DAYS OF OUR KNIGHT LIFE....by Linda Kuper

The student board elections are now history and before the new officers begin their reign, it is time to show our gratitude for an outstanding year completed. Thanks to Tom Knox, Mark Collier, Brenda Burkhart, Paula Sgambelluri, Robb Farris, Lisa Fritz, Brian Burkert, Alice Butcher, and their fearless advisor Ken Elmen-dorf for devoting endless hours planning and legislating to benefit the students of Marian. They meet faithfully each week organizing students' ideas into reality.

The class officers represent their fellow students coordinating social events or other extra-curricular activities. Christy Saxton, Steve Dehart, Jenny Cleveland, Kelley Benton, Christie Bowman, and advisor Sr. Sue have helped acquaint freshman to their new surroundings while veteran sophomore officers Barb Kimes, Debbie Fischer, Lola Amberger, Maria Eckstein, Dot Buckley and advisor Denise Brennam successfully sponsored the Valentine's Day Sweetheart dance. The prom, which will be held tomorrow, would not have been possible without the intensive preparations made by John Greenlee, Mary Saam, Shirley Griner, Janie Bube and Drew Appleby. The seniors are finishing up their four years by planning dances and parties organized by Dan Greenlee, Jenny Kaiser, Beth Fox, Donna Schroeder, Page Phillips and Curt Carlson.

The resident hall boards strive to improve the Public Relations within the dorms lead by Maureen Delaney, Carol Bates, Judy Mauer, Sandy Phillips, Cathy Boyle, Cathy Molle, Debbie Bhagwandin, Pat McIntire, Kevin Molitor, Harold Oswald, and Dan Remley. Thanks also to resident assistants, Jim Miller, Dennis McCullough, Chris Tuell, Dan Greenlee, Mark Collier, Tom Knox, Paula Sgambelluri, Dot Buckley, Janie Bube, Sarah Kuper, Tammy McComb and Bonnie Culley who have shown responsibility and dedication along with sincerity to help enforce campus rules.

The remainder of the clubs have proved that team work and cooperation can accomplish expected goals. The BSN and ADN student organizations discuss the nursing liver, while the American Chemical Society experiments with new formulas to practice on the Biology and Conservation Club. The Art Club's designs beautify the school, while the Photography Club innovatively captures precious moments in a candid way. The Fiorétti and the Carbon express creative and informative news and ideas in a written manner for the benefit of the students. Circle K, MANASA, and MCAHPER provide an outstanding service to the Marian community and good will to those in need and the Golden Knights provides campus tours and helps to acquaint prospective students.

The Booster club promotes school spirit by organizing field day and Homecoming week along with Social Planning who organizes movies, dances, trips and other activities for student entertainment. TAG presents the world of theater on stage with plays, skits, and coffeehouses, together with the Music Club which promotes singing talent in a harmonious fashion. The Business and Home Economics clubs offer their members a chance to discuss similar interests and provides information to people with related majors.

Male and female participants in sports work diligently throughout the year, striving to excel in their sport. They display stamina, sportsmanship and athletic ability.

To all of the people who have helped in any way to improve the school, thank you for a super year of activities, services and events you have offered to us at Marian. Your care and concern will always be remembered.

WHAT'S HAPPENING IN MAT??????
