To the Masses:

"In sports and in life, the difference between "great" achievement and "good" achievement is often said to be about two per-cent more study, practice, application, interest, attention and effort. Two per-cent more makes the difference. The slight edge belongs to those who would pay that small price. . . consistently."

Tomorrow (Saturday, October 3) at 10:00 a.m. the Women's Varsity Volleyball Team of Marian College will attempt to give that extra two- per-cent! Last Saturday, we did "good" but Taylor University had the edge over us. This Saturday we intend to give 110 per-cent! We've been working hard. . . our COACH has been working hard. Taylor is our guest this time, so we have a second chance. Who will have the slight edge tomorrow??? Come and see for yourself in the Clare Hall gymnasium. Sometimes the distance from the bottom to the top is shorter than we realize.

Coach: Miss Clara Caito

WOMEN'S SPORTS

The kickball game last night concluded the first season of women's . . . kickball here at Marian and quite a successful season at that. Miller's Highlights are the now reigning "kickball champs" by defeating RAPID Turtles 15-6. The game started out very close and was 5-3 in favor of Highlights after 4 innings. Then in the next 2 frames, Miller's kicked around and scored 5 runs in each inning. Their big asset was the darkness as once again the sun set before the game ended, and of course they have played all their games in the dark this year and were used to it. Then RAPID also had to recruit players who hadn't played before. Well anyway Kathy Redelman and Tina Miller had home runs for the victors and Kathy Sullivan kicked one for the losers.

The other game never got started as the Dirty Dozen didn't show up and forfeited to the Maniacs. The final standings are below. Thanks to all those who participated in any way to help make the season a success. Get those volleyball rosters turned in today Friday to Linda Niesen. Also gym shorts are on sale in my room 210.

Untitled

I sit attempting to write words  
and give a rational analysis of the way  
I feel,  
Sometimes it isn't easy  
to hold a pen and be objective  
While you're sweating blood

Agony, coming and staying  
like the fog of yesterday morning  
Small pieces of my soul  
being ripped and torn to tiny shreds

At least the vultures are satisfied  
Their guts full,  
As my death cries trail off  
into Yesterday (when I was young)
