MAY 17, 18, 19 IN THE PERC

To the Day Students of Marian College (c/o the editors of the Carbon):

HELP!!!

For the next year, I will be trying to represent you on the Student Board. This is a humongous job, and I know I can't handle it alone!

Now some of you may wonder why I'm bothering you. After all, this job should be easier this year than ever before, because now there are also day student reps to each class (who are, by the way, Dick Buerger, '72, Barb Campbell, '73, and Boyce Baldwin, '74). But even Dick, Barb and Boyce and I, plus next year's freshmen rep, cannot know what all the day students want. This is where you come in.

As of today (Friday, 5/7), there will be Suggestion Boxes in the Perc, the basement study lounge in Marian Hall, and the Information Office. Any suggestions, requests, complaints, ideas, or questions you may have should be put in these boxes. I'm sure I won't be able to handle everything myself, but I will do my best to get each request to someone who can handle it. I ask that you use these boxes so that I can represent you the best way possible.

Also, if you would like to talk to me, feel free to do so anytime. I'm around school quite a bit (my schedule is in the Information office), and I can be reached at 637-7241.

Like I said before:

HELP!!!

Last Saturday night, May 1, 1971, saw some real action in the sport of professional wrestling at the Coliseum. Here are the results of the matches:

Johny "Killer" Kace easily defeated the young and fairly inexperienced wrestler Chris Hassell.

Tom "Mr. Indiana" Lynch clobbered "Swinging" Rodeo Jones.

Ivan Kalmikoff pinned Mexico's Bad Man Chico Garcia.

Angelo "Neckbreaker" Poffo was defeated unfairly by Johny "Baby Face" Fargo when he was attacked by Don "The Enforcer" Fargo, the brother and tag-team partner of Johny. Poffo had a definite disadvantage because he had to watch both wrestlers at the same time. This event was the first semi-main event of the evening.

Doctor "Big" Bill Miller, though in the same predicament as Poffo, won the match by a disqualification. His opponent, Don Fargo, and his brother John both attacked Miller.

In the main event Dick the Bruiser and Igor Vodik annihilated Count Baron von Raschke and Hans Schmidt in two out of three falls.

The next Professional Wrestling card is on Friday night, May 14, 1971, at Tyndall Armory. I only know thus far of one scheduled match and that is of a six man tag-team match featuring the Fabulous Kangaroos and their manager, George "Crybaby" Cannon.

Yours in Wrestling,
Walt.

- 5:30-12:00 Retire back to your own place of residence as the campus is now back under official hibernation

WHOSE
"WHO'S WHO"?

LETTERS TO THE EDITORS:

Dear Editors:

Group action is not the only way to change a campus. Just being a person changes things. If you stop letting others define you; if you try to find out what you are and what you want; if you get yourself together, then you can't help but transform your environment. Colleges, for the most part, aren't set up to accommodate REAL people. They're tooled to process Ken and Barbie Dolls. If very many REAL people are fed into the machine, it will begin to break down. When people stop playing "student" they will be able to learn without surrendering themselves in exchange.

To be REAL in school is to be revolutionary because the school demands that you pretend to be something other than what you are. When you stop following the institutional script, the illusion fades and people start to look silly, strutting and posing and wearing those stupid masks.

...the phrase "student liberation," (should) make you smile. We've always been free; all we need is to know it.

Friends:

The REACT education program for conscientious objectors will continue through until the Christmas holidays. We were pleased to have so many people attend REACT's draft awareness meeting featuring Bill Rose. We urge anyone who is interested in or who may be considering applying for a CO deferment to contact Marty Barczykowski, Tom Cassidy, Ken Callahan or Joe Geiman at their posted office hours, or at any time you may see them on campus. We are advisors, not counsellors, and can provide you with information and assistance in planning your appeal, and we can also help you to decide if you have a just and moral claim. Anyone who needs either information or assistance which we cannot provide will be referred to local draft counsellors. If you are thinking of applying for CO status, or are interested in finding out what the requirements and duties are for this deferment, please contact us as soon as possible.

Dear C. H.:

Just read your desperate note of 30 Oct. - Don't worry about flunking out of school or a pneumococcal infection. Your best help can be found over at the State Board of Health they'll give you a serology test - 40% of gonococcal cases are positive for syphilis. Noticed any cankers lately?

Dear Editors:

I wrote this letter in disgust, as you may note, about the hours of the New Library. I just arrived at the library at 1:15 p.m. on Sunday to find the door locked. As I sat in the cold working my Math problems, I was

contemplating the closed door. At 1:25, a library administrator arrived, at which point I asked why the library was not opened earlier, commenting that I thought it might be available to students before 1:30. (Some people do get up before this time on Sunday, contrary to popular belief.)

The reply I received was, "You had better think again. The hours have been the same all year. We cannot be expected to conform to individual students. The dormitories can't be that noisy before this time."

So what? What if your roommate is asleep, or the project you're working on is a research paper, or the dormitory students do get up before 1:30 (although such an event seems highly improbable), making the halls noisy? Just a few hours of having the library open could benefit so many students. Aren't we to be encouraged to study, not discouraged?

This goes for closing the library at 10:30 p.m. also. Why can't it be open until 11:30? The dorms are quite noisy during this time, and some people do go to bed later than 10:30. Again, this small amount of time could benefit so many students.

If the problem is laborers to staff the library, why not take some of those Work-Study students out of the "integral" position of guarding the ping-pong ball in the SAC lounge, and give them a chance to earn their money?

Such a marvelous, expensive library. Why can't it be used to its fullest potential?

In varsity basketball action during the last week, the Marian Knights took it on the chin twice, both times at home. Last Saturday a hot-shooting Indiana Tech team invaded Reynold's Fieldhouse and went home with a 96-93 victory under their belt. At one point in the second half the Warriors had a 15 point lead but a Knight rally cut it to one with four minutes left to play. The teams played even from there on but a bad pass by the Knights with one minute left enabled Tech to seal the victory. Once again, the Knights were their own worst enemy as they hit only about 50% of their free throws. A respectable percentage would have won the game.

Tuesday night the Franklin Grizzlies practically ran Marian out of the fieldhouse before the Knights got untracked. At the half it was 53-25. Although Marian played a good second half, it was not enough to make up the deficit as Franklin won 111-89

DEAR D.J.

Dear D.J.,

I'm a senior, have been for three years. My problem is that I want to graduate in June but can't seem to make it. Its a big mess. The reason I've been on senior stature for so long is on account of being on probation, flunking out, then getting on pro again. I keep on getting in because I have my \$600.00 each semester in cash. I want out. I have a high draft number so its O.K. Besides I'm running out of money. Money's tight you know. Can you help me one way or another? Is there something like the High School Equivalency Test that is for college that I could take and then finally get out? Please help or advise.

Desperate

Dear Desperate,

Have you ever given thought to the fact that you've wasted 3 good years of your life? School isn't everything and maybe you weren't cut out for it. You could always become a gigolo and live off the fat of the ladies. Or possibly save the remainder of your money and go for a long trip - you need a rest! If you have got enough cake I'll even go with you. At least you'd be contributing to a worthy cause---us! I'd give you an education you'd never forget! Until you make up your mind, keep in touch. I'll be waiting to hear your decision.

D.J.

Dear D.J.,

I've been reading you're column finding myself identifying with those who write to you and with their problems. I followed your advice. I did "almost everything" and now I'm pregnant. I went to Student Services for help but they said we don't have such things and problems like mine at Marian College. Please give me some advice. You got me into this. Now get me out.
