this job is without glory and tends to drive one to the macabre Hee Hee Hee Hee----

- Then there was the man who died from drinking varnish - It was an awful sight but a beautiful finish.

- "Mommy, am I a werewolf?" "Shut up and comb your face".

- "But, Henry, that isn't our baby". "Shut up. It's a better carriage".

- "Mommy, what's an Oedipus complex?" "Shut up and kiss me."

- "Mrs. Lincoln, you and your damn theater parties,"

Same message --- different approach.

As the CARBON editors entered their humble domain last afternoon, they were appalled by the empty desk and lack of students clamoring to bring in articles for their humble publication. They said to themselves, "Selves, could it be that our publication is no longer rated number one on the campus?" "Surely not," they thought. However, consonant with their policy of fair play and liberality they decided to poll a representative cross section of the student body as to how they felt about the CARBON. At random three students (M.B., D.T., L.B.) were selected. Their enthusiastic exclamations that the CARBON was "terrific, fabulous, great, wonderful, polyunsaturated, and just plain marvelous", confirmed that their previous assumption had indeed been incorrect. Thus it was decided that perhaps the students were not aware that the CARBON has a new office in room 10 of the publications building (old music building). Contributions (monetary or literary) may be placed in this room before noon on Thursdays or given to a CARBON editor or typist. If the building is locked, leave articles between the screen and the door. Now that this information has been promulgated, surely a deluge of articles will begin to pour in - won't they?

## Collection of useless (but true) facts.

"Can flies have athlete's foot!?" "How does the purple grackle preen its feathers?" We realize that the discerning public, hungry for knowledge, is clamoring, nay demanding, answers to such important questions as those above. Therefore, let us enlighten you to a few worthless but true and verifiable facts from the CARBON files.

We will dedicate a whole issue of the CARBON to anyone who can prove that any of the information given below is false. From this day forth let no one cast doubts on the intellectual character of the CARBON.

- Science cannot figure out why the spadefoot toad breeds only in hurricanes.

- The best way to determine the age of a mammal is to weigh the oven dried lens of its eye.

- Fast flies use a half roll for changing direction, while slow easy flies use a half loop.

- The people of Britain last year drank enough beer to float 89 battleships the size of the Royal Navy's 44,500 ton Vanguard.

- From London comes word that among the best selling books published by Her Majesty's Stationery Office are Horse Flies of the Ethiopian Region, Illustrated Catalogue of Flies, and Sex Life of the Elephant Seal.
