EDITORIAL

vol. 38

No. 7
October 19, 1973

As a co-editor of a student publication, I am very much aware of the problems one faces in putting a publication together each week. A great deal of effort is expended by everyone connected with the publication, especially the editors. However, in recent weeks, I have detected a lack of worthwhile material in M.C.'s official newspaper, the Phoenix.

The problems of putting the Phoenix together this year are numerous. The lack of journalistic experience of the staff is a major problem. Also, insufficient help in layout, typing, and writing the paper have contributed to the poor quality of the paper. The technical work involved in the Phoenix is by far greater than that of the Carbon. Therefore, a much larger staff is needed to produce such a publication. But since the skill and help is not available this year, the bulk of the work has fallen upon the editor's shoulders. However, all problems aside, I feel it is necessary to consider whether the publication can exist in its present form.

A few suggestions can be made to help improve the quality of the publication. First, an editorial written by one of the editors could appear in each issue of the paper. A number of pertinent issues always exist, both on campus and off, which allow an editor to express his/her opinions and concerns. But more importantly, an editorial is an effective vehicle for keeping an editor's reading public aware of such issues. Secondly, the publication could be temporarily put on a bi-weekly basis. This could provide the editors the time to accumulate worthwhile material and reorganize the paper.

In conclusion, I would like to remind the editors of the Phoenix that they are still ultimately responsible for the paper. They were appointed by Student Board on the basis that they could produce a quality paper. It is my hope that they do not forsake this responsibility by giving up, for the direction of the publication can be changed.

TO THE M.C. COMMUNITY:

Last Sunday, at the Student Board Meeting, the M.C. Social Council was abolished. This action was taken for a number of reasons. Since it's beginning, Social Council's jurisdiction and duties have not been well defined. Also, because of the organizational structure of the Council, active participation by organizations on the Council was poor. Therefore Student Board has set up in it's place "The Committee on Social Planning", a standing committee of Student Board. The Committee will be composed of a chairman elected by the Student Body at large, two representatives from each class, nominated and approved by two-thirds of the voting membership of the Executive Board.

The responsibility of the Committee will include the organization of the Social Calendar, evaluation of campus events, Parents' Weekend, the annual Christmas Party, and the power to rule on any proposed Student organization.

If any club or organization has any questions with regard to the new committee, contact a Student Board member.

FROM THE MASSES:

All men are created equal, wouldn't you agree? Except for day students evidently! Open our yearbook, The Marian, to page ----, well how about that, Marian's off campus students don't even rate their own page number. Anyway, look between pages 159 and 161. You can't miss it with BOLD TYPED words DAY HOPS. In case you are still lost, it's after the 16 pages of floor pictures bearing each of the resident students' names. Now take a look at the three obviously candid pictures bearing the anonymous faces of 14 day students. It puzzles me that 14 people can represent the remaining 280 commuters. But, of course, they are just day students!

Marian College open your eyes! Day students are definitely a contributing facet to the College community. You'll notice day students interspersed throughout the rest of the yearbook, including basketball, baseball, golf, drum and bugle corps, Phoenix, drama, intramurals, variety show, sweetheart court, music club, U.B.I., photography etc. We, as day students, are willing to give to the College, so couldn't the college at least give us three pages in the Yearbook entitled Freshmen, Sophomore and Junior Day Students. Thank goodness, the Seniors do get their pictures in. I'm sure I've expressed the embarrassment of the day student body turning to page _____ and having to eat the two big words DAY HOPS. Even though the 72-73 Marian has left a bad taste in my mouth, I'm willing to support the 73-74 edition. I'm subscribing to next year's yearbook and hope to see some consideration on the part of the 73-74 Editors! Thank you.

A Day Student!Christian Humanity - My Behind!!!

The brochures of Marian always mention the warmth, and friendliness of Marian's Community. Ever since I have been here, two years now, I have encountered nothing but discrimination and prejudiceness. The white students of Marian College labor under a false delusion of superiority to Black students. I will take for example, Marian's chapel. I went to church Saturday, with a couple of black friends and the pew continued on the next col.

behind and in front of us were empty: Everywhere else the chapel was filled. Where is your Christian Humanity white students. Or were you scared that to sit by us would impure your thoughts and bodies? I think I could have accepted this if that had been the worst. But when it came time to shake neighbors hands, I offered mine to a couple of Marian's lily-white students and was rebuffed. This my friends is the Christain attitude of Marian's campus. I've arrived at the conclusion that for the white students of Marian College, their attitude is "If you're white you're right but if you're black stay back! Well I have come to the conclusion that if there's a hell below you whites will be the first to go!!!!!!!!!!!!!!

SPORTS ABROAD

Most of the attention in sports lately has been centered around the 1973 Baseball World Series. Little attention has been focused upon the Middle East Midget League Football Championship.

The two teams currently battling in this monumental contest are the Tel Aviv Tigers, coached by Teyve Milhous, and the Cairo Cougars coached by Sheik Brezhnev. The two teams have really prepared for this match, both coaches have equipped their teams for what seems to be a tough battle. The Cairo Cougars are out for revenge after they were upset by the Tigers in their last six day match in 1967.

The game is already in progress, with the Cairo Cougars taking the offensive throwing human waves of flesh against the Tiger's borderline defense. The Tigers though, have tried to turn the tide by blitzing the Cougars with a strong aerial attack.

It is difficult for us to predict the outcome of this match, but in the case of a tie ballgame, Mideast rules do not prohibit the coaches from taking the field.

Psalm of Nixon

Nixon is my shepard, I shall not want,
He leadeth me beside the steel factories.
He restored my doubt in the Republican Party. He guideth me to the path of unemployment, for the Party's sake. I do not fear evil, for thou are against me. Thou anointest my wages with Freezes, so that my expenses runneth over my income. Surely poverty and hard living shall follow the Republican Party. And I shall live in a rental home forever. Five thousand years ago, Moses said, "Park your camel, pick up a shovel, mount your ass, and I shall lead you to the Promise Land." Five thousand years later, FDR said, "lay down your shovel, sit on your ass, light up a camel. For this is the Promise Land." Today Nixon will tax your shovel, sell your camel, kick your ass and tell you there is no Promise Land.

P.S. - I am glad I am an American, I am glad that I am free, but I wish I were a little doggie, and Nixon was a tree.

STUDENT BOARD

Minutes--October 14, 1973

Sunday's meeting began with the representative reports. Clare Hall rep. reported that the piano from the Music Building arrived last week. The referendum concerning Sweetheart's Dance will be distributed this week by the Sophomore class. The Junior class reported that mugs will be sold in the near future.

Next on the Agenda was Old Business. Jeanne Whalen made a motion that the allocation of \$50.00 to the Student Board be removed from the table. The allocation passed. The motion for a loan to the Yearbook Staff of \$40.00 for miscellaneous expenses was removed from the table. Discussion followed and Marigrace explained why the yearbook was no longer budgeted under Student Board. The motion for a loan passed. Jay Farrell moved that Student Board accept the amended financial statement of the Association of Collegiate Veterans (MC) Constitution. The motion passed.

In regard to new business, Jay moved that Student Board accept the Marian College Veterans Club budget. Discussion followed. Events sponsored by the Vets Club will be open to both students and faculty and will be held off campus. Being a money motion, it was tabled for a week. Next, Jeanne Whalen moved that Student Board accept the new composition of the Social Council to be known as the Committee on Social Planning. This was seconded and agreed to by consent. It was decided that the committee will operate on a set of guidelines similar to the Publications Committee. The motion passed.

Agenda--October 21, meeting 7:30

OLD BUSINESS

- MCSA constitution revision
- MC Vets Club budget
- Results from Alcoholic Beverage Policy Comm.

INTERMISSION** A hallway. Discussion. Curiosity

Me: Did you hear the FIORETTI is having a meeting?

You: So.

Me: But this is a chance to help produce something great - a book that shows the inside of the people here.

You: Sure - so what do you want me to do about it? I'm not creative.

Me: But they need all kinds of people - if not

MEN'S INTRAMURALS

In the biggest game in intramural football since the Vice Lords upset the Gods of Hellfire two years ago, the Lords bowed out to the Bad Joses. A standing room only crowd came out to see a monumental battle, and they weren't disappointed. The 26-13 score doesn't indicate the closeness of the game. It was 14-13 late in the game when the Joses scored two quick TD's. Jose Quarterback, Ken Aust was at his best Sunday as he threw TD passes to Mike Bazeley, Steve Barrett and Scott Vonderheide. When asked about his secret to success, Aust replied, "I was born with talent".

Rick Martin, star end for the Bad Joses, disclaimed rumors that he plans to sign a pro-contract at the close of this season. Martin said he feels he owes it to his teammates to finish out his final year of eligibility with the Bad Joses.

The Playboys played their best game of the year, as they lost to the Dirty Dozen 37-0. The Bruins moved ahead of the Stoned Rangers 13-12 with a minute and a half left in that contest. The Rangers, however, came roaring back with two TD's to pull out a victory 26-13. The Degenerates looked tough for the second week in a row as they romped over the "fading" Nutcracker 26-0.

In Wednesday night's contest, the Bruins proved they are a smart ball club, forfeiting to the Bad Joses.

SHORTS

WOMEN'S INTRAMURALS

As the third week of volleyball play comes to an end, only 3 teams remain undefeated, Wazuri, Schuck's Garden and the Stickettes. AVIS bowed out of the undefeated ranks after a hard fought battle led by Sue Longvel's powerful serves, Mo Kress's volleys, and Kathy Gagen's leadership proved insufficient in overcoming the mighty Wazuri. Although defeated, AVIS may still be a threat for championship play.

Even though the Cool Ghouls and the Dimrods provided a challenge for Wazuri in past weeks, Schuck's Garden won with ease.

The Stickettes or not the Stickettes - that's the question. Whether the Stickettes will remain undefeated (minus one Monnot) when meeting competent challengers or fall by the wayside by a disgraceful defeat. The Stickettes is another question. Victories this week over the Snatches and Hysterix were by no means impressive. Will the real Stickettes please show up?

For their first victory of the season, Hot Sauce burned out all expectations the Amazons ever held for a single victory. Hysterix defeated Volley of the Dolls, while Wacky Women out-guessed the Watergate Women (get 'em together Baumer). Later that same night, Main's Troubles outbounced the Ball Bumpers.

Wednesday Night's games got underway when the Wild Wild West cooled off the Hot Sauce, followed by the Snatches (strength doesn't lie in numbers) who weakened the Amazons to defeat.

The Wacky Women spooked the Cool Ghouls, as Volley of the Dolls flatened the Ball Bumpers. Finishing off the third week of play Main's Troubles bugged the Watergate Women to disaster, despite Moll's efforts.

Next week features Schuck's Garden vs Wazuri. Come see Zilpha's powerful serves, Schuck's undescribable spikes, Maxine's sensible set-ups, Shrummer's spills and

With victory in the air, this is Main, Starkie, and Little Wap signing off and heading to the gym for practice. See ya Monday.
