

ALL WILL BE WELL WHEN THE WEEK IS DONE

FRIDAY DECEMBER 3: "Exodus" at 7 in the main auditorium; don't miss Mama Mia's Pizza Party afterwards (or simultaneously) -- past experience speaks for its success.

SATURDAY DECEMBER 4: BASKETBALL at 8 vs. Indiana Tech THERE; "LIGHTHOUSE" Concert, 7 and 9:30 -- even better than the Bowery Boys and Roger Neumann.

SUNDAY DECEMBER 5: Psych Club Meeting at 12:30 in the Psych. Lab -- for any unbalanced persons on campus.

MONDAY DECEMBER 6: Pre-registration for Juniors and Seniors. Don't miss it; Marian could become your permanent home! Academic Affairs Committee Meeting at 4:30 -- affairs are the most academic things on this campus, right Pam? United Farm Workers Meeting at 8:30 in the SAC Lounge.

TUESDAY DECEMBER 7: Pre-registration for Juniors and Seniors -- what category do you belong in Harold (Willy) Smith? Nat'l Council of Christians Breakfast Meeting -- invite a lion, and don't mind the blood on the caf. door; AAUP (Against Administrators of Unacknowledged Paternity) Meeting -- Speaker: Mr. Al Sumberg; Freshman Class Meeting at 11:30 in SAC Auditorium; Basketball again, vs. Franklin THERE; InPIRG Meeting at 7:00; 9:00 to 12:30 is the Social Council Christmas Party. See Ann Buchanan play Santa Claus, Linda Kolb as Rudolph the Brown-Nosed Reindeer, Alfred Brames as the Grinch.

WEDNESDAY DECEMBER 8: NO CLASSES (except Experimental!!) Feast of the Immaculate Conception, also known as Eddie's birthday (a ny symbolic connotations?) 1:30 Matinee performance of "CHARLIE BROWN" -- somebody please pick up roses for Patty Kane -- see Ed McCord. WAA Varsity Volleyball vs. Butler; Jr. Class Film: BUTCH CASSIDY & THE SUNDANCE KID (Paul Newman is a latent bicycle).

THURSDAY DECEMBER 9: Pre-registration for Junior & Seniors -- "With counter-revolutionary educational priorities the way they are, it really helps our side to re-enlist" - Porgy Tirebiter (just a student like you!)

EDITORIAL

The "Open Events" policy presently before Faculty Council, guaranteeing the right of student organizations to have their events open to those other than members of the Marian Community is intrinsically tied to "Student Organization Event" policy presently before Student Services Committee. Two programs have been submitted. The first, submitted by the committee which worked out the Open Events policy as a majority report states: "Generally one member of each group attending a social event is to be a student of Marian College.....Officers, members and the advisor of an organization should collectively decide whether the event should be open to the public or limited to the members of the Marian College community". The other, submitted by Dean Brames as a minority report states: "Each group attending a student organization event must be accompanied by at least one member of the Marian College community, unless other arrangements have been made and approved". As Dean Brames explains it, an event could be "open" as an "other arrangement" if approved by the Office of Student Services.

I can see three main reasons why an organization should want its event open. First of all for financial reasons, in that without the extra income from admissions the event would not be financially feasible. The second reason would be educational where an organization would judge that participation of the members of the outside community would be beneficial for discussion or other interactions. The third reason would arise from motives of wishing to be able to offer a service to the community. If the event, whether a film, speaker, or some educational event, could be opened beneficially to the public without in any way restricting the attendance of the members of the Marian College Community then it

should be done. The events by academic departments have often been open, recognizing this fact. Of course a byproduct of open events for any reason is betterment of relations with the community which everyone knows has a positive effect on enrollment.

I believe that the best judge of whether it is feasible or necessary for an event to be open lies in the sponsoring group. Dean Brames has stated that student organizations should serve students alone as a rationale for why events should be closed. Whether or not there is a loophole for having events open as as "other arrangement", such an attitude leaves the right to have an event open in a precarious position. Only by passing the Open Events policy and the Student Event policy submitted by the open events committee will student rights be safeguarded and the benefits of open events guaranteed.

The loss of \$700.00 in the Cincinnati Reds/ Marian faculty game is an outrageous, irresponsible use of student funds. Yet I don't know where to place the responsibility. Is it the fault of the Student Board as a whole for passing it or for even taking such an event in its own hands, bypassing the the responsibility that has been assigned to Social Council for originating and managing such event? Was it merely a problem of management and publicity? If so, who was responsible--Student Board, the Board officers, Social Council, Booster Club? This question remains unanswered.

When the proposal for the game was made it was defended by its sponsors with the rationale that not only would it break even, but a profit would be made which could be used to renovate the Perc. As it turned out, this was a gross overestimation of the potential and feasibility of such an event. I am equally apprehensive about the possible success or failure of tomorrow's Lighthouse concert. Many of the same people who sponsored the Reds game are those who have been actively pushing for the concert. The same assurances were given by these people on probable success for the concert as for the game. Only this time if it's overestimated to the same degree and the percentage of loss is even nearly as great, the Student Board will be threatened with bankruptcy.

It is time that the Board be more cautious about the way it uses its funds. But more than that, maybe we should all get used to the fact that Marian is, by choice, a small college. As a small college it can't compete with the larger schools with large expensive events. We should learn to be satisfied with what we can afford, and cultivate and improve on what can be offered within our own bounds.

FROM THE MASSES:

Editors of the Carbon,

For the past months, contributors to the Carbon have lashed out against apathy. Apathy, according to those editorials, is a care-free state where the one experiencing this state doesn't give a shit. Instead of

(cont. next column)

MASSES CONT.:

trying to prevent apathy's take-over, we should be encouraging it. Apathy is the answer to world peace.

I suppose as you read the above line, you say "What a crock of Bullshit," but it is. If one is apathetic, or care-free, he will not be concerned with material goods or property possessions, and will be concerned with his innerself, where the only time true peace is found. Thus the absence of a desire to acquire more, (commonly called greed) there would be no more theft, and crime would disappear. Wars over borders and other menial disagreements would vanish, because you would not want any land, in fact, countries would vanish also.

Disagreements and personal squabbles would affect no one, because an apathetic person is not concerned with what others think. Hatred, bigotry, and other undesirable traits will disintegrate.

We must preach to others the truth of apathy. We must form an international union for apathy to better the world.

STUDENT BOARD REPORT

Carbon allocation: At the last Student Board Meeting the motion to give the Carbon staff a \$1000 to take a cultural to London was defeated after a lengthy, heated discussion.

Cafeteria stereo: A motion was made to have the Student Board help pay for a stereo to used in the cafeteria. It will be voted on this week.

Cincinnati Reds game: A report was given that the Student Board suffered a loss of \$700 with the Cincinnati Reds game held on Monday of Homecoming Week.

Faculty Council representatives: A proposal to reorganize student representation on Faculty Council was passed. It would allow for three representatives with full debating rights. One would be the President of the Student Board, who would sit at all Faculty Council meetings. The second would be a member of the Student Board appointed to attend one meeting. The third would be a Student Board member or student at large. This representative would sit only while one specific piece of legislation is discussed in which she or he has shown interest.

Conduct Appeals Committee: The following motion was passed in order to clarify the Student Board's position on the Conduct Appeals Committee:

The draft of the Conduct Appeals Committee presently before Faculty Council forms an appeals committee which can only recommend that a conduct case be reheard by the Office of Student Services, which also heard the case previous to appeal. The Student Board considers this draft contrary to just appeals procedure, inadequate to student needs, and unacceptable to this Board.

We recommend that the decision of the Appeals Committee be final, or that the case be referred to another group or person, such as the President, to be reheard, rather than returned to Student Services.

SELF-STUDY COMMISSION

Students are needed to sit on the self-study committees; this is your chance to have a say in the direction the College will take. No experience necessary -- just the experience of being a student. Submit your name to Jim Herbe or any other Student Board member if you want to take part in any of the following committees:

Steering Committee	1 student
Goals and Objective Committee	2 students
Committee on Students	2 students
Facilities Committee	1 student

GOALS & OBJECTIVES COMMITTEE

The Goals & Objectives Committee of the Self-Study Committee will be meeting Tuesday, Wednesday and Thursday of the coming week. The meetings are open to all students. It is hoped that many students will attend so that a wide range of views on what Marian's goals should be will be presented. The times and places for these meetings will be posted.

GUEST-HOUR POLICY

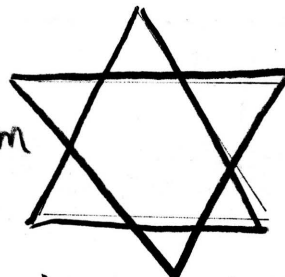

The proposal worked up by students to permit resident students to invite guests, male or female, to their rooms during certain periods of time was passed at the Student Services Committee Wednesday night with only minor revisions. It will now go before Faculty Council for discussion and will hopefully be voted on at next month's meeting.

Remember: Virginity is a state of mind.
Don't think pregnant thoughts!

Varsity Basketball

Although Intramural Basketball began last night, the spotlight is on the Varsity. It's inconceivable that a basketball team from Marian could win five games in a row, but the Big Blue Knights are on the move. Their last two games saw them whip Hanover, 82-77, and Southwestern Michigan, 93-80. The best part about this winning streak is that Marian hasn't peaked yet. Although they show streaks of greatness, they're not near ready for the big teams (eg. Kentucky State). Bill Smith continues to pace the offense, but we like the bench support given by Ebinger, Glaze, and Gayer. The bench will keep the starters hustling to keep their jobs. The Knights seem to be getting more aggressive, which could be an important factor in keeping their winning form. The next games are December 4 at Indiana Tech and December 7 at Franklin. So get in your cars and go see numbers six and seven become ours.
