## Editorial

There has been an investigation this week of the feasibility of re-establishing an AF ROTC program at Marian. From the College viewpoint, the financial assistance and career opportunities it could offer students might make the promotion of this program a service for students. In its own self-interest, the College could benefit by attracting students who might not usually be able to pay full tuition, but who under the program could. However in deciding whether or not AFROTC should be established here at Marian, I believe one more most important consideration must be taken into account and that is the moral consideration.

The major reason for the existence of a military, besides the other functions it might perform, is war. A person who enters the military, whether in a time of peace or war, must be willing to kill. I sometimes wonder how a person can claim to be a Christian and still make this decision. Leo Tolstoy once said, "However little education a man may have, he cannot but know that Christ did not sanction murder, but taught kindness, meekness, forgiveness of injury, love of one's enemies - and therefore he cannot help deeming that on the basis of Christian teaching he cannot pledge himself in advance to kill all whom he may be ordered to kill." The military sanctions murder, but can a Christian? When a person joins the military, whether by submitting to the draft or joining ROTC, he has made a moral decision for which he must accept responsibility. Marian also has a decision to make. By sanctioning a military program we signify our approval of what it does, and we accept the legitimacy of killing.

All that I ask is that in discussing the prospect of re-establishing AFROTC on campus, the faculty, administrators, and students, realize that more than the economic considerations are at hand. A moral decision must be made and we are responsible for that decision.

The Carbon officially supports Senator George McGovern as the best candidate for President of the United States.

However we encourage letters and comments concerning any candidates, pro or con. To clear up some people's misapprehensions we print the letters, even if they disagree with our own viewpoint, with no comments - scout's honor.

From the Masses:  
To Marian College,

In accordance with past Doyle Hall difficulties, the Doyle Hall Council has once again begun its fight of collect dorm dues from Doyle residents. It seems as though each year, a minority of students fail to pay the dorm fee, possibly because its cheaper not to pay. Well this year, the consequence of not paying are a bit different.

From the Masses (cont.):

For the first time in three years that I have been at Marian, Doyle Hall has an excellent Council that is both willing and eager to actively improve the social life and facilities of Doyle. Several constitutional changes have been made improving the overall workability of the Council. Also, the Council has in its plans a number of excellent films for showing. And finally, improvement of Doyle's facilities is number one on the agenda. But can these changes be made when a number of people have failed to pay for these changes? No. Let's face it, no matter how much money students have to spend \$5 is a very small fee.

The students that have failed to pay have time and time again used the argument that since they use the facilities in Doyle so seldom, the dues must not be forced on them. Well, everyone knows that's Absurd! The students that generally don't pay the dues are the one's which use the facilities just as or more often than some of the other pay-residents. So, for all you basketball, music, and pool freaks who haven't paid, dig into your pockets!

Rich Vanes.

To the Carbon:

There have been a number of "Pro McGovern" articles in the Carbon, therefore let us look at Senator McGovern's views on what he considers major issues. The following is an editorial from the Indianapolis Star on Tues., Oct. 21, written by Ernest Cueno. And I quote:

"President Nixon is bitterly criticized daily by Senator McGovern, especially on the War in Vietnam. The President has withdrawn 500,000 American troops and only 26,000 Americans remain in Vietnam by Dec. 1 (unless an agreement is signed in the near future). This means that 95% of the war is ended already.

It is Senator McGovern who helped make 'law and Order' a radical-clue code word meaning antiblack.

It is Senator McGovern's most ardent followers who declared he will effect a social revolution, not a mere change of administration, if elected.

It is Senator McGovern who has planks in the state platforms permitting legal marriage of homosexuals and even their adoption of children.

It is Senator McGovern who blames every ill on society and little on the criminal committing the act."

In conclusion, are McGovern's views on issues in the best interest of the US? Is he the man you want governing the US for 4 years of more? Read the above again to be sure, and then think about it.

### BLACK COMEDY

The Theatre Department of Marian College has announced the cast of it's next major production, Black Comedy by Peter Schaffer.

Leading roles will be played by Martin Risch, Janet Kitchen, Phyllis Brzozowski, Brian Foust, and Kevin Huston. Others in the cast are Tom Schommer, Kevin Caraher, and Kathy O'Rourke.

The play deals with the hilarious happenings in a London flat when the lights go out.

Put a hyper-nervous sculptor, his "kooky" fiancée, an interior decorator, a retired army colonel, and an old maid spinster who gets "bombed" for the first time in her life, in an apartment, in total darkness, and the result is a complete zaniness.

The production will play Friday, Saturday, and Sunday- November 10, 11, and 12 in the Marian College Auditorium.

### STUDENT BOARD

The Student Board met last Sunday at 7:30 in the Social Council Room.

#### A.F.R.O.T.C.

Captain Pickens, who works with the Butler AFROTC at Butler was present to explain the program to the Board. He pointed out the benefits it could provide for students and for the college. He also announced that they would be trying all this week to see if there is interest on campus for AFROTC by setting up information tables, having meetings, and passing out questionnaires to Freshmen and Sophomores.

#### Alcoholic Beverage Policy

The Board passed a proposed Alcoholic Beverage Policy by an unanimous vote. The policy states:

Possession and consumption of alcohol in compliance with state law is permitted in the following cases:

A. At formal dances and other appropriate social events where it would be conducive to the desired social atmosphere.

1. In cases other than formal dances the student organization sponsoring the event will submit a request to the Dean of Student Services.

(cont. next column)

2. The sponsoring organization is expected to provide adequate supervision concerning the use of alcoholic beverages in accordance with state law.

B. In a designated area that would provide for the sale and consumption of alcoholic beverages.

C. In the rooms of residents who are not prohibited from drinking by state law.

The proposed policy has already been discussed at one meeting of the Student Services Comm. and will be discussed further next Thursday. It will then have to go to Faculty Council and ultimately to the Board of Trustees.

Fioretti

Concerns by students was reported to the Board over the expense of the Fioretti (\$1400 for 2 issues) and whether its expense matched its value. It was generally agreed that the Fioretti should make a further attempt to make a substantial cut of expenses. This feeling as reported to the Fioretti editors at a Publications Board meeting Tuesday, and the problem is now being investigated.

#### NSA-NSL

A motion was made for the Student Association to become a member of the National Student Association and the National Student Lobby. The motion was tabled for next weeks meeting.

#### Congressional Voting Records

The Student Board has posted in its office a chart provided by the National Student Lobby listing all the Senators and Congressmen from every state and their voting record on ten bills judged to be areas of student concern. Students are invited to come and see how their Senators and Congressmen have voted, this can be extremely useful if they are up for re-election and you don't know what they have done.

#### WANT ADS

Wanted(and needed): One person to pick up three Upbeat students every Wednesday night. We will pay for gas. Contact Pam Murray, Ext. 380.

He's fighting for democracy, and he's fighting for the Reds

He says it's for the peace of all.

He's the one who must decide

who's to live and who's to die

And he never sees the writing on the wall

But without him how could Hitler have condemned them at Dachau

Without him Caesar would have stood alone.

He's the one who gives his body as a weapon of the war

And without him all this killing can't go on.

He's the Universal Soldier

And he really is to blame,

His orders come from far away no more,

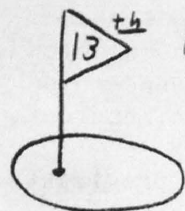

They come from him--

and you and me--

and brothers can't you see

This is not the way to put an end to war.

## Intramural Football

The regular season closed last Sunday in what turned out to be a dismal afternoon for the fans of the Big Red Machine. It was a bitter disappointment for the rest of us not being able to hear the stadium horns and joyous hurrahs of Reds' fans on that day. It was even a bigger frustration in that the clean cut lads in Red were beaten by a bunch of tenacious hippies from the coast. Anyway,

In game one, the Gods edged the Elders in a close game 13-7. The Gods had a 6-0 lead at half time on a Doherty to Fornuto pass of 50 yards. Move over T. Moke. In the second half, the Doherty-Herbe combination struck for a 40 yard score. The Elders score came on a 15 yard pass from Mike Bazely to Kyle Donovan.

The Vice Lords rolled to an easy 28-0 win over the Mother Truckers in the second game. Paul Gerth's interception was the only touch down of the first half. But in the final stanza Pat Zapp ran for two scores and caught a pass from Jay Farrell for another. If the Mother Truckers don't pull it together this week, they will assure themselves an early pick in next years draft.

Game three saw the Lone Rangers down Hobbit's Heroes in a 33-0 see-saw battle. Dan Hayden intercepted for two touchdowns and Mole Ryan for one off sore armed Dennis Kline. Ken Aust passed for two scores and Ken Tyrell for one before reinjuring his ankle. Dan Ryan assured us his squad would be both physically and mentally ready for this Sunday's contest.

The final game saw War down Butt 18-7 on three Alex Karason scoring passes, two to Calvin Mitchell and one to Ric Foxen. Ric Martin ran for Butt's lone score from three yards out.

## This Sunday's Schedule

- 12:30 pm War vs Butt
- 1:30 pm Lone Ranger vs Elders
- 2:30 pm Vice Lords vs Mother Truckers
- 3:30 pm Hobbits Heroes vs Gods

## The Old Master Predicts:

- War squeaks by Butt
- Lone Rangers eliminate Elders
- Vice Lords derail Mother Truckers
- Gods frown on Hobbits Heroes - - HAMM

## WAA Volleyball

The Wazuri Special keeps rolling along demolishing their opponents and collecting wins in every encounter as they maintain the number one position in Women's Intramural Volleyball. The question is: Are they Unbeatable? The next two weeks will provide the answer when the Wazuri champs will meet three challengers who have tasted defeat only once. This week proved to be merely routine as they slid easily over East Wing and the Volley of the Dolls.

Among the other action on Monday night, the big contest of the evening was the once defeated Volumptous Volllies roasting Marsh-Mellows in a fired up match. Marsh-Mellows

played their first game with the skill and grace that is so characteristic of them (an unbiased opinion only!) but could not keep it together in the second and third. The McMillin Machine was in high gear and could not be stopped.

The ever tough Main Ingredients scared the stuffing out of the Blue Yarn pressing for a third game decision when in the end the Yarn tied Ingredients up and smacked them in defeat.

Behind the fantastic spikes of Mary Hafeli (favors, Mary, Favors) Squatty and Friends managed to gain a victory over the Snatches. The Annex crew of LSM, under the management of that "foxy Indian", outplayed the Brand X. 3M Company was in consistent form as they defeated the Volley of the Dolls. The Indiana Bombers chalked up another victory beating Flischell's Form Outs. Gagan's Gangsters, with only one loss, assaulted the Red Hot Mammals and were charged with another win.

Wing rivalry was displayed Wednesday night as the five womaned Snatches threatened Gagan's Gansters with a first agmc win but were severely strangled by the Gangsters in the final two to give the latter the set victory. The Volumptuous Volllies hung the Blue Yarn in a tough battle despite the efforts of the Grace-Meyers combo. LSM defeated East Wing in a net contest between Barbeauld and Auberry. While 8 Pak Plus One for the Road cooled the Red Hot Mammals to a sizzle with an easy victory.

Main Ingredients collided with the Indiana Bombers in a 3-game match and left the Bombers smoldering. The Staff Marsh Mellows made mince meat of the 3 M Company while Squatty and Firends extended their winning streak to 2 when Brand X forfeited.

So with the free weekend in mind this is WAP rounding the 13th in high spirits and hopefully heading for home.

## LOST AND FOUND

Too weeks ago (or so) a student (male) left his gym clothes and tennis shoes in SAC Rm. 2. They were in a black vinyl bag. Any Student who left that stuff there, check with Mr. Kempf in SAC 16. I picked up the stuff and have it in my office.

P.S. The stuff's smelling up my office!
