EDITORIAL

There has been a great deal of talk concerning the impeachment of President Nixon (even at the Student Board Meeting!) as a result of Watergate and Nixon's confrontation with the Courts and Congress. On college campuses over the country, opinion polls have been taken concerning impeachment. Presently, impeachment proceedings are under way and I feel it is important that Congress receive accurate data on the views of students and non-students alike. Therefore, in this issue an opinion poll, taken from the Student Lobbyist, is being printed for you to fill out.

The Carbon supports the present effort in Congress for the impeachment of President Nixon. The rationale behind the support of impeachment efforts are: 1) Mr. Nixon's refusal to abide by the Court's decision to hand over the Watergate tapes; 2) the firing of Cox and Ruchelshaus; 3) the loss of credibility of the administration in the eyes of the American people in a time of crisis; 4) the present tax controversy adding to the already tarnished image of the President.

The repercussions of Watergate are evident in the Nixon's handling of the Energy crisis and the continuing Arab-Israeli conflict. The effectiveness of the administration has been greatly reduced by the events of the last few months and I see no evidence of improvement in this condition. Considering the situation, an effective and strong leader is now needed to formulate policies which deal head on with these problems. Therefore, I see impeachment as a must if this country wishes to survive the present situation without further deterioration.

Commentary on Intramural Sports Write-Ups

Wazuri, termed plainly and simply and namelessly, "the black competition" in the Phoenix, dated December 12, would like an explanation. Why are we not entitled to the same recognition as the "white competition"? We also have names. If nothing else recognition should have been given to the "new faces".

We have discussed with the authors of this recent article our feelings. He has said more was added to his conveyance of the Wazuri, even that he had made a statement that Wazuri has been underrated. That's what he said, but that "ain't" what we saw.

Apparently, you have no wish to see unity in competition here at Marian. You have made it quite evident through past remarks aimed to the volleyball team as well as in the past year for the basketball team. You seem to be trying to make us feel inferior. Let it be known that those times are in the past. You cannot thwart our pride with trivial words.

But let it be known, we see through your racist plans.

Student Board Commentary

At this month's Faculty Council meeting a proposal was submitted that smoking be allowed in the West section of the cafeteria during meal hours. This proposal recommended that ashtrays be provided and discussion implied that common courtesy be employed to non-smokers.

During the discussion many points were brought out to negate and uphold the action of this proposal. Some of the pros to the argument included 1) a convenience and relaxation to smokers; 2) a double-standard existing between student not smoking and faculty smoking in the dining area. Some of the cons included 1) health endangerment to non-smokers; 2) not enough ventilation in the cafeteria.

It should be noted that presently smoking is only permitted in the backroom in the far west end of the cafeteria and that smokers are expected to sit back there if they wish to smoke.

A student resident Poll will be taken in January to discover those students' feelings who dine in the cafeteria, on this issue. There is a possibility that an amendment will be made to the proposal to try smoking in the west end of the cafeteria on a trial basis with rigid enforcement by students.

Reports:

1) Doyle Hall- Joe Devlin reported that the dorm television has arrived.

2) Academic Affairs- Mary reported that two new theology courses will be offered next fall: Internship Teaching Organization and Administration and Culture-Theology Laboratory.

3) President- MGP reported that Dean Brames has requested that the five Executive Officers interview his possible replacements. They will be on Tuesday, Dec. 11, and Friday, Dec. 14 at 1:30pm. Also, MGP reported the results of the student referendum conducted last week for the MCSA Constitution. They were as follows: 335 - for, 16 - against, 48.6% of students voted

Old Business:

Sister Norma came to the meeting to discuss Student-Faculty Evaluations. She explained that the problems of past evaluations were many and the next semester's evaluations will improve for the following reasons, 1) The evaluations will be staggered over a period of one month; 2) Written evaluations will not be given to the faculty members and; 3) either the Department Chairman or Sister Norma will discuss evaluations and their results with each faculty member. Mary Hafeli moved to allocate \$50.00 to help finance the Student-Faculty Evaluations. The motion passed 13-0-0.

Jeanne Whalen moved that her motion to allocate \$25.00 to the Social Planning Committee be removed from the table. It was then voted upon and passed 13-0-0.

New Business:

First order of Business concerned the MCSA Financial Plan. Jay moved that the plan be accepted. The motion passed 12-0-1.

Jeanne Whalen then moved that the Board accept the Constitution of the M.C. Association for Health, Physical Education and Recreation (Women's Division). The constitution was then discussed article by article. After discussion, the motion was passed, 8-0-5.

Bill Platt moved that the board make available to the Student Body a poll from the National Student Lobby concerning the impeachment of President Nixon. The motion passed 7-0-3.

Bill Platt also moved that the Board send a letter to the district Congressmen endorsing the impeachment of President Nixon. Because of the Board's conservatism, the motion failed 4-6-0.

 - ☐ C. I do not feel there is reason for House action on impeachment.
 - ☐ D. I don't know.

2. In regard to potential further investigations and prosecutions arising from Watergate and the 1972 Presidential campaign:
 - ☐ A. I feel a Special Prosecutor should be appointed by President Nixon, and be removable by the President through the Acting Attorney General Robert Berk. (As proposed by President Nixon on Friday, Oct. 26, 1973.)
 - ☐ B. I feel a Special Prosecutor should be appointed by Judge Sirica and the U.S. District Court, and be removable by the Court. (As proposed by American Bar Assn. on Saturday, Oct. 27, 1973, and proposed House and Senate legislation.)
 - ☐ C. I don't know.

3. In regard to actions taken by the National Student Lobby:

THE "WOMEN"

The final week of Women's intramural volleyball ended with a close game between Schuck's Garden and Stickettes. Looking at the overall results, it is obvious who came through in the clutch.

Last week, we had no article, but we felt we had to mention the superb and unbelievable victory by Mell and over Wild Wild West while the rest of the Watergate Women had given up on volleyball and gone shopping (congrats!!).

Congratulations are also in order for Wazuri who again showed great playmanship throughout--A.V.I.S., who also proved to be a challenge and of course to Stickettes, who were truly great--and who put up all year with all our cutting remarks!

Looking back at our predictions, we find that we were pretty accurate--except maybe for putting the "MIGHTY SNATCHES" in the losers slot where they indeed did not belong! (Is that good enough TA?)

It has been a good season -- we hope everyone will be back next year for another chance to beat the #1 SCHUCK'S GARDEN!!!
