Caught amidst this great upsurge of annual, or  
 is it prolonged, Hoosier hysteria, this writer must  
 stop to catch his breath, regain his cool--PAUSE.

What a wonderful feeling it is and why must it  
 all end after only a few short weeks. Why yes, why  
 couldn't we have the state champion challenge the  
 rest of the United States state champions. I can  
 see it now, a super bowl of high school b-ballers,  
 the champions of each state playing in a huge  
 elimination tournament. And then when we finally  
 have that U.S. champion, Indiana no doubt, why stop  
 there? WE CAN CHALLENGE THE WORLD! Just think of  
 the great pride as the U.S. defeats Russia, and  
 China, and Lichenstein, and . . .

But wait, this can't draw out too long you know  
 because the 500 will be beginning soon.

#### ACTIVITIES AND ALL THAT

Such a varied and full weekend we've not seen  
 for a long time as this one is. First of all  
 tonight in that showplace of the midwest, the  
 M.C. Auditorium, the Doyle Hall film committee  
 is presenting another film (isn't that nice of  
 them?) This week's flick is "The Unsinkable  
 Molly Brown" with Debbie Reynolds. The sub-  
 title (unofficial) is "Beverly Hillbillies Re-  
 visited" as Debbie and her hubbie strike it  
 rich and move to the West. (Go west young man  
 it's the only way to go!) It starts at 8:00  
 (as usual) and the fee is 50¢.

Saturday night you're invited to "Harold's  
 Club". (really, it's the SAC Lounge, but you  
 can't tell the freshmen that!) "An Evening in  
 Monte Carlo" will run from 6:30 to 11:30. Don't  
 miss the grand entrance of Harold! A dollar  
 buys \$1000 at Harold's place. See if you can  
 break the bank at Black Jack, Roulette, Texas  
 Poker, New Jersey Poker, Chuck-a-luck and other  
 games of chance. As an added attraction there  
 will be a bevy of beautiful go-go girls.

There are free tickets available for the sym-  
 phony Sunday night at 7:30 at Clowes Hall. Sign  
 up for them in the information room.

Sr. Francesca needs a size 10 waitress uni-  
 form in black. If anyone can get one for her

## KNIGHTS, MAIDS END VICTORIOUS

The Knights finished two better than their pre-season prediction when they routed Anderson 100-75 on Cleon's boards last Saturday to finish with a 14-12 standard.

The Reynolds men outscored the Ravens by only two buckets but the real story was written at the charity stripe, where the MARIANites bested their opponents by a wide 36-15 margin.

Cleon's Larrys (Brodnick and Schmalz) paced the Knights with 19 points apiece, Joe Bittle-meyer helped out with 18, Jean Ancelet netted 14, while John Hendricks and Bob Hericks collected 13 each. The fifth senior played a big role in getting 100th point, although it took 3 minutes to get it. "Smoke gets in your eye, as the song goes, right Ray?

## MARIAN MAIDS

MARIAN's cage beauties finished their season in rousing fashion with two triumphs this week. Monday night the Maids clobbered Normal College 49-28 in Reynold's Fieldhouse. Francie Feistritz pumped in 15 points to lead the assault, Linda Heichelbach followed with 11, Dot Mettel chipped in 10, and Terry Disque and Sherry Hofmann netted 7 and 2 respectively. (So what if it does only add up to 45!!)

Wednesday night the Maids made it win number 11 as compared to 1 loss as they outclassed I.U.'s nurses 46-15, also in the fieldhouse. Francie led the way with 19 points, Judy DeKemper followed with 12, Linda Heichelbach and Sherry Hofmann netted 6 each. (Shorten those names, man!!!) Another great season for Thelma's Thumpers, or was it Villies Phillies. I never got that point straightened out.

## INTRAMURALS

The moment of truth approaches for league leaders in both intramural divisions as play comes to a screeching halt this Sunday prior to playoffs.

Pacific Division co-leaders Berger's Boozers and Big 8 square off Sunday but the Big 8 faces a major hurdle prior to this tilt when they meet runner-up Bruins Friday night. Atlantic Division co-leaders Cleon's Peons and the Faculty meet head on to determine the division champs and a berth in the playoffs.

Action in the Pacific Division last Sunday saw the Mod Squad down Oremus 59-24, Berger's Boozers rout the Third Reich 64-22, and the Bruins bump the Bowery Boys 39-37. The Pacers forfeited to the Big 8.

Atlantic Division action found the Faculty rubbing out Manuah's Mixers 54-22, Cleon's Peons dumping WCCF's 62-34, while the Hill's Angels whipped the Professional Student 32-24 and the Organ Grinders steeped on the Lost Souls 41-36.

Just to test the intramural-men's memories here is the schedule numerically.

Friday night: 8 plays 6 at 6, 9 plays 5 at 7, 1 vs. 4 at 8, and 2 hosts 3 at 9. (Pacific Division)

Sunday: Pacific--9 plays 7 at 1, 1 plays 6 at 2, 2 plays 5 at 3, and 3 plays 4 at 4.

Atlantic--7 vs 3 at 9, 8 vs 2 at 10, 1 vs 5 at 11, and 6 tries 4 at 12.

## NOT THAT IT MATTERS MUCH, BUT...

The life of a CARBON reporter is not an easy one. It is of the utmost importance that he constantly maintain a lucid awareness of the events and trends of the society toward which he casts his critical eye. This requires extraordinary alertness and insight, keen night-vision, and extremely light sleeping habits - guaranteeing that he won't snooze through a fleeting trend or event. As one might guess, this exhausting lucidity, coupled with the normal anxieties of the sexually-inhibited, draft-age college student, can easily tire a fellow! Consequently, one feels appropriately self-righteous, after writing a CARBON expose simultaneously condemning General Hershey, Lady Bird Johnson, and all other human beings in the western world with authority and social power beyond that of a high school hall monitor, in taking a well-deserved break for intelligent relaxation.

For his relaxation, this reporter mistakenly chose to visit the local cinema and sample Mike Nichols production of The Graduate, which had finally managed to creep its way to Indianapolis, one of its last stops on the road to oblivion. Not having anything other than his perpetual lucidity to occupy his mind this film enthusiast arrived early at the theatre to maximize his possibilities of getting a seat for the 8:55 pm showing. Much to his Christian dismay, he discovered that he, and some two-thousand others, all had their hearts set on catching the 8:55 showing, the only complication being that the theatre sat only five hundred.

There is a strange sort of equality among those hundreds of people jammed up against a box office waiting for the limited number of seats to go on sale. Regardless of race, creed or national origin, those who got to the window first, got to see the show. Oddly enough, though, once one got into that pushing screaming, animalistic mob, one forgot all about the movie. It became a matter of personal pride, integrity, and athletic prowess; and getting to that silly window became the most important thing in the world.

One fellow, rather obviously inebriated, shoved his way through the concentrated humanity declaring dogmatically: "Let me through. I've got a pass from Senator Birch Bayh!" The outraged crowd's reaction to this statement led one to wonder if the Senator's name would ever be salvaged in the minds of those who muttered the barrage of curses and oaths against him.

All in all, it was a rather exhilarating experience - waiting in that crushed mob for an hour and a half for tickets. Aside from seeing

SETTING THINGS STRAIGHT

Q. Which will be constructed first, the library or the fieldhouse?

A. The fieldhouse. The funds from those contributors interested in the fieldhouse are more available than funds for the library. Within thirty days, we will know positively the schedule of the construction activity. If all goes well within this period, the fieldhouse may be started before the fall semester. This does not mean, however, that the fund raising activity for the library is in any degree lessened. These funds are continually being sought, as well as those for the rest of the building program. --Dr. Guzzetta

Q. Recently, some students took advantage of the new dress regulations by wearing swimming suits to the cafeteria. Does the Student Board plan to take any action to preserve the integrity of the new regulations?

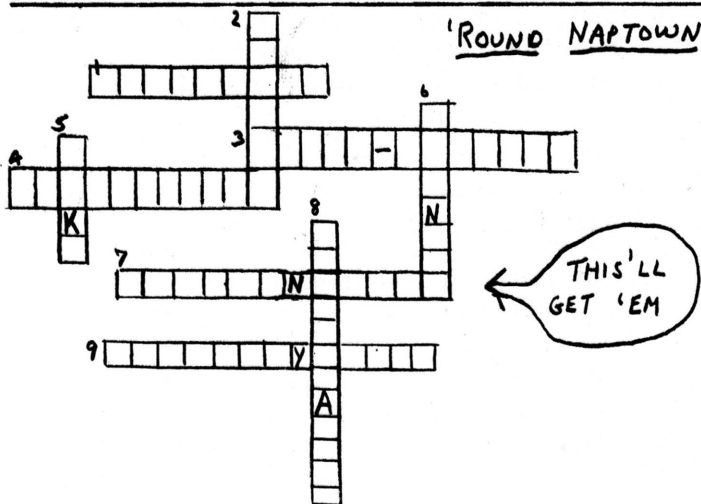

A. "First let me say that, although quite disappointed by this incident, I am not discouraged. I continue to maintain that the students at MARIAN are mature, responsible people. The violaters in question make up only  $\frac{1}{2}$  of 1% of the Student Body.

The Student Board discussed the incident last Sunday evening and was assured by Steve Miller, Doyle Hall President, that there will be no future violations of this nature. If he proves to be mistaken, you can be sure the Student Board will act to preserve the integrity of the new regulations." --Tom Turner

Q. Why are the senior art students who are currently giving their exhibits, and are willing and interested in including a reception with punch and cookies not allowed to have such a reception?

A. "The limited space in the Art Department prohibits holding receptions there at the present time. If the students wish to hold a reception at their own expense at some other place on campus, they may seek permission to do so." --Sister Mary Jane

BOARD REPORTS

Corrections:

Last week's CARBON mis-sponsored the reception in honor of Dr. and Mrs. Guzzetta. The reception was faculty-sponsored instead of Student Board sponsored as reported. Congratulations should go to the faculty for the event - especially to Miss Murray for her beautiful flower arrangements and Sr. Marina for her dishwashing ability.

Also Rick Entrikin informed me that bookings of name people were still available - last week's Board Reports listed the negative of this as a reason for not holding a spring concert.

HERE'S ANOTHER SWINGER'S TEST:

1. Name of Supreme's lead singer appearing at the Hinkle Fieldhouse from 6-8 pm Wed., March 6.
2. Place where the Stockholm Philharmonic Orchestra will play on Sun., March 3, 7:30 pm.
3. Starting time for Doctor Doolittle at the Lyric nightly.
4. Where the Manufacturer's Building, site of the Flower & Patio Show, March 2-10, from 1-10:30 pm is located.
5. Who owns the German Steak Haus at 5380 N. College?
6. Malcolm Frager's occupation. He's appearing at Clowes at 8:45 pm.
7. James Mason's leading lady in Surprise Film #1 at 8 pm at the Herron Art Museum.
8. Lowest ticket price to see "Wait a Minim" at Clowes on March 7-8-9 at 8:30 pm, and March 9 at 2:00 pm. Also a synonymous term for a male deer and his midget brother.
9. When you'll probably be working on this puzzle to help kill time. (after all, what kind of swinger would waste time filling out a crossword puzzle?)

G.S.

At last week's Board meeting two new pieces of legislation were introduced and then tabled. Kriz Ronzone and Steve Miller proposed that the present age restriction of 23 be reduced to 21 for those people who would like to live off-campus. They argue that students who are 21 yrs. or older are of legal age and therefore should be able to choose their own place of residence. Also due to increased applications for admission, lowering the age for off-campus living will not cause financial loss to the college.

Paul Kazmierzak presented a motion that will turnover funds collected from the game machines for use in improving the conditions in the SAC. Presently the money is frozen pending a decision by the executive committee of the school.

There will be a report at the next meeting about holding mock elections for our choice of presidential candidates. Students have been asked to serve on the Teacher Education Committee. Larry Turner is planning the Senior beer party. Major Schneiders was late, but there. The Freshmen class officer will be attending a conference this weekend at Ball State. Social events coming up include: 1 Frosh Roulette Carnival, 1 ICC Carnival with Roulette, and 1 Roaring Twenties dance. (continued page 4.)

many new faces, and completing a rather thorough study entitled "Comparative Human Breath Odors" and viewing a superb film, one was afforded a rare opportunity to feel what it must have felt like, on that icy night, when crowds of anxious screaming human beings pushed their way into the lifeboats as the good ship "Titanic" sank more than fifty years ago. All that was missing was the background supplied during the latter event by the ships brass band playing (quite appropriately) "Nearer My God To Thee".

APPLICATIONS FOR THE TEACHER EDUCATION PROGRAM

Students wishing to apply for admission to the Teacher Education Program may obtain application forms and directions at the Education Department Offices (Rooms 202-203) Tuesday, March 5 - Friday, March 8.

Students desiring information pertaining to the Teacher Education Program are requested to attend an information session on Tuesday or Wednesday at one of these times.

Secondary Program

Tues., March 5 9:30 am Room 221  
2:30 pm Room 205

Wed., March 6 10:30 am Room 306  
3:30 pm Room 306

Elementary Program

Tuesday, March 5 10:30 am Room 205  
12:30 pm Room 205

Wednesday March 6 9:30 am Room 310  
2:30 pm Room 10  
4:30 pm Room 205

Freshmen are invited to attend the information sessions, even though applications are not made until the spring of the sophomore year.

Completed Applications must be returned by March 22nd to Room 203. An interviewer from the Committee on Teacher Education will be assigned after the application is received. Please consult the bulletin board for the name of this faculty member and arrange a time for the interview. The Committee will meet in April to appraise the qualifications of candidates. Formal notice of status on the Program will be sent to applicants before pre-registration week in May.

NSA NEWS

Are you interested in seeing Europe this summer? One of several money-saving tours available through NSA is called the Grand Hobo Tour. With other college students you can spend two months touring France, Spain, Italy, Switzerland and Holland. The round-trip cost of \$1222 includes plane fare. For more information, contact Ann Massa, ext. 394.

ACTIVITIES AND ALL THAT (CONTINUED)

she'd appreciate it. She'd like to borrow it for "The Silver Cord".

Coming next Saturday is the I.U. Theatre Company with their production of "The Taming of the Shrew". This would be a good way to learn how to get along with a Clare Hall cutie.

The Jeuneusses Musicales are sponsoring a free bus to I.U. on Monday, March 11 to see "On a Clear Day". Tickets are \$2.50. Contact Marianne Smith, ext. 403 or Sr. Ruth Ann, Music Bldg., ext. 238.

Auditions for the Spring Musical "Take Me Along" will be, we don't know where, but they will be. Leave your name in the information office and specify singing chorus, dancing chorus or other good little things like that. There's a copy of the script on reserve in the Library.

Speaking of the library, the President's Advisory Board has proposed to keep the library open from Sunday to Thursday til 10:30 rather than 9:30. This is on an experimental basis only, to see if it would be of greater service to the faculty and students for the library to remain open the extra hour.

And to look into the future (as everyone does -often) the beauties of Clare Hall are planning a "Roaring Twenties" party on March 22 (after midterms) So get out your SB calendars and mark it down. Flappers and other such things from the roaring 20's will invade the ruins left by the Monte Carlo people and they'll have a go at it again.

PRAYER VIGIL FOR PEACE

A prayer vigil for peace will be held each Wednesday at noon in the Marian Chapel. The vigil is to last as long as those participating wish to spend. A voluntary collection will also be taken each week to aid displaced Vietnamese war-orphans to the U.S. Whether you are a hawk or dove, won't you please come to pray, that the maladies of war will be alleviated?

SOME FACTS ON THE CARBON

1. The CARBON officially traces its origin to the 54-55 school year, making it thirteen years old.
2. Some noted big-name stars like Bob Moran, Emilie Murray have piloted its journals.
3. This year the CARBON costs you, the student, less than 12¢ a semester.
